Committee RUSA ALA **Historical Dictionary of the Lesbian and Gay Liberation Movements** JoAnne

Myers, 2013-09-19 Not so long ago hardly anything was said of the Lesbian Liberation Movement and the Gay Liberation Movement indeed the terms gay and lesbian were not even used if some other expression could be found Today by contrast hardly a day passes when something important does not occur and is carried by the major media and disseminated on more personal levels through blogs and the social media If anything there is perhaps too much news and not enough information Obviously a book like this cannot keep up with the news but it can do something equally important when it comes to information by reminding us of the past and what has been going and just how fast events are moving The Historical Dictionary of the Lesbian and Gay Liberation Movements covers the history of this movement through a cross referenced dictionary with over 1000 entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions Including a comprehensive chronology and bibliography this book is an excellent access point for students researchers and anyone interested in learning more about the struggle for equality The A to Z of the Lesbian Liberation Movement

JoAnne Myers, 2009-08-20 The Lesbian Liberation Movement is both a movement that encompasses liberating a sexual practice from stigmatization and a political movement challenging the dual oppression of women by the patriarchy s assumption of male supremacy and heterosexuality Over the years much has been written on homosexuality and the Gay Liberation Movement yet much of the focus has been on male homosexuals especially male homosexual activity and the politics that activity raises The A to Z of the Lesbian Liberation Movement Still the Rage is a comprehensive overview and resource guide for one of the most invisible social political movements the Lesbian Liberation Movement This book helps to make the still active movement visible the history successes setbacks controversies and issues This book is a good resource for those studying this social political movement containing a chronology contextual overview dictionary entries that cover persons laws terminology issues and countries and an extensive bibliography of primary resources and current work The

A to Z of Homosexuality Brent L. Pickett, 2009-09-02 The history of sexuality is central to social history the history of ideas the realization or repression of human rights and other areas of focus This is also true about those who have had or do have what could be called minority sexualities Same sex attraction has generally been a minority sexuality it has been the object of tremendous repression and vociferous complaint but also one of praise by talented poets and philosophers The A to Z of Homosexuality provides a comprehensive survey of same sex relations from ancient China and Greece to the contemporary world It covers the gay rights movement from its origins in 19th century Europe to the nascent global network today Philosophic treatments such as natural law and queer theory along with legal issues and court decisions are included Global in its coverage of the variety of same sex relations their legal treatment and social norms concerning same sex attraction this reference includes a chronology an introductory essay a bibliography and cross referenced dictionary entries on specific countries and regions influential historical figures laws that criminalized same sex sexuality various historical terms that have been used to refer to aspects of same sex love and contemporary events and legal decisions

The Lesbian and Gay Movements Craig A Rimmerman, 2018-05-04 Throughout their relatively short history lesbian and gay movements in the United States have endured searing conflicts over whether to embrace assimilationist or liberationist strategies The Lesbian and Gay Movements explores this dilemma in both contemporary and historical contexts describing the sources of these conflicts to what extent the conflicts have been resolved and how they might be resolved in future Rimmerman also tackles the challenging issue of what constitutes movement effectiveness and how effective the assimilationist and liberationist strategies have been in three contentious policy arenas the military ban same sex marriage and AIDS Considerable attention is devoted to how policy elites presidents federal and state legislatures courts have responded to the movements grievances Since the publication of the first edition in 2007 there have been enormous changes in the landscape of lesbian and gay movements and rights The thoroughly revised second edition includes updated discussion of LGBT movements undertakings in as well the Obama administration s response to AIDS HIV policy the fight to legalize same sex marriage and overturn the Defense of Marriage Act and the repeal of Don t Ask Don t Tell

Lgbt, Encyclopedia of Lesbian, Gay, Bisexual, and Transgender History in America: Actors to gyms Marc Stein,2004
Online version of the 3 vol work published by Gale providing a comprehensive survey of lesbian and gay history and culture in the United States *Book Review Digest* ,2000 Authorship Contested Amy E. Robillard,Ron Fortune,2015-06-12 This volume explores a dimension of authorship not given its due in the critical discourse to this point authorship contested Much of the existing critical literature begins with a text and the proposition that the text has an author The debates move from here to questions about who the author is whether or not the author s identity is even relevant and what relationship she or he does and does not have to the text The authors contributing to this collection however ask about circumstances surrounding efforts to prevent authors from even being allowed to have these questions asked of them from even being identified as authors They ask about the political cultural economic and social circumstances that motivate a prospective audience to resist an author s efforts to have a text published read and discussed Particularly noteworthy is the range of everyday rhetorical situations in which contesting authorship occurs from the production of a corporate document to the publication of fan fiction Each chapter also focuses on particular instances in which authorship has been contested demonstrating how theories about various forms of contested authorship play out in a range of events from the complex issues surrounding peer review to authorship in the age of intelligent machines
