## **St Basil On The Value Of Greek Literature:**

**De legendis gentilium libris** Basilius,1975      *The Ecclesiology of St. Basil the Great* Olga Druzhinina,2016-06-22 In this book Olga Druzhinina analyzes St Basil's understanding of the church paying special attention to his Trinitarian approach to its life Although the role of God the Trinity in the life of the church occupies a considerable place in St Basil's thought as Druzhinina demonstrates it is a subject that has not previously been addressed by scholars The analysis offered here of the life of the church as grounded in Trinitarian philanthropy provides fresh insights into St Basil's understanding of the worldwide fellowship of believers Druzhinina also brings into focus another neglected aspect of St Basil's ecclesiology his perception of the church as a two dimensional heaven and earth mystical reality with a strong bond between both parts the heavenly and the earthly      "Let the Little Children Come to Me" Cornelia B. Horn,John W. Martens,2009 Providing a wealth of detail about childhood and family structure this book explores the hidden lives of children at the origins of Christianity Let the Little Children Come to Me pays careful attention to the impact of gender class and slave status on children's lives

**Hermeneutics and the Rhetorical Tradition** Kathy Eden,2005-04-10 This book poses an eloquent challenge to the common conception of the hermeneutical tradition as a purely modern German specialty Kathy Eden traces a continuous tradition of interpretation from Republican Rome to Reformation Europe arguing that the historical grounding of modern hermeneutics is in the ancient tradition of rhetoric      *St. Basil and Greek Literature...*by Leo V. Jacks, A.M. Leo Vincent Jacks,1922      St. Basil the Great to Students on Greek Literature Basil Edward Raymond Maloney,2018-10-06 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public To ensure a quality reading experience this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy to read typeface We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant      **Greek Biography and**

**Panegyric in Late Antiquity** Tomas Hägg,Philip Rousseau,Christian Høgel,2000 How classical narrative models were adapted as early Christian culture took shape and developed      **The ^AOxford Handbook of Byzantine Literature** Stratis Papaioannou,2021-07-05 In twenty five chapters by leading scholars this volume propagates a nuanced understanding of Byzantine literature highlighting key problems and presenting basic research tools for an audience of specialists and non specialists      **The Church and the Charisma of Leadership in Basil of Caesarea** Paul J. Fedwick,2001-12-03      *John Colet* John B. Gleason,2023-04-28 This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a

backlist dating to 1893 *Voices Revived* makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1989      **Christianity and the Rhetoric of Empire** Averil Cameron,2023-09-01 Many reasons can be given for the rise of Christianity in late antiquity and its flourishing in the medieval world In asking how Christianity succeeded in becoming the dominant ideology in the unpromising circumstances of the Roman Empire Averil Cameron turns to the development of Christian discourse over the first to sixth centuries A D investigating the discourse s essential characteristics its effects on existing forms of communication and its eventual preeminence Scholars of late antiquity and general readers interested in this crucial historical period will be intrigued by her exploration of these influential changes in modes of communication The emphasis that Christians placed on language writing talking and preaching made possible the formation of a powerful and indeed a totalizing discourse argues the author Christian discourse was sufficiently flexible to be used as a public and political instrument yet at the same time to be used to express private feelings and emotion Embracing the two opposing poles of logic and mystery it contributed powerfully to the gradual acceptance of Christianity and the faith s transformation from the enthusiasm of a small sect to an institutionalized world religion Many reasons can be given for the rise of Christianity in late antiquity and its flourishing in the medieval world In asking how Christianity succeeded in becoming the dominant ideology in the unpromising circumstances of the Roman Empire Averil Cameron      **Encyclopedia of Greece and the Hellenic Tradition** Graham Speake,2021-01-31 Hellenism is the living culture of the Greek speaking peoples and has a continuing history of more than 3 500 years The Encyclopedia of Greece and the Hellenic Tradition contains approximately 900 entries devoted to people places periods events and themes examining every aspect of that culture from the Bronze Age to the present day The focus throughout is on the Greeks themselves and the continuities within their own cultural tradition Language and religion are perhaps the most obvious vehicles of continuity but there have been many others law taxation gardens music magic education shipping and countless other elements have all played their part in maintaining this unique culture Today Greek arts have blossomed again Greece has taken its place in the European Union Greeks control a substantial proportion of the world s merchant marine and Greek communities in the United States Australia and South Africa have carried the Hellenic tradition throughout the world This is the first reference work to embrace all aspects of that tradition in every period of its existence      *Christian Plain Style* Peter Auski,1995-01-03 Locating the roots of the plain style in secular and philosophic classicism Auski examines theories on classical rhetoric from Demetrius and Dionysius of Halicarnassus to Cicero and Quintilian He shows how biblicists deliberately transformed a heathen mode and demonstrates that rhetoric served a pragmatic function among the church fathers He also discusses the different responses of Renaissance translators rhetors polemicists and humanists to the stylized medieval inheritance paying particular attention to the issue of sacred plainness in preaching The epilogue provides a convincing argument for the decline of the plain style in the late seventeenth century and describes how the almost vanished

ideal of plainness was transformed by Methodists Quakers Mennonites Amish and Hutterites      Philosophy at the Festival: The Festal Orations of Gregory of Nazianzus and the Classical Tradition Byron MacDougall, 2022-10-04 Before serving as Bishop of Constantinople and becoming known to posterity as the Theologian Gregory of Nazianzus was an Athens trained professional teacher of Greek literature Steeped in the rhetorical culture of the Second Sophistic his orations for Christian feasts such as Christmas and Pentecost belong to a Classical tradition that privileged the performance of philosophy at festivals Widely copied and translated they were instrumental in Gregory becoming one of the most popular and influential authors in Byzantium This book shows how his orations represent a crucial point in the Late Antique reception of Platonism rhetorical theory and ancient festival culture      *Ancient Philosophy of Religion* Graham Oppy, N. N. Trakakis, 2014-09-12 The origins of the Western philosophical tradition lie in the ancient Greco Roman world This volume provides a unique insight into the life and writings of a diverse group of philosophers in antiquity and presents the latest thinking on their views on God the gods religious belief and practice Beginning with the pre Socratics the volume then explores the influential contributions made to the Western philosophy of religion by the three towering figures of Socrates Plato and Aristotle The chapters that follow cover the the leading philosophers of the major schools of the ancient world Epicureanism Stoicism Neoplatonism and the early Christian Church Ancient Philosophy of Religion will be of interest to scholars and students of Philosophy Classics and Religion while remaining accessible to any interested in the rich cultural heritage of ancient religious thought      New Heroes in Antiquity Christopher P. Jones, 2010-05-15 Heroes and heroines in antiquity inhabited a space somewhere between gods and humans In this detailed yet brilliantly wide ranging analysis Christopher Jones starts from literary heroes such as Achilles and moves to the historical record of those exceptional men and women who were worshiped after death This book wholly new and beautifully written rescues the hero from literary metaphor and vividly restores heroism to the reality of ancient life      *Experiencing Immersion in Antiquity and Modernity* Emma Cole, 2025-07-10 This book examines the links between experiencing immersion in antiquity and modernity Immersive experiences are big business within today's creative economy Forms range from immersive museum exhibitions theatrical performances art installations and experiences facilitated through virtual and augmented reality technologies Yet the idea of immersion is not new paintings sculpture and theatre have all been theorised historically in terms of illusion realism and immersion From antiquity to modernity there has been an interest in theorising the relationship between reality and virtual realities and in contemplating whether feeling present in an alternate universe is a sought after experience or something problematic and dangerous The chapters in this volume explore the warnings against immersion voiced by Plato and embodied in the figure of the Homeric sirens contrasted with the pro immersion perspectives championed by Aristotelian mimesis and embodied in the concept of enargeia The volume also examines the integration of the ancient world into immersive novels games museum exhibitions and theatrical performances Practice as Research contributions explore the benefits of this synergy from

practitioner perspectives Contributors from diverse fields including classical reception studies art history game studies heritage studies and theatre studies approach the interplay between antiquity and modernity from varied standpoints Together they uncover previously unforeseen connections across disciplines and lay the groundwork for future research and additional classically inflected immersive experiences **Literate Education in the Hellenistic and Roman Worlds**

Teresa Morgan,1998 This book offers an assessment of the content structures and significance of education in Greek and Roman society Drawing on a wide range of evidence including the first systematic comparison of literary sources with the papyri from Graeco Roman Egypt Teresa Morgan shows how education developed from a loose repertoire of practices in classical Greece into a coherent system spanning the Hellenistic and Roman worlds She examines the teaching of literature grammar and rhetoric across a range of social groups and proposes a model of how the system was able both to maintain its coherence and to accommodate pupils widely different backgrounds needs and expectations In addition Dr Morgan explores Hellenistic and Roman theories of cognitive development showing how educationalists claimed to turn the raw material of humanity into good citizens and leaders of society Conversion in Late Antiquity: Christianity, Islam, and Beyond Arietta

Papaconstantinou,Daniel L. Schwartz,2016-03-03 The papers in this volume were presented at a Mellon Sawyer Seminar held at the University of Oxford in 2009 2010 which sought to investigate side by side the two important movements of conversion that frame late antiquity to Christianity at its start and to Islam at the other end Challenging the opposition between the two stereotypes of Islamic conversion as an intrinsically violent process and Christian conversion as a fundamentally spiritual one the papers seek to isolate the behaviours and circumstances that made conversion both such a common and such a contested phenomenon The spread of Buddhism in Asia in broadly the same period serves as an external comparator that was not caught in the net of the Abrahamic religions The volume is organised around several themes reflecting the concerns of the initial project with the articulation between norm and practice the role of authorities and institutions and the social and individual fluidity on the ground Debates discussions and the expression of norms and principles about conversion conversion are not rare in societies experiencing religious change and the first section of the book examines some of the main issues brought up by surviving sources This is followed by three sections examining different aspects of how those principles were or were not put into practice how conversion was handled by the state how it was continuously redefined by individual ambivalence and cultural fluidity and how it was enshrined through different forms of institutionalization Finally a topographical coda examines the effects of religious change on the iconic holy city of Jerusalem **ST. BASIL THE GREAT**
