Dictionary of Theologians Jonathan Hill, 2010-03-25 An exhaustive guide to every significant Christian theologian who lived from the first century to 1308 the year in which John Duns Scotus died The dictionary encompasses the Catholic Orthodox Nestorian and Monophysite traditions including information not previously available in English Thoroughly indexed the dictionary incorporates common variants of names and concepts which will help and direct the reader The main criterion for inclusion has been contribution to the development of Christian theology Sub criteria by which that is measured include above all originality and influence on later figures With over 290 entries the dictionary provides a handy summary of theologians' lives and writings together with recent scholarship as well as an up to date definitive bibliography listing primary texts translations and secondary literature in the major western European languages Useful for all levels of academia no other text matches the depth of the dictionary's bibliographies The unprecedented thoroughness of Hill's compilation provides an essential resource for studies at all levels on such a large and varied range of Church thinkers

St. Thomas Aquinas and Muslim Thought Zulfiqar Ali Shah, 2022 St Thomas Aquinas the most known medieval philosophical theologian the stalwart of scholasticism the Doctor of Church and one of the most influential figures in Western Christianity was greatly influenced by Muslim synthetic thought The gulf between reason and revelation faith and philosophy or Jesus and Aristotle were wider in Christianity than in Islam Aquinas bridged that gap with the help of Muslim philosophical thought This work highlights Aquinas' intersections with the great Muslim philosophers and their impact upon his personality Aquinas widely quoted Muslim philosophers and theologians including Ibn Rushd Ibn Sina al Farabi al Ghazali and al Razi and acted upon their wisdom in many ways In the estimation of E Renan St Thomas owes practically everything to Averroes The likes of A M Giochon David Burrell and John Wippel among others asserted that Aquinas and his teacher Albert the Great were highly indebted to Ibn Sina Giochon noted that Avicenna was not only a source from which they all drew liberally but one of the principal formative influences on their thought He read Latin translations of their works and incorporated many of their ideas thoughts and arguments into his project Aquinas upbringing in Southern Italy and his geographical and intellectual affinity with Islamic civilisation played a significant role in his intellectual development His thirteenth century Christendom was fully engaged with Muslims on multiple levels His greater family was involved with the neighboring Muslims of Lucera and Apulia and in the army of Frederick II Medieval Christianity's transition from the Dark Ages was facilitated by Aquinas' philosophical theology which was also shaped by the translation of philosophical and scientific manuscripts from Arabic to Latin Aquinas was what he became partly due to these interfaith interactions which are laid bare for the first time in this revelatory new

The Mystery of Union with God Bernhard Blankenhorn, 2015 The *Mystery of Union with God* offers the most extensive systematic analysis to date of how Albert and Thomas interpreted and transformed the Dionysian Moses who knows God by unknowing It shows Albert s and Thomas s philosophical and theological motives to place limits on Dionysian apophatism and to reintegrate mediated knowledge into mystical knowing The author surfaces many similarities in the two Dominicans mystical doctrines and exegesis of Dionysius This work prepares the way for a new consideration of Albert the Great as the father of Rhineland Mysticism The original presentation of Aquinas s theology of the Spirit s seven gifts breaks new ground in theological scholarship Finally the entire book lays out a model for the study of mystical theology from a historical

philosophical and doctrinal perspective *The Mirror of Death* Kristof K. P. Vanhoutte, 2024-04-01 How porous is the border between life and death How do the dead influence the living and in what way What can Heaven Hell Purgatory and the two Limbos tell us of our contemporary world today In *The Mirror of Death* Kristof K P Vanhoutte explores the hermeneutical potential of the regions in the hereafter After an exciting voyage through the emergence of the afterlife and of the constancy of death s presence in the history of humanity Vanhoutte shows through the study of the nature and genealogy of the various realms in the beyond how an invigoratingly new and critical perspective of a wide variety of contemporary phenomena is unveiled when reading them through the interpretative lens of these regions where the dead dwell Modern politics our fellow human beings the times of our lives the capitalistic economic system medicalization wokism and living in crisis will never look the same

Reclaiming Moral Agency Stanley B. Cunningham, 2008-11 This book provides a comprehensive analysis of the moral philosophy Albert the Great 1200 1280 the first and only such undertaking in English *Albertus Magnus and the World of Nature* Irven M. Resnick, Kenneth F. Kitchell Jr., 2022-08-04 The first comprehensive English language biography of Albert the Great in a century As well as being an important medieval theologian Albertus Magnus Albert the Great also made significant contributions to the study of astronomy geography and natural philosophy and his studies of the natural world led Pope Pius XII to declare Albert the patron saint of the natural sciences Dante Alighieri acknowledged a substantial debt to

Albert's work and in the Divine Comedy placed him equal with his celebrated student and brother Dominican Thomas Aquinas. In this book the first full scholarly biography in English for nearly a century, Irven M. Resnick and Kenneth F. Kitchell Jr. narrate Albert's key contributions to natural philosophy and the history of science while also revealing the insights into medieval life and customs that his writings provide. On Resurrection St. Albert the Great, 2020-09-04. According to 1 Cor 15:44 and 1 Cor 15:52, the human body is sown as an animal body but it will rise as a spiritual body and the dead will rise again incorruptible and we will be changed. These passages prompted many questions: What is a spiritual body? How can a body become incorruptible? Where will the resurrected body be located? And what will be the nature of its experience? Medieval theologians sought to answer such questions but encountered troubling paradoxes stemming from the conviction that the resurrected body will be an impassible body or constituted from incorruptible matter. By the thirteenth century the resurrection demanded increased attention from Church authorities not only in response to certain popular heresies but also to calm heated debates at the University of Paris. William of Auvergne, Bishop of Paris, officially condemned ten errors in 1241 and in 1244, including the proposition that the blessed in the resurrected body will not see the divine essence. In 1270 Parisian Bishop Étienne Tempier condemned the view that God cannot grant incorruption to a corruptible body and in 1277 he rejected propositions that a resurrected body does not return as numerically one and the same and that God cannot grant perpetual existence to a mutable corruptible body. The Dominican scholar Albert the Great was drawn into the university debates in Paris in the 1240s and responded in the text translated here for the first time. In it, Albert considers the properties of resurrected bodies in relation to Aristotelian physics, treats the condition of souls and bodies in heaven, discusses the location and punishments of hell, purgatory, and limbo, and proposes a limbo of infants for unbaptized children. Albert's On Resurrection not only shaped the understanding of Thomas Aquinas but also that of many other major thinkers. Cognitio Dei Experimentalis Hans Geybels, 2007. How and why theological discourse uses religious experience? What kind of reflection was there about religious experience in the past? At what point during the history of Christianity did religious experience become an important epistemological category? What paradigm changes were at the basis of the diverse interpretations of religious experience? These are some of the questions addressed in this volume, a theological history of ideas about the historical development of the meaning of religious experience and how it evolves from a mode of knowing to an object for knowledge. In general, during Antiquity and the Middle Ages, theology creates experience and in certain modern and post-modern currents, experience creates theology; an end becomes a means. With regard to Antiquity, the Middle Ages, and Modernity, the author examines what is meant by religious experience and drafts the evolution of an intellectualistic concept that changes into an emotionally charged concept. Two research questions, however, recur: what do the different writers during different periods mean by religious experience and what is the object of that experience? *Encounter Between Eastern Orthodoxy and Radical Orthodoxy* Christoph Schneider, 2017-03-02. This book presents the first debate between the

contemporary movement Radical Orthodoxy and Eastern Orthodox theologians Leading international scholars offer new insights and reflections on a wide range of contemporary issues from a specifically theological and philosophical perspective The ancient notion of divine Wisdom Sophia serves as a common point of reference in this encounter Both Radical and Eastern Orthodoxy agree that the transfiguration of the world through the Word is at the very centre of the Christian faith The book explores how this process of transformation can be envisaged with regard to epistemological ontological aesthetical ecclesiological and political questions Contributors to this volume include Rowan Williams John Milbank Antoine Arjakovsky Michael Northcott Nicholas Loudovikos Andrew Louth and Catherine Pickstock
