St Benedict And Scholastica:

The Holy Twins Kathleen Norris, 2004-05 Kathleen Norris acclaimed author of *The Cloister Walk* offers a moving text to accompany beloved artist Tomie dePaola's strikingly beautiful frescolike paintings in the dramatic and inspiring story of two miraculous yet very human siblings. The twins Benedict and Scholastica grew up as lively best friends in northern Italy but their paths diverged when it became time for them to enter adulthood. Benedict's life was filled with dramatic moments and miracles as he grew into an important spiritual leader. Scholastica lived a quieter life but she remained a strong influence on her brother as he developed the Rule of St Benedict which guides the Benedictine order to this day. Kathleen Norris lives in Lemmon, South Dakota and Honolulu, Hawaii. Tomie dePaola lives in New London, New Hampshire.

Benedictine Options Patrick Henry, 2021-09-15 You want insights for living? Look to people whose understandings have been practiced for fifteen hundred years. Saint Benedict and Saint Scholastica, his twin sister, established a flexible pattern that has adopted, adapted, challenged, and outlived myriad cultures. Their sons and daughters today, who devote their time and talents to the school for the Lord's service launched by the Rule of Benedict, demonstrate a whole range of options that are accessible to anyone. It is a mistake to think that forsaking the world is the Benedictine option. Options plural are instead for the sake of the world. *Call to Life* Benedictine Sisters. Shortly after Benedict's death, his monastery at Monte Cassino was destroyed by Lombard invaders. It was at that point that one of the greatest mysteries of medieval monasticism arose: the true location of the mortal remains of this revered saint. This volume presents the first English translations of key medieval texts relating to this famous mystery. These piquant narratives are filled with adventure, intrigue, and spellbinding wonder in which imagination, history, folklore, and legend are freely intertwined. Within these pages, the reader will encounter fierce barbarian hordes, perilous quests to discover ancient tombs, ferocious dragons, man-eating wolves, mysterious visions, and enigmatic oracles. Here will be found tales of saints fleeing from

papal forces under the shroud of darkness phantasmagoric apparitions of dead monks malicious poisonings nocturnal attacks made on infants by venomous toads levitating lamps and a veritable multitude of other marvels A translation of the striking account of St Benedict's life from the thirteenth century Golden Legend is also included
