Stalins Heirs:

Stalin's Heirs George Gordon Young, 1953 **Remembering Stalin's Victims** Kathleen E. Smith, 2018-05-31 In *Remembering Stalin's Victims* Kathleen E. Smith examines how government reformers' repudiation of Stalin's repressions both in the 1950s and in the 1980s created new political crises. Drawing on interviews, she tells the stories of citizens and officials in conflict over the past. She also addresses the underlying question of how societies emerging from repressive regimes reconcile themselves to their memories. Soviet leaders twice attempted to liberalize communist rule, and both times their initiatives hinged on criticism of Stalin. During the years of the Khrushchev thaw and again during Gorbachev's glasnost, anti-Stalinism proved a unique catalyst for democratic mobilization. Under Gorbachev, dissatisfaction with half-truths about past atrocities united citizens from all walks of life in the Memorial Society, an independent mass movement that eventually challenged the very notion of reform communism. Smith investigates why citizens risked confrontation with the Communist Party in order to promote recognition of the victims of Stalinism and recompense for their survivors. Efforts to acknowledge the bitter legacy of totalitarian rule while originally supporting a stable state-society reform coalition ultimately provoked radical demands for openness about the past, official accountability, and institutional guarantees of human rights. Smith explains the battle over the Soviet past; she suggests not only that it illuminates the dynamic between elite and mass political actors during liberalization but also reveals the scars that totalitarian rule has left on Russian society and the long-term obstacles to reform it has created.

The Russian Mind Since Stalin's Death Yuri Glazov, 2012-12-06 I have been working on this book since leaving Russia in April of 1972. It was my wish to write this book in English, and there were what seemed to me to be serious reasons for doing so. In recent years, there has appeared a wealth of literature in Russian about Russia. As a rule, this literature has been published outside the USSR by authors who still live in the Soviet Union or who have only recently left it. A fair amount of important literature is being translated into English, but I believe it will be read mainly by specialists in Russian studies or by those who have a great interest in the subject already. The majority of Russian authors write, of course, for the Russian reader or for an imagined Western public. It is my feeling that Russian authors have serious difficulties in understanding the mentality of Westerners and that there still exists a gap between the visions of Russians and non-Russians. I have made my humble attempt to bridge this gap, and I will be happy if I am even partly successful. The Russian world is indeed fascinating. Many people who visit Russia for a few days or weeks find it a country full of historical charm, fantastic architecture, and infinite mystery. For many inside the country, especially for those in conflict with the Soviet authorities,

Stalin's Heirs George Gordon Young, 1953 The Gulag After Stalin Jeffrey S. Hardy, 2016-10-18 In *The Gulag After Stalin*, Jeffrey S. Hardy reveals how the vast Soviet penal system was reimagined and reformed in the wake of Stalin's death. Hardy argues that penal reform in the 1950s was a serious endeavor intended to transform the Gulag into a humane institution that reeducated criminals into honest Soviet citizens. Under the leadership of Minister of Internal Affairs Nikolai

Dudorov a Khrushchev appointee this drive to change the Gulag into a progressive system where criminals were reformed through a combination of education vocational training leniency sport labor cultural programs and self governance was both sincere and at least partially effective The new vision for the Gulag faced many obstacles Reeducation proved difficult to quantify a serious liability in a statistics obsessed state The entrenched habits of Gulag officials and the prisoner guard power dynamic mitigated the effect of the post Stalin reforms And the Soviet public never fully accepted the new policies of leniency and the humane treatment of criminals In the late 1950s they joined with a coalition of party officials criminologists procurators newspaper reporters and some penal administrators to rally around the slogan The camp is not a resort and succeeded in reimposing harsher conditions for inmates By the mid 1960s the Soviet Gulag had emerged as a hybrid system forged from the old Stalinist system the vision promoted by Khrushchev and others in the mid 1950s and the ensuing counterreform movement This new penal equilibrium largely persisted until the fall of the Soviet Union
