Sri Sumarah And Other Stories:

Sri Sumarah, and Other Stories Umar Kayam,1980 The Cold War and its Legacy in Indonesia Silvia Mayasari-Hoffert,2023-11-01 Mayasari Hoffert examines the depiction of the Left in Indonesian literature since the anti leftist purge in 1965 With close textual analysis of Indonesian literary texts and their political context this book investigates how the New Order regime under Suharto was able to build a metanarrative of liberation while purging the Left in Indonesia Even after the regime s end in 1998 many Indonesians still have an ingrained fear of the prospect of Communism with the result being that literary representation of the Left is still seen as problematic Through reviewing Indonesia s institution of literature the use and abuse of universal humanism under the New Order regime is examined and the ways in which power intersects with literature is explored An informative read for scholars and students of Indonesian politics literature and the cultural cold war Asia and the Historical Imagination Jane Yeang Chui Wong,2018-03-21 This collection explores the interpretation of historical fiction through fictional representations of the past in an Asian context Emphasising the significance of region and locality it explores local networks of political and cultural exchanges at the heart of an Asian polity The book considers how imagined pasts converge and diverge in developed and developing nations and examines the limitations of representation at a time when theories of world literature are shaping the way we interpret global histories and cultures The collection calls attention to the importance of acknowledging local tensions both within the historical and cultural make up of a country and within the Asian continent in the interpretation of historical fiction It emphasizes a broad spectrum view that privileges the shared historical experiences of a group of countries in close proximity and it also responds to the paradigm shift in Asian Studies Discussing how local conditions shape and create expectations of how we read historical fiction and working with the theme of fictionality and locality the volume provides an alternative framework for the study of world literature Encounter and Other Stories Keng Thye Woo,1989 Indonesian Literature Vs New Order Orthodoxy Anna-Greta Nilsson Hoadley,2005 Perhaps we shall never know the truth about Indonesia s failed supposedly Communist coup of 1965 This book analyzes Indonesian literature produced during the New Order period that deals with the events of 1965 1966 and its consequences Self and Society in Southeast Asian Fiction Thelma B. Kintanar,1988 The book begins with a brief survey of the development of modern fiction in Southeast Asia The fiction of five ASEAN countries Indonesia Malaysia the Philippines Singapore and Thailand is reviewed to analyze the major patterns in the relationship between the individual and his society as shown in the following themes the individual and his identities alienation and exile social class and the individual and commitment **Dunia buku Singapura** ,1983 **Literature and Politics** Yoseph Yapi Taum,2022-01-03 In the discourse of Indonesian literature history the relationship between literature and politics is pressing issue a situation that cannot be easily to overcome A long time ago during the Dutch colonial government there was a rule that literature should not discuss ideology religion and politics This colonial policy lasts and never changes even though

Indonesia was already get its independence That's why Indonesian literary society and writers have a strong believe that literature must not be involved in politics and it must not have any moral and political goals Literature cannot be related to real life directly because literature is only a fictional work The historical aspects outside literature are considered as a background or a foreground that cannot destroy the authentic characteristics of the literary works as imaginary fictional works Literary works tend to be only considered as entertainment tools that narrate an alternative world which is totally different from the world where we are living This book will be the first in discussing the relationship between literature and politics Students and experts of various sciences who would like to understand the episteme of the New Order can get benefits from this book This book gives us a reflection that the development is for human beings not the human beings are for the development The humanistic development dimension must be a must Literary works still exist continuously to guard the Indonesians struggles in defending their human dignity
