

The background of the slide is a classical painting of St. Irenaeus. He is depicted as an elderly man with a long white beard and hair, wearing a dark, flowing robe. He is shown from the waist up, holding a long, thin staff or scepter in his right hand. His left hand is raised, with his index finger pointing upwards towards the sky. The lighting is dramatic, with strong highlights on his face and beard, and deep shadows in his robe and the background. The overall tone is solemn and reverent.

**Preaching** Saint Irenaeus (Bishop of Lyon.),1997 St Irenaeus is the most important theologian of the second century laying the foundation for all future Christian thinkers Irenaeus tells us that he had known Polycarp who had himself known the apostles and been appointed by them as the bishop of the church of Smyrna This direct contact with the immediate successors of the apostles was of importance for Irenaeus in his later defense of Christian practice and teaching In this work Against the Heresies he was the first to utilize the full range of apostolic writings in his controversy with the Gnostics and others Uniting for the first time the whole history of God s activity in one all encompassing divine economy Irenaeus demonstrates that there is but one God who has made Himself known through His one Son Jesus Christ by the one Holy Spirit to the one human race bringing His creatures made from mud into the intimacy of communion with Himself **Proof of the Apostolic Preaching** Saint Irenaeus (Bishop of Lyon.),1952 *Proof of the Apostolic Preaching* Saint Irenaeus (Bishop of Lyons.),1978 **Proof of the Apostolic Preaching** Irenaeus (Lugdunensis, bisschop van Lyon),1978 **Proof of the Apostolic Preaching** Irenaeus Lugdunensis,197? *Proof of the apost lic preaching* St Irenaeus,Joseph P. Strawbridge,2015-11-13 This study offers a fresh approach to reception historical studies of New Testament texts guided by a methodology introduced by ancient historians who study Graeco Roman educational texts In the course of six chapters the author identifies and examines the most representative Pauline texts within writings of the ante Nicene period 1Cor 2 Eph 6 1Cor 15 and Col 1 The identification of these most widely cited Pauline texts based on a comprehensive database which serves as an appendix to this work allows the study to engage both in exegetical and historical approaches to each pericope while at the same time drawing conclusions about the theological tendencies and dominant themes reflected in each

Engaging a wide range of primary texts it demonstrates that just as there is no singular way that each Pauline text was adapted and used by early Christian writers so there is no homogeneous view of early Christian interpretation and the way Scripture informed their writings theology and ultimately identity as Christian
