## **St Petersburg Dialogues Or Conversations On The Temporal Government Of Providence:**

**St Petersburg Dialogues** Joseph de Maistre, 1993-03-09 Written and set on the banks of the Neva St Petersburg Dialogues is a startlingly relevant analysis of the human prospect in the twenty first century As the literary critic George Steiner has remarked the age of the Gulag and of Auschwitz of famine and ubiquitous torture nuclear threat the ecological laying waste of our planet the leap of endemic possibly pandemic illness out of the very matrix of libertarian progress is exactly what Joseph de Maistre foretold In the Dialogues Maistre addressed a number of topics that are discussed briefly or not at all in his other works already available in English These include an apologetic for traditional Christian beliefs about providence reflections on the social role of the public executioner and the divinity of war a critique of John Locke s sensationalist psychology meditations on prayer and sacrifice and a mini course on illuminism The literary form is that of the philosophical conversation one that allowed Maistre to be deliberately provocative and to indulge his taste for paradox a methodical extravagance that he judged particularly appropriate for the eighteenth century salon Translator and editor Richard Lebrun provides a full scholarly edition of this classic work complete with an introduction chronology critical bibliography and generous explanatory notes The Dialogues will be of interest to scholars of literary history as well as the history of ideas

**The Fascism of Ambiguity** Marcia Cavalcante Schuback, 2022-08-25 This book contributes to the work of elucidating the new forms of fascism and authoritarianism that arise today in intimate relation with new mediatic and information technologies It presents elements of the connection between capitalism and fascism and makes clear how fascism today uses the ambiguity of senses and meanings as its most efficient way of infiltrating our reality and thereby becoming unequivocal The fascism of ambiguity is a fascism that grows the more the ambiguities and paradoxical dimensions of the contemporary situation become explicit It departs from some lessons of history regarding both historical fascism and some of the main critical lines and thoughts produced in the beginning of the 20th Century It shows what is new in today s form of fascism discussing its connection to techno mediatic capitalism to the dynamics of emptying meanings and senses through a technique of rendering them ambiguous and exacerbated It outlines some guiding thoughts regarding the question of ambiguity and metapolitics today and concludes by proposing two exercises of precision through the lenses of poetry and music as a way to resist and counter act the fascist metapolitics of the ambiguity of meanings and senses

**Woldemar Von Löwenstern** Victoria Joan Moessner, 2020-10-06 Woldemar von L wenstern a Baltic German Russian Cavalry officer states in the course of his memoirs I am not writing a history of the war that is sufficiently known from every history of the war of 1812 In his memoirs he is reliving his own personal successes frustrations failures and tragedies from 1790 to 1815 and desires his readers to join him on his journey as he prepares for cavalry service leaves that service marries and runs estates in Estonia but then takes his ill wife to Vienna seeking a cure where she dies as Napoleon is invading the city He rejoins the Russian army and at one point is sent to Moscow When he arrives there he finds his dispatch is an order for his arrest His

deportment saves him so he returns to the army as it retreats to Moscow and follows Napoleon until Paris He describes skirmishes and battles but more importantly the lodgings from dirty straw to noble luxury and the people he meets from Catherine the Great to boiler of soap      *The Reactionary Mind* Corey Robin,2018 Now updated to include Trump s election and the rise of global populism Corey Robin s *The Reactionary Mind* traces conservatism back to its roots in the reaction against the French Revolution      **Subordinated Ethics** Caitlin Smith Gilson,2020-08-21 With Dostoyevsky s Idiot and Aquinas Dumb Ox as guides this book seeks to recover the elemental mystery of the natural law a law revealed only in wonder If ethics is to guide us along the way it must recover its subordination description must precede prescription If ethics is to invite us along the way it cannot lead either as politburo or even as public orthodoxy It cannot be smugly symbolic but must be by way of signage of directionality of the open realization that ethical meaning is en route pointing the way because it is within the way as only sign not symbol can point to the sacramental terminus The courtesies of dogma and tradition are the road signs and guideposts along the longior via not themselves the termini We seek the dialogic heart of the natural law through two seemingly contradictory voices and approaches St Thomas Aquinas and his famous five ways and Fyodor Dostoyevsky s holy idiot Prince Myshkin It is precisely the apparent miscellany of these selected voices that provide us with a connatural invitation into the natural law as subordinated as descriptive guide not as prescriptive leader      **The Strange M. Proust** Andre Benhaim,2017-07-05 The strange M Proust the narrator the author and the embodiment of *A la Recherche du Temps perdu* is now so canonical a writer that his very strangeness is easily overlooked His book made of other books his epic composed of extraordinary miniatures his orderly structure where every law is subverted his chronology where time can be undone and his geography where places can superimpose in these and many other ways Proust continues to astonish even readers who have engaged with him for their entire careers In this book arising from the Princeton symposium of 2006 major critics come together to offer provocative readings of a work which is at the same time classical and unusual French and foreign familiar and strange The book is dedicated to the memory of Malcolm Bowie 1943 2007 whose keynote address was one of his last major lectures Other contributors include David Ellison Anne Simon Eugene Nicole Joseph Bami Raymonde Coudert Christie McDonald Michael Wood and Antoine Compagnon      **Molinism** Kenneth J. Perszyk,2011-11-24 Molinism promises the strongest account of God s providence consistent with our freedom But is it a coherent view and does it provide a satisfying account of divine providence The essays in this volume examine the status defensibility and application of this recently revived doctrine and anticipate the future direction of the debate      Sacred and Secular Agency in Early Modern France Sanja Perovic,2012-02-16 Challenging the master narrative of secularization an exploration of the persistent influence of religious categories in the cultural landscape of Europe s first secular state      **Political Violence** Panu-Matti Pöykkö,Pamela Slotte Russo,Viljami Salo,2024-11-18 This volume brings together scholars from intellectual history social sciences philosophy and theology to evaluate central questions concerning political violence and aggression This

multidisciplinary collection of essays critically investigates forms and modes of justification of political violence from historical and contemporary perspectives especially within the context of the development of the idea of Europe and modern European identity What is meant by political violence and aggression When and under which conditions is it justified Who has the right to exercise it and against whom Answers differ depending on various factors such as pre established ends available resources and possibilities of action historical and socio economic context the ideological political and religious theological background of the actors The volume pays special attention to a how the above questions have been addressed and answered political philosophical and theological thought and b what kind of ideological currents and historical events lay at the background of such considerations      **Canadian Books in Print. Author and Title Index** ,1975      **The Oxford Handbook of Theology and Modern European Thought** Nicholas Adams,George Pattison,Graham Ward,2013-02-28

Modern European thought describes a wide range of philosophies cultural programmes and political arguments developed in Europe in the period following the French Revolution This handbook charts and explores recurring themes and approaches to this broad and complex topic particularly with regard to Theology      Darwin's Pious Idea Conor Cunningham,2010-12-03

According to British scholar Conor Cunningham the debate today between religion and evolution has been hijacked by extremists on one side stand fundamentalist believers who reject evolution outright on the opposing side are fundamentalist atheists who claim that Darwin s theory rules out the possibility of God Both sides are dead wrong argues Cunningham who is at once a Christian and a firm believer in the theory of evolution In Darwin s Pious Idea Cunningham puts forth a trenchant compelling case for both creation and evolution drawing skillfully on an array of philosophical theological historical and scientific sources to buttress his arguments      Black Mass John Gray,2010-02-05 Fascinating enlightening and epic in scope Black Mass looks at the historic and modern faces of Utopian ideology Society s Holy Grail but at what price During the last century global politics was shaped by Utopian projects Pursuing a dream of a world without evil powerful states waged war and practised terror on an unprecedented scale From Germany to Russia to China to Afghanistan entire societies were destroyed Utopian ideologies rejected traditional faiths and claimed to be based in science They were actually secular versions of the myth of Apocalypse the belief in a world changing event that brings history with all its conflicts to an end The war in Iraq was the last of these attempts at creating a secular Utopia promising a new era of democracy and producing blood soaked anarchy and an emerging theocracy instead John Gray s powerful and frightening new book argues that the death of Utopia does not mean peace Instead it portends the resurgence of ancient myths now in openly fundamentalist forms Obscurely mixed with geo political struggles for the control of natural resources apocalyptic religion has returned as a major force in global conflict      **Eliot Now** Megan Quigley,David E. Chinitz,2024-07-25 Over a dozen new volumes of T S Eliot s poetry prose and letters have been published in the past decade This collection presents unabashedly fresh approaches to Eliot while simultaneously guiding readers through the new materials that are available for the first time

outside of restricted archives Eliot the figurehead of literary modernism continues to be someone whom critics love to hate Misogynist Reactionary Anti Semite and readers love to devour Profound Revolutionary Resonant Why does one artist elicit such different responses Eliot Now collects new and established voices in Eliot studies integrating contemporary critical approaches with careful attention to the newly published materials Whether grappling with the controversial new two volume Poems narrating the experience of opening Eliot's letters in the Emily Hale papers until 2020 the most famous sealed archive in the world or rereading his works through ecocritical or trans studies lenses Eliot Now shows how this most effusively celebrated and heatedly criticized 20th century writer continues to change the way we read literature in the 21st century The collection concludes with six award winning contemporary poets considering the influence of The Waste Land on poetry today

The Eucharist in Modern Philosophy Xavier Tilliette, 2022-12-27 The Eucharist in Modern Philosophy is one of the last books written by the renowned Jesuit philosopher Xavier Tilliette 1921-2018 and the first to be translated into English Jonathan Martin Ciraulo the translator also provides an introduction to the thought of Tilliette and the content of this book while Cyril O Regan provides the foreword noting the particular intellectual characteristics of Tilliette and his analysis of eucharistic philosophies In addition to being known as one of the foremost experts on the German Idealist Friedrich Schelling Tilliette wrote voluminously on the relationship between modern philosophy and theology particularly concerning the way in which Christology is central to the development of modern philosophy In this volume he extends that project to look at how various philosophers such as Descartes Leibniz Hegel Blondel and Marion as well as poets and mystics such as de Chardin Simone Weil and Paul Claudel thought extensively about the question of the Eucharist The result is an enormous diversity of Eucharistic thought from Descartes attempt to justify transubstantiation in light of his philosophical revolution to Feuerbach's supposed exposure of the contradiction inherent to sacramentality to Antonio Rosmini's eucharistic piety and speculation to Maurice Blondel's recovery and expansion of Leibniz's notion of the substantial bond Tilliette shows that this philosophical conversation about the Eucharist is a living tradition as the aporias and failures of one generation provide stimulus for all that follows Much of the work is largely historical showing in great detail the context of each particular eucharistic philosophy but Tilliette also evaluates the relative fruitfulness of the various eucharistic theories for philosophy theology and the life of the Church This book demonstrates that the Eucharist has been and will likely continue to be a major impetus for philosophical reflection

*Sacrifice Imagined* Douglas Hedley, 2011-09-08 Sacrifice Imagined is an original exploration of the idea of sacrifice by one of the world's preeminent philosophers of religion Despisers of religion have poured scorn upon the idea of sacrifice as an index of the irrational and wicked in religious practice Nor does its secularised form seem much more appealing One need only think of the appalling cult of sacrifice in numerous totalitarian regimes of the twentieth century Yet sacrifice remains a part of our cultural and intellectual imaginary Hedley proposes good reasons to think that issues of global conflict and the ecological crisis highlight the continuing relevance of the topic of sacrifice for contemporary

culture The subject of sacrifice has been decisively influenced by two books Girard's *The Violence and the Sacred* and Burkert's *Homo Necans* Both of these are theories of sacrifice as violence Hedley's book challenges both of these highly influential theories and presents a theory of sacrifice as renunciation of the will His guiding influences in this are the much misunderstood Joseph de Maistre and the Cambridge Platonists

*Labeling People* Martin S. Staum, 2003 Nineteenth century French scholars during a turbulent era of revolution and industrialization ranked intelligence and character according to facial profile skin colour and head shape They believed that such indicators could determine whether individuals were educable and peoples perfectible In *Labeling People* Martin Staum examines the Paris societies of phrenology reading intelligence and character by head shapes geography and ethnology and their techniques for classifying people He shows how the work of these social scientists gave credence to the arrangement of races in a hierarchy the domination of non European peoples and the limitation of opportunities for ill favoured individuals within France social scientists before 1848 with a later period of concern for national decline and racial degeneration Staum demonstrates that the earlier learned societies were also fearful of turmoil at home and interested in adventure abroad Both geographers and ethnologists created concepts of fundamental racial inequality that prefigured the imperialist associationist discourse of the Third Republic believing that European tutelage would guide civilizable peoples and providing an open invitation to dominate and exploit the uncivilizable

Sovereignty and the Sacred Robert A. Yelle, 2018-11-26 Sovereignty and the Sacred challenges contemporary models of polity and economy through a two step engagement with the history of religions Beginning with the recognition of the convergence in the history of European political theology between the sacred and the sovereign as creating states of exception that is moments of rupture in the normative order that by transcending this order are capable of re founding or remaking it Robert A Yelle identifies our secular capitalist system as an attempt to exclude such moments by subordinating them to the calculability of laws and markets The second step marshals evidence from history and anthropology that helps us to recognize the contribution of such states of exception to ethical life as a means of release from the legal or economic order Yelle draws on evidence from the Hebrew Bible to English deism and from the Aztecs to ancient India to develop a theory of polity that finds a place and a purpose for those aspects of religion that are often marginalized and dismissed as irrational by Enlightenment liberalism and utilitarianism Developing this close analogy between two elemental domains of society Sovereignty and the Sacred offers a new theory of religion while suggesting alternative ways of organizing our political and economic life By rethinking the transcendent foundations and liberating potential of both religion and politics Yelle points to more hopeful and ethical modes of collective life based on egalitarianism and popular sovereignty Deliberately countering the narrowness of currently dominant economic political and legal theories he demonstrates the potential of a revived history of religions to contribute to a rethinking of the foundations of our political and social order

Rus - Ukraine - Russia Martin C. Putna, 2021-06-01 An outspoken opponent of pro Russian authoritarian and far right

streams in contemporary Czech society Martin C Putna received a great deal of media attention when he ironically dedicated the Czech edition of *Russ Ukraine Russia* to Milo Zeman the pro Russian president of the Czech Republic This sense of irony combined with an extraordinary breadth of scholarly knowledge infuses Putna s book *Examining key points in Russian cultural and spiritual history* *Russ Ukraine Russia* is essential reading for those wishing to understand the current state of Russia and Ukraine the so called heir to an alternative Russia Putna uses literary and artistic works to offer a rich analysis of Russia as a cultural and religious phenomenon tracing its development from the arrival of the Greeks in prehistoric Crimea to its invasion by little green men in 2014 explaining the cultural importance in Russ of the Vikings as well as Pussy Riot exploring central Russian figures from St Vladimir the Great to Vladimir Putin Unique in its postcolonial perspective this is not merely a history of Russia or of Russian religion This book presents Russia as a complex mesh of national religious and cultural especially countercultural traditions with strong German Mongol Jewish Catholic Polish and Lithuanian influences a force responsible for creating what we identify as Eastern Europe

*The New Leviathans* John Gray, 2023-11-07 A bold provocative reckoning with our current political delusions and dysfunctions Ever since its publication in 1651 Thomas Hobbes s *Leviathan* has unsettled and challenged how we understand the world Condemned and vilified by each new generation his cold political vision continues to see through any number of human political and ethical vanities In his wonderfully stimulating book *The New Leviathans* John Gray allows us to understand the world of the 2020s with all its contradictions moral horrors and disappointments The collapse of the USSR ushered in an era of near apoplectic triumphalism in the West a genuine belief that a rational liberal well managed future now awaited humankind and that tyranny nationalism and unreason lay in the past Since then so many terrible events have occurred and so many poisonous ideas have flourished and yet our liberal certainties treat them as aberrations that will somehow dissolve Hobbes would not be so confident Filled with fascinating and challenging observations *The New Leviathans* is a powerful meditation on historical and current folly As a species we always seem to be struggling to face the reality of base and delusive human instincts Might a more self aware realistic and disabused ethics help us

The Must-Read : Colleen Hoover's "It Ends with Us" This poignant tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This evocative coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a exceptional and gripping novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
