Weston, 2016-04-22 Spiritual counsel is always concerned above all else with faith nurturing strengthening establishing practicing faith and the Word of God occupies a central place Such is biblical worldview counseling It addresses the emotional and spiritual dimensions of every client The concepts of human nature life struggles health and treatment modality in psychology span a broad spectrum Those who practice biblical worldview counseling do so with an integrated philosophical origin Counselors often adopt certain psychological theories in part but they do not embrace any underlying philosophies that deny God or biblical truths Well trained Christian counselors are able to integrate their faith with their education remaining faithful to biblical standards while availing themselves of the science of psychology Creating

an effective counseling ministry is the church establishing a relationship with its members and community that conveys the message of hope and healing in Christ Having a professionally trained counseling staff in the church brings benefit to the pastoral staff not the least of which is a deep level of trust and confidence that challenging situations are being addressed in an effective and spiritual way This manual will help a church of any size create an effective new ministry whose purpose is to strengthen the body of Christ whose members are suffering or struggling with emotional and spiritual issues that go beyond the constraints of pastoral care Your church is one step closer to having a new and effectual ministry that will bring the hope and healing of Jesus Christ to those who are hurting setting free the captives and bring healing to the brokenhearted

Counseling and Community Rod Wilson, 1995-06-16 Traditionally counseling has focused primarily on the individual overlooking the interaction between the community and the individual Wilson has created a biblically based counseling model that anchors the individual within the community The result is a perspective that encompasses all aspects of a person's life where the community becomes a helper in the counseling process

Spiritual Abuse Recovery Barbara M. Orlowski, 2010-01-01 What factors contribute to active Christians in ministry leaving their church and becoming exiting statistics Every year dedicated Christian people leave churches because of spiritual abuse The stories of people who left their home church because of a negative and hurtful experience paint a picture of a widespread occurrence which beckons consideration by church leaders and church congregants alike Spiritual abuse the misuse of spiritual authority to maltreat followers in the Christian Church is a complex issue This book shows how people processed their grief after experiencing spiritual abuse in their local church and how they rediscovered spiritual harmony Their spiritual journey shows how one may grow through this devastating experience This book offers a thoughtful look at the topic of spiritual recovery from clergy abuse through the eyes of those who have experienced it It invites church leaders to consider this very real dysfunction in the Church today and aims to demonstrate a path forward to greater freedom in Christ after a season of disillusionment with church leadership

Tackling Trauma Paul A. Barker, 2019-03-14 Trauma is a universal phenomenon that can be caused by international catastrophes or individual personal tragedy Trauma is also a severely neglected topic in Christian literature and while it can challenge someone's faith in Christ God and the ministry of his Word is central to dealing with the emotional and psychological impact of trauma By his Spirit through his Word and through his church God is available to minister to people suffering from trauma and bring transformation to their lives In this book a team of experienced and informed Christian professionals from around the world promote a deep biblical response to trauma through clinical and theological wisdom and their first hand experience of witnessing and experiencing trauma The contributions provide practical responses to people's trauma rather than mere descriptions of the problems making it an ideal resource for pastors counsellors humanitarian workers and students
