## Stalin And The Soviet Union:

*Stalin and the Soviet Union* Stephen J. Lee, 2005-06-20 *Stalin and the Soviet Union* offers new interpretations of recently uncovered archives examining the Soviet leader's domestic and foreign policy. It covers core topics such as Stalin's rise to power, the economy, society, culture, the Cold War, the Second World War, terror. For all students of Russia, Stalin and European history, this will prove essential reading and a clear background and guide to exam success. The Stalin Years Evan Mawdsley, 1998 This book looks at the entire Stalin era and includes chapters on ideology, politics, economic development, social change, nationalities, culture, and external relations. The final chapter deals with the Great Terror. Life in Stalin's Soviet Union Kees Boterbloem, 2019-09-05 *Life in Stalin's Soviet Union* is a collaborative work in which some of the leading scholars in the field shed light on various aspects of daily life for Soviet citizens. Split into three parts which focus on Food, Health, and Leisure, the Lived Experience, and Religion and Ideology, the book is comprised of chapters covering a range of important subjects including Food, Health, and Housing; Sex and Gender; Education; Religion; Christianity; Islam; and Judaism; Sport and Leisure; Festivals. There is detailed analysis of urban and rural life, as well as explorations of life in the gulag, life as a peasant, life in the military, and what it was like to be disabled in Stalin's Russia. The book also engages with the wider Soviet Union wherever possible to ensure the most in-depth discussion of life in all its minutiae under Stalin. This is a vitally important book for any student of Stalin's Russia keen to know more about the human history of this complex period of dictatorship. *Stalin and the Soviet Union* Josh Broome, 1988 Trotsky, Collectives, Kulaks, Five year plans, Labour camps, Purges, Show trials. **Cold Peace** Yoram Gorlizki, Oleg Khlevniuk, 2004 Based on previously unavailable archival sources, this award-winning book examines the least understood phase of Stalin's rule through the despot's relations with his closest colleagues. Stalin and the Soviet Science Wars Ethan Pollock, 2008-11-23 Between 1945 and 1953, while the Soviet Union confronted postwar reconstruction and Cold War crises, its unchallenged leader Joseph Stalin carved out time to study scientific disputes and dictate academic solutions. He spearheaded a discussion of scientific Marxist-Leninist philosophy, edited reports on genetics and physiology, adjudicated controversies about modern physics, and wrote essays on linguistics and political economy. Historians have been tempted to dismiss all this as the megalomaniacal ravings of a dying dictator. But in *Stalin and the Soviet Science Wars*, Ethan Pollock draws on thousands of previously unexplored archival documents to demonstrate that Stalin was in fact determined to show how scientific truth and Party doctrine reinforced one another. Socialism was supposed to be scientific, and science ideologically correct, and Stalin ostensibly embodied the perfect symbiosis between power and knowledge. Focusing on six major postwar debates in the Soviet scientific community, this elegantly written book shows that Stalin's forays into scholarship can be understood only within the context of international tensions, institutional conflicts, and the growing uncertainty about the proper relationship between scientific knowledge and Party-dictated truths. The nature of Stalin's interventions makes clear that more was at stake than high politics; these science

wars were about asserting that the Party was rational and modern and about codifying the Soviet worldview in a battle for the hearts and minds of people around the globe during the early Cold War Ultimately however the effort to develop a scientific basis for Soviet ideology undermined the system's legitimacy Stalin and Stalinism Alan Wood, 2005 Stalin and Stalinism examines Stalin's ambiguous personal and political legacy his achievements and his crimes all the subject of major reappraisal both in the West and in the former Soviet Union Popular Opinion in Stalin's Russia Sarah Rosemary Davies, 1997-10-02 Between 1934 and 1941 Stalin unleashed what came to be known as the Great Terror against millions of Soviet citizens The same period also saw the Great Retreat the repudiation of many of the aspirations of the Russian Revolution The response of ordinary Russians to the extraordinary events of this time has been obscure Sarah Davies's study uses NKVD and party reports letters and other evidence to show that despite propaganda and repression dissonant public opinion was not extinguished The people continued to criticise Stalin and the Soviet regime and complain about particular policies The book examines many themes including attitudes towards social and economic policy the terror and the leader cult shedding light on a hugely important part of Russia's social political and cultural history **Stalin** Colin Campbell, Colin Campbell-Hunt, 1987 Russian revolution The Iron Curtain **The Stalin Years** Evan Mawdsley, 2003-09-06 Looking at the entire Stalin era this book contains chapters on ideology politics economic development social change nationalities culture and external relations and the Great Terror An updated bibliography including a wealth of recent English language work on the rule of Stalin is included Stalin's Ladder Elias Tobenkin, 1933 **The Soviet Union Since Stalin** Stephen F. Cohen, Alexander Rabinowitch, Robert S. Sharlet, 1980 **Soviet Law After Stalin** Donald D. Barry, George Gingsburgs, Peter B. Maggs, 1979 **Life in Stalin's Soviet Union** Kees Boterbloem, Life in Stalin's Soviet Union is a collaborative work in which some of the leading scholars in the field shed light on various aspects of daily life for Soviet citizens Split into three parts which focus on Food Health and Leisure the Lived Experience and Religion and Ideology the book is comprised of chapters covering a range of important subjects including Food Health and Housing Sex and Gender Education Religion Christianity Islam and Judaism Sport and Leisure Festivals There is detailed analysis of urban and rural life as well as explorations of life in the gulag life as a peasant life in the military and what it was like to be disabled in Stalin's Russia The book also engages with the wider Soviet Union wherever possible to ensure the most in depth discussion of life in all its minutiae under Stalin This is a vitally important book for any student of Stalin's Russia keen to know more about the human history of this complex period of dictatorship Joseph Stalin: Dictator of the Soviet Union Linda Cernak, 2015-08-01 This biography examines the life of Joseph Stalin using easy to read compelling text Through striking historical and contemporary images and photographs and informative sidebars readers will learn about Stalin's family background childhood education and his time as dictator of the Soviet Union Informative sidebars enhance and support the text Features include a table of contents timeline facts page glossary bibliography and an index Aligned to Common Core Standards and

correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO Economic Problems of Socialism in the U. S. S. R. Joseph Stalin, 2013-10-05 Written shortly before his death this work is regarded as Soviet leader Joseph Stalin's political testament Far more than just a dry theoretical economic discussion this book provides a fascinating and unique insight into the economic social and political thinking of the man who led the Communist juggernaut from 1924 to 1953 Directed to internal Communist Party comrades in response to discussions on the economy of the Soviet Union this work details Stalin's interpretation of the basic economic laws of modern capitalism and socialism the character of economic laws under Soviet style socialism commodity production the law of value and the elimination of the antithesis and distinctions between town and country and mental and physical labour Finally Stalin presents what he predicted would be the deepening crisis of the world capitalist system and the inevitability of wars between capitalist countries While much of Stalin's predictions were wholly incorrect parts of his critique of capitalism proved valid and were borne out by developments long after his time A fascinating historical document first published in Red China in 1972 **Assured Victory** Albert L. Weeks, 2011-01-19 This book documents dictator Joseph Stalin's brilliant tactics as well as missteps in taking preemptive actions that guaranteed ultimate victory over the German invaders It also covers the policies implemented after the war that made the Soviet Union a menace to world peace and led to collapse of Soviet rule A detailed reexamination of historical facts indicates that Stalin could deserve to be regarded as a great leader Yet Stalin clearly failed as his nation's leader in a post World War II milieu where he delivered the Cold War instead of rapid progress and global cooperation It is the proof of both Stalin's brilliance and blunders that makes him such a fascinating figure in modern history Today most of the Russian population acknowledges that Stalin achieved greatness The Soviet dictator's honored place in history is largely due to Stalin successfully attending to the Soviet Union's defense needs in the 1930s and 1940s and leading the USSR to victory in the war on the Eastern Front against Nazi Germany and its allies This book provides an overdue critical investigation of how the Soviet leader's domestic and foreign policies actually helped produce this victory and above all how Stalin's timely support of a wartime alliance with the Western capitalist democracies assured the defeat of the Axis powers in 1945 Joseph Stalin and the Soviet Union Kevin Cunningham, 2006 Learn about the ruthless leader and the nation he helped build **Stalin, and the Shaping of the Soviet Union** Alex De Jonge, 1987 Profiles the man whose ruthless and single minded quest for personal power led him from an impoverished childhood to the pinnacle of authority where he ordered the murder of thousands of his countrymen Stalin and Europe Timothy Snyder, Ray Brandon, 2014 A volume of original essays that reassesses the Soviet Union's impact on Europe before during and after World War II
