Skeat,2023-02-02 Reprint of the original The publishing house Anatiposi publishes historical books as reprints Due to their age these books may have missing pages or inferior quality Our aim is to preserve these books and make them available to the public so that they do not get lost      The Critical Review, Or, Annals of Literature ,1802      **Cambridge Greek Testament for School and Colleges** ,1914      **The Cambridge Bible for Schools and Colleges** ,1915      The Gospel According to Saint Mark John Hensley Godwin,1869      *Contributions Towards an Harmony of the Holy Gospels* Gilbert Rorison,1848      **St Mark's Gospel and the Christian Faith** Michael Keene,2002 Now fully revised to match the changes to AQA specification A option 1c The Christian Life and St Mark s Gospel      **The Gospel according to st. Luke, and the Acts of the Apostles* Edward Thomas M. Phillipps,1842      Jesus and YHWH-Texts in the Synoptic Gospels Scott Brazil,2024-02-21 Scott Brazil examines the frequent practice of applying Old Testament YHWH texts to Jesus in the Synoptic Gospels He argues that this YHWH text phenomenon evidences a high Christology in the primitive church that traces back to Jesus himself He thus finds in this Synoptic practice a stinging contradiction against the modern critical theory that a high Christology took many decades to develop in the early church and exists only in John among the canonical Gospels Brazil surveys the Synoptic Gospels in canonical order exegeting dozens of passages in which OT texts originally referring to YHWH are either clearly or most probably applied to Jesus He observes the frequency diversity and ubiquity of the practice as well as its wide range of OT source material and its parallel to the NT practice of applying OT messianic texts to Jesus And from the data he offers several ramifications including the early deliberate employment of YHWH texts to Jesus the likelihood that Jesus is the source of the practice the high Christology of the Synoptics and the redemptive historical metanarrative that Jesus is the divine interpreter and central figure of the Jewish Scriptures Ultimately Brazil argues that understanding the prolific application of OT YHWH texts to Jesus in the Synoptic Gospels cannot be neglected without truncating genuine NT Christology      *The Gospel According to Saint Mark* C. E. B. Cranfield,1977 The last fifty years have seen a shift of emphasis in New Testament scholarship When the task was to establish the text and to discuss the authenticity of the documents linguistic and historical considerations came first Now that these things are approaching a settled state it has become possible and necessary to give more attention to the theological and religious content of the New Testament Hence the New Testament is re examined by scholars in this new series Each volume takes a book of the New Testament and after an introduction on general matters goes through the text in great detail commenting especially on theological matters relating the contents to the life and worship of the early Christian communities It is assumed that students have their own

Greek text beside the open commentary The text on which the commentary is based is the Kilpatrick Nestle edition      **The Gospel According to Saint Mark** Alfred Walter Frank Blunt,1929      **Commentary on the Gospel According to Saint Mark** George Asbury McLaughlin,1910      **The Gospel According to Saint Mark** Willoughby Charles Allen,1915      **The Gospel according to saint Mark, in Anglo-Saxon and Northumbrian versions synoptically arranged, with collations [and the Lat. version of the Lindisfarne MS.] ed. by W.W.
