Stalins Nose:

Breaking Stalin's Nose Eugene Yelchin, 2024-09-04 An affecting novel This Newbery Honor book offers timeless lessons about dictatorship disillusionment and personal choice San Francisco Chronicle One of The Horn Book's Best Fiction Books of the Year Sasha Zaichik has known the laws of the Soviet Young Pioneers since the age of six A Young Pioneer is devoted to Comrade Stalin the Communist Party and Communism A Young Pioneer is a reliable comrade and always acts according to conscience A Young Pioneer has a right to criticize shortcomings But now that it is finally time to join the Young Pioneers the day Sasha has awaited for so long everything seems to go awry He breaks a classmate's glasses with a snowball He accidentally damages a bust of Stalin in the school hallway And worst of all his father the best Communist he knows was arrested just last night This moving story of a ten year old boy's world shattering is masterful in its simplicity powerful in its message and heartbreaking in its plausibility Mr Yelchin has compressed into two days of events an entire epoch giving young readers a glimpse of the precariousness of life in a capricious yet ever watchful totalitarian state The Wall Street Journal Yelchin's debut novel does a superb job of depicting the tyranny of the group A story just as relevant in our world as that of Yelchin's childhood Kirkus Reviews This brief novel gets at the heart of a society that asks its citizens even its children to report on relatives and friends Appropriately menacing illustrations by first time novelist Yelchin add a sinister tone The Horn Book starred review *Stalin's Nose* Rory MACLEAN, 1993 *Stalin's Nose* Rory MacLean, 1994-09-01 *Breaking Stalin's Nose*, 2011-09-27 In the Stalinist era of the Soviet Union ten year old Sasha idolizes his father a devoted Communist but when police take his father away and leave Sasha homeless he is forced to examine his own perceptions values and beliefs **Stalin's Nose** Rory MACLEAN, 1993 **Stalin's Nose** Rory MacLean, 1992 Breaking Stalin's Nose a Comprehensive Study Guide Rivky Tress, Rivky Grossman, 2018-06-20 **Stalin's Falcons** Dmitry Zubov, 2024-05-31 In this stunning expos Dmitry Zubov reveals the dark truth of the terrible losses suffered by Soviet flyers the inferiority of the Russian aircraft on World War II's Eastern Front and the almost slave like conditions in which those aircraft were made The Soviet history of the Second World War written under the conditions of a totalitarian regime reflected all its features with the result that it includes solid sets of patriotic fables that have no connection with reality Many of the events of the war were distorted beyond recognition or even made up from beginning to end Archives containing original documents were available only to selected specially verified KGB historians who presented only the version of the war that was acceptable to the Soviet regime After the collapse of the Soviet Union the process of declassifying archives and gaining wide access to information gradually began to reveal the terrible truth of the crimes of the Soviet regime One of which of course was the incompetent leadership of the Red Army which led to massive loss of life across the military and civilians alike However the consequences of decades of Soviet propaganda had a strong impact on both Russian and world historical science Because of this not only Russian but unfortunately many European and American historians found themselves repeating the Soviet myths they had

been fed The history of Soviet fighter aircraft did not escape this fate The tale of Stalin's so called Falcons who allegedly shot down dozens and even hundreds of Luftwaffe aircraft was persistently drummed into the heads of many generations of Russian people These heroes supposedly flew Soviet fighters whose technical characteristics were many times superior to their German counterparts with the result that Luftwaffe aces were reportedly afraid of meeting them in the air These primitive propaganda clichés became a model for describing the actions of Stalin's fighter aircraft In this stunning exposé Stalin's Falcons reveals the stark and dark truth of the terrible losses suffered by Soviet flyers the inferiority of the Russian aircraft and the almost slave like conditions in which those aircraft were made *Common Core Curriculum: World History, Grades 3-5* Great Minds, 2014-03-10 Comprehensive Common Core curriculum for World History Grades 3-5 The Alexandria Plan is Common Core's curriculum tool for the teaching of United States and World History It is a strategic framework for identifying and using high quality informational texts and narrative nonfiction to meet the expectations of the Common Core State Standards CCSS for English Language Arts ELA while also sharing essential historical knowledge drawn from the very best state history and civics standards from around the country The curriculum is presented in this four volume series Common Core Curriculum United States History Grades K-2 Common Core Curriculum World History Grades K-2 Common Core Curriculum United States History Grades 3-5 and Common Core Curriculum World History Grades 3-5 Features of each book include Learning Expectations which articulate the key ideas events facts and figures to be understood by students in a particular grade span Suggested anchor texts for each topic In depth text studies comprised of text dependent questions student responses and assessments based on a featured anchor text Select additional resources Concise Era Summaries that orient both teachers and students to the historical background The curriculum helps teachers pose questions about texts covering a wide range of topics This volume Common Core Curriculum World History Grades 3-5 introduces upper elementary students to 18 key eras in world history from the discovery of fire to modern globalization through stories that they will treasure forever **The Stalin Cult** Jan Plamper, 2012-01-17 Between the late 1920s and the early 1950s one of the most persuasive personality cults of all times saturated Soviet public space with images of Stalin A torrent of portraits posters statues films plays songs and poems galvanized the Soviet population and inspired leftist activists around the world In the first book to examine the cultural products and production methods of the Stalin cult Jan Plamper reconstructs a hidden history linking artists party patrons state functionaries and ultimately Stalin himself in the alchemical project that transformed a pock marked Georgian into the embodiment of global communism Departing from interpretations of the Stalin cult as an outgrowth of Russian mysticism or Stalin's psychopathology Plamper establishes the cult's context within a broader international history of modern personality cults constructed around Napoleon III Mussolini Hitler and Mao Drawing upon evidence from previously inaccessible Russian archives Plamper's lavishly illustrated and accessibly written study will appeal to anyone interested in twentieth century history visual studies the politics of representation dictator biography
