Sri Lanka Problems Of Governance

Cedric Hilburn Grant, R. Mark Kirton

Sri Lanka Problems Of Governance:

Sri Lanka, Problems of Governance Centre for Policy Research (New Delhi, India),1993 **The Political Economy of Ethnic Conflict in Sri Lanka** Nikolaos Biziouras,2014-03-26 At the point of independence in 1948 Sri Lanka was projected to be a success story in the developing world However in July 1983 a violent ethnic conflict which pitted the Sinhalese against the Tamils began and did not come to an end until 2009 This conflict led to nearly 50 000 combatant deaths and approximately 40 000 civilian deaths as well as almost 1 million internally displaced refugees and to the permanent migration abroad of nearly 130 000 civilians With a focus on Sri Lanka this book explores the political economy of ethnic conflict and examines how rival political leaders are able to convince their ethnic group members to follow them into violent conflict Specifically it looks at how political leaders can influence and utilize changes in the level of economic liberalization in order to mobilize members of a certain ethnic group and in the case of Sri Lanka shows how ethnic mobilization drives can turn violent when minority ethnic groups are economically marginalized by the decisions that the majority ethnic group leaders make in order to stay in power Taking a political economy approach to the conflict in Sri Lanka this book is unique in its historical analysis and provides a longitudinal view of the evolution of both Tamil and Sinhalese ethnic drives As such this interdisciplinary study will be of interest to policy makers as well as academics in the field of South Asian studies political science sociology development studies political economy and security studies **Problems of Governance in South Asia** V. A. Pai Panandiker,2000 Contributed articles Governance Issues in Poverty Reduction in Sri Lanka Shelton Wanasinghe,2004 **Challenges to Local Governance in the Pandemic Era** John S. Moolakkattu,Jos Chathukulam,2022-03-18 The COVID 19 pandemic has brought the question of local governance and inter governmental coordination to the centre of public administration There is a general feeling across the world that the local government space is critical in managing pandemics This volume is a collection of articles on the experiences of the local governments in dealing with the COVID 19 pandemic Although the focus is on South Asia especially India it also provides perspectives on Europe Africa and Latin America The book will appeal to researchers policy makers and practitioners who are interested in the interface between public health and local governance particularly during emergencies It also provides clues about the design of sustainable policy and governance including the type of intergovernmental relations that should emerge in the post COVID situation Environmental Challenges and Governance Sacchidananda Mukherjee,Debashis Chakraborty,2015-03-02 The economies located in East South and Southeast Asia have witnessed an interesting growth sustainability trade off over the last decades While growth considerations have paved ways for deepened ties with growing trade investment waves and increasing population pressure necessitated exploitation of hitherto unutilized natural resources focus on environmental sustainability has been a recent consideration The growth impetus still playing a key role in these economies it becomes imperative that the countries effectively address the key sustainability concerns e g air and water pollution land degradation

loss of biodiversity climate change issues like CO2 emissions etc But how prepared is the governance mechanism of these countries covering not only the legislative and administrative framework but also involvement of the judiciary presence of spirited civil society and active engagement of stakeholders in policy framing dialogues to rise up to these challenges The book seeks an answer to this question through the environmental governance mechanism and natural resource conservation policies in three vibrant regions within Asia A holistic development dimension of sustainable development path emerges through discussion of policies adopted by developed Japan South Korea upper middle China Malaysia developing India Indonesia Philippines Sri Lanka Thailand and least developed countries Bangladesh Myanmar Nepal *Paradise Poisoned* John Martin Richardson, 2005 On the political conditions in Sri Lanka after civil war in 1983 and its effect on development a study **NGO Politics in Sri Lanka** Indi Ruwangi Akurugoda, 2017-09-22 This book examines how and why local communities have been neglected in development initiatives in South Asia focusing on Sri Lanka and assesses the significant support from NGOs in increasing the capacity of local government and in promoting local development Based on research in the southern and eastern provinces of Sri Lanka this project analyses the views of national provincial and local level political representatives administrative officials and NGO officials *Decentralization and Development of Sri Lanka Within a Unitary State* N.S. Cooray, Sirimal Abeyratne, 2017-09-19 This comprehensive volume provides uniquely diverse insights into various aspects of decentralization and development from both developed and developing countries with special reference to Sri Lanka For a quarter century Sri Lanka was battered by its prolonged civil war which ended in 2009 but has now achieved relative peace and stability Having developed rapidly Sri Lanka offers a classic example for developing countries There is however a strong need particularly in the context of postwar conflict to formulate policies for reconciliation peace building and development at all levels local provincial and national Decentralization itself is not a new subject however how to devolve power to local administrative levels within a unitary system and how to link the devolved power to make local administrative systems more conducive to development and provide better services for citizens are challenging tasks in many countries Taking into account the developmental governance and conciliatory needs and the sensitivity of central local relations this volume critically examines the local government systems in Sri Lanka It also proposes a viable effective and autonomous local level administrative unit based which draws on experiences from Japan and other countries and identifies the role and functions of such a unit The book presents commissioned papers from a three year research project undertaken by internationally respected experts with financial support by the Japan Society for the Promotion of Science JSPS under a Grant in Aid for Scientific Research *Governance, Conflict Analysis and Conflict Resolution* Cedric Hilburn Grant, R. Mark Kirton, 2007 Decades after our contemporary international system witnessed the end of the Second World War the events that followed in its aftermath has fashioned an international system characterized by global conflict in the guise of the Cold War Although wars were part of the struggle between the two rival super powers the US and USSR their main theatre was

the Third World and hostilities during the Cold War era were global It is against this backdrop that Governance Conflict Analysis and Conflict Resolution addresses conflict in the Caribbean and elsewhere exploring the linkages between conflict and development The book is divided into eight sections and offers diverse views on conflict conflict resolution and governance Part 1 Governance and Conflict Management in a Global Context Part II Management and resolution of Conflict in the Regional Context Part III Perspectives on Social Stratification Political Rivalry and Ethnic Insecurities Part IV High Intensity Conflicts Part V The Management and Resolution of Territorial Conflicts Part VI Poverty Economics and Conflict Management Part VII Advancing Conflict Resolution through Education and Part VIII Civil Society Governance and Social Consensus

Governance of Risk, Hazards and Disasters Giuseppe Forino, Sara Bonati, Lina Maria Calandra, 2018-01-29 Growing debates around governance are taking place among academic policy making and practice based communities In light of the increasing focus on governance this book presents and discusses governance as a framework that is able to both conceptualize and contextualize risks and disasters as currently experienced and managed into social systems Contributions offer a variety of perspectives experiences and socio cultural contexts which have identified the challenges opportunities and critiques of promoting governance Part I explores approaches models and keywords as applied to risk and disaster governance theory Part II investigates practices of risk governance and associated issues by focusing on disaster risk reduction policy and practice Finally Part III explores practices of disaster governance and associated issues by focusing on disaster recovery experiences This book highlights cutting edge recent theoretical and empirical trends and is a valuable resource for students academics practitioners and policy makers interested in risk and disaster governance

Federalism and Conflict Resolution in Sri Lanka V. R. Raghavan, Volker Bauer, 2006 Catherine Casey has written an excellent book that provides a lucid and comprehensive critical analysis of organizations It extends in reach and relevance beyond the specific field of organization studies and the sociology of organizations to encompass broader intellectual developments that have had a significant impact on contemporary sociology and cultural studies Barry Smart Professor of Sociology University of Portsmouth I anticipate that it will prove to be an attractive book in organization studies industrial sociology and general sociology I am sure that this will be a book that will make a major impact Mike Reed Professor of Organization Theory Lancaster University In this comprehensive and scholarly book the essential critical strands in organizational analysis are explained It examines how central traditions have realigned in relation to the challenge of postmodernism and the new reflexive turn in organizational studies Judicious innovative and written with the needs of students in mind this book offers a renewed and revitalized critical accent in organization studies one that focuses on existing and emerging social tendencies contestations and struggles It will be essential reading for senior students of organization studies and sociology

Economic Policy in Sri Lanka Saman Kelegama, Gamani Corea, 2004-12-08 The essays in this volume written by well known economists and social scientists shed light on the intense national debates that accompanied the making of policy

decisions in Sri Lanka Studying the country's economy under six main headings the ideology and strategy of economic development macro economic policy the development of agriculture industry and technology employment and labour institutional issues and governance and social welfare the book presents a comprehensive picture of contemporary Sri Lanka's economy

The Indian Ocean Region Anthony H. Cordesman, Abdullah Toukan, 2014-09-11 The Indian Ocean Region IOR is one of the most areas of the world in human terms This study provides a comprehensive overview of the subregions and countries in the IOR drawing heavily on a new country risk assessment model developed by Abdullah Toukan a senior associate with the Burke Chair at CSIS It provides detailed graphs tables and maps covering the IOR as a whole each major subregion and each of the thirty two countries in the region as well as the impact of U S and Chinese military forces

Employing Recent Technologies for Improved Digital Governance Ponnusamy, Vasaki, Rafique, Khalid, Jhanjhi, Noor Zaman, 2019-12-27 The digital divide caused by several factors such as poverty and slow communication technologies has offset the progression of many developing countries However with rapid changes in technology a better collaboration among communities and governance based on the latest research in ICT and technology has begun to emerge Employing Recent Technologies for Improved Digital Governance is an essential reference source that provides research on recent advances in the development application and impact of technologies for the initiative of digital governance The book has a dual objective with the first objective being to encourage more research in deploying recent trends in the internet for deploying a collaborative digital governance The second objective is to explore new possibilities using internet of things IoT and cloud fog based solutions for creating a collaboration between the governance and IT infrastructure Featuring research on topics such as intelligent systems social engineering and cybersecurity this book is ideally designed for policymakers government officials ICT specialists researchers academicians industry professionals and students

Governance, Natural Resources and Post-Conflict Peacebuilding Carl Bruch, Carroll Muffett, Sandra Nichols, 2016-04-07 When the guns are silenced those who have survived armed conflict need food water shelter the means to earn a living and the promise of safety and a return to civil order Meeting these needs while sustaining peace requires more than simply having governmental structures in place it requires good governance Natural resources are essential to sustaining people and peace in post conflict countries but governance failures often jeopardize such efforts This book examines the theory practice and often surprising realities of post conflict governance natural resource management and peacebuilding in fifty conflict affected countries and territories It includes thirty nine chapters written by more than seventy researchers diplomats military personnel and practitioners from governmental intergovernmental and nongovernmental organizations The book highlights the mutually reinforcing relationship between natural resource management and good governance Natural resource management is crucial to rebuilding governance and the rule of law combating corruption improving transparency and accountability engaging disenfranchised populations and building confidence after conflict At the same time good governance is essential for

ensuring that natural resource management can meet immediate needs for post conflict stability and development while simultaneously laying the foundation for a sustainable peace Drawing on analyses of the close relationship between governance and natural resource management the book explores lessons from past conflicts and ongoing reconstruction efforts illustrates how those lessons may be applied to the formulation and implementation of more effective governance initiatives and presents an emerging theoretical and practical framework for policy makers researchers practitioners and students Governance Natural Resources and Post Conflict Peacebuilding is part of a global initiative to identify and analyze lessons in post conflict peacebuilding and natural resource management The project has generated six books of case studies and analyses with contributions from practitioners policy makers and researchers Other books in this series address high value resources land water livelihoods and assessing and restoring natural resources Sri Lanka, Ethnic Conflict, Management and Resolution K. M. De Silva,1996

Local Governance Transformation and Citizen Engagement in Bangladesh Pranab Kumar Panday,Abdullah- Al-Maruf,2025-06-27 Local Governance Transformation and Citizen Engagement in Bangladesh offers a thorough investigation of grassroots democratic practices and citizen engagement in local governance in the country and situates Bangladesh s experience within the larger framework of developing countries With an eye towards their effects on governance transparency and accountability the book analyses the dynamics of citizen engagement in public forums such as Ward Shava WS and Open Budget Meetings OBM Employing comparative studies of local government systems in India Nepal Sri Lanka and Vietnam the authors underscore the challenges and achievements of participatory governance in diverse socio political settings Combining empirical data with theoretical analysis the book provides a valuable tool for comprehending the interaction of political culture legal frameworks and citizen engagement in forming sustainable local government in Bangladesh and beyond This study provides doable suggestions for improving participative local governance by addressing structural challenges power disparities gender inequality and the function of NGO The book demonstrates how inclusive government promotes accountability and helps underprivileged groups to become more powerful thereby promoting more fair results of progress This book will be of interest to researchers studying political science public administration public policy development studies and Asian studies in general and governance decentralisation and citizen engagement in particular

The Encyclopedia of the Sri Lankan Diaspora Peter Reeves,2013 Well over a million people of Sri Lankan origin live outside South Asia The Encyclopedia of the Sri Lanka Diaspora is the first comprehensive study of the lives culture beliefs and attitudes of immigrants and refugees from this island The volume is a joint publication between the Institute of South Asian Studies NUS and Editions Didier Millet It focuses on the relationship between culture and economy in the Sri Lanka diaspora in the context of globalisation increased transnational culture flows and new communication technologies In addition to the geographic mapping of the Sri Lanka diaspora in the various continents thematic chapters include topics on long distance nationalism citizenship Sinhala Tamil

and Burgher diaspora identities religion and the spread of Buddhism as well as the Sri Lankan cultural impact on other nations

De Gruyter Handbook of Responsible Project Management Beverly L. Pasian, Nigel L. Williams, 2023-01-30

The narrative about the project management profession is dominated by discussions of success and failure along with the need to improve the competence of project managers. As a result, the community is engaged in a fruitless search for a combination of tools, techniques, and practices that will result in desired outcomes for funders. While the profession has made recent attempts to incorporate environmental and social responsibility, these areas are still framed within the existing discourses of project delivery. The De Gruyter Handbook of Responsible Project Management seeks to rethink project management by integrating contributions from the emerging responsible Management domain. This handbook will explore the nature and extent of project professionals' responsibility at different levels: individual, team, organizational, and societal, along with the implications for education, research, and practice. The De Gruyter Handbook of Responsible Project Management offers cutting-edge insights into the field of project management. It is an essential reference for scholars and practitioners.
