

En 1927, la révolution soviétique a dix ans. Après des années de guerre civile qui ont dévasté le pays, la reconstruction économique est achevée grâce à la Nouvelle politique économique (la N.E.P.). En dépit des progrès économiques et culturels réels, la situation de l'Union soviétique reste cependant difficile.

La bureaucratie joue un rôle de plus en plus important. Le Parti communiste de l'U.R.S.S. exerce depuis la fin de la guerre civile une dictature totale avec l'aide du Guépéou, la police politique. Staline, secrétaire général du Parti, déjà maître du pouvoir malgré les avertissements de Lénine (mort en 1924), élimine l'opposition dirigée par Trotsky, le fondateur et l'ancien chef de l'Armée Rouge.

Jean Elleinstein publie ici le scénario du film qu'il a écrit pour "les dossiers de l'écran", *Staline-Trotsky, le Pouvoir et la Révolution*, et en commente les données historiques. A partir d'une biographie de Trotsky, il montre les véritables origines du stalinisme qui n'est rien d'autre que la forme monstrueuse prise par un Etat tout-puissant, et il pose en termes brutaux le problème fondamental de la démocratie politique et des libertés publiques en Union soviétique.

Staline Trotsky Le Pouvoir Et La Revo:

Trotsky Ernest Mandel, 2017-11-10 Leon Trotsky was the most important contributor to the development of revolutionary Marxism this century after Lenin As exiled militant or Soviet statesman party organizer or public orator as political analyst soldier or commentator on cultural trends he was centrally involved in the world historic upheavals of his time and foremost among the interpreters of their significance for socialism Yet the fate of his achievement was dramatically discrepant from Lenin s At the latter s death in 1924 his revolutionary authority was at its zenith In the Soviet Union his writings were consecrated as repository of a finished dogma Leninism Abroad his thought was interpreted in way much closer to its own original spirit by Georg Lukcs whose remarkable Lenin sought to elicit its unity and actuality for a later revolutionary generation In polar contrast factional assault official disgrace and proscription anathema and slander were the conditions of Trotsky s later life and activity until his assassination in 1940 and the unvarying background of any reaffirmation of his heritage for decades afterwards Systematic publication of his writings was beyond the means of his political followers whose internal discussions of his ideas were supplemented only by the attentions of liberal where not reactionary academics In the last decade however with the resurgence of the political formations associated with his name Trotsky s political role and ideas have again become topics of vigorous debate among socialists Ernest Mandel s book makes possible a necessary extension of this debate by providing the first ever synthetic account of the development of Trotsky s Marxism in its successive encounters with the key problems and crises of the epoch The Russian revolution and the theme of uneven development the construction of revolutionary parties the struggle against fascism and imperialism at large the nature of Stalinism and the prospect of a full socialist democracy are all discussed in a compact study that makes a fitting and long overdue counterpart to Lukcs s historic study of fifty years ago

Western Marxism and the Soviet Union Marcel van der Linden, 2007-06-30 The Russian Question was an absolutely central problem for Marxism in the twentieth century Numerous attempts were made to understand the nature of Soviet society The present book tries to portray the development of these theoretical contributions since 1917 in a coherent comprehensive appraisal It aims to present the development of the Western Marxist critique of the Soviet Union across a rather long period in history from 1917 to the present and in a large region Western Europe and North America Within this demarcation of limits in time and space an effort has been made to ensure completeness by paying attention to all Marxist analyses which in some way significantly deviated from or added to the older theories

A Show Trial Under Lenin M. Jansen, 2012-12-06 Soviet Russia will conquer all the millions of problems that stand in its way on one condition as long as the cause of the political education of the broad masses of the people continually advances We have nothing to be afraid of if our people fully learns to distinguish who are its friends and who are its enemies The trial of the Socialist Revolutionaries must and shall be a great step forward in the cause of the political instruction of the very broadest masses in town and country Grigorii Zinov ev Pravda and

On Trotskyism Kostas Mavrakis, 2014-02-04 Trotsky brilliant publicist enthusiastic speaker organizer of the Red Army eminent member of the Bolshevik Party during the first years of the Russian Revolution has often been depicted as a romantic figure by biographers Kostas Mavrakis does not see him in this light Mavrakis submits Trotsky his thought and work to a severe but fair critical examination Among the issues reassessed by this controversial scholar are Trotsky's incapacity for concrete analysis the economism he shares with Stalin his concepts of permanent revolution as compared with those of Lenin and Mao his views and those of Stalin on the Chinese Revolution the fundamental traits of Trotskyism and of the different trotskyist organizations

Avec *Où va l'URSS de Gorbatchev* Ernest Mandel montre pourquoi les phénomènes actuellement à l'œuvre en Union soviétique constituent l'événement international le plus important depuis la victoire de la révolution chinoise en 1949. Pour expliquer les transformations en cours il ne part pas du rôle du personnel de Gorbatchev même si l'effet d'atonateur d'une série de ses initiatives ne saurait être contesté mais d'une tude de la révolution et des contradictions de la société soviétique depuis la mort de Staline. Les leçons du 26 mars 1989 des représentants au Congrès des députés du peuple viennent de confirmer les analyses d'Ernest Mandel : c'est bien la classe ouvrière soviétique et non pas seulement les intellectuels qui s'est emparée de la glasnost et s'en est servie comme d'une arme pour exprimer son mécontentement. Même si les luttes les plus spectaculaires se développent dans les républiques périphériques comme l'Arménie, la Géorgie ou les pays Baltes, les résultats électoraux tant Moscou qu'à Leningrad montrent qu'en Russie également la glasnost a des répercussions en profondeur. L'élection de nombreux bureaucrates pris en défaut par le bureau politique du PCUS prouve que le processus de démocratisation en cours est loin d'être strictement contrôlé et canalisé par Gorbatchev. Conomiste marxiste Ernest Mandel analyse également la perestroïka : c'est dire l'ensemble des formes que Gorbatchev et les siens cherchent d'introduire dans le système économique. Il nous fournit un guide pour suivre un bouleversement qui concerne toute l'humanité tant il est vrai que les phénomènes que vit l'URSS quelle qu'en soit l'issue branleront le monde.
