Copyright Office, 1972 *Postcard Collector* Barbara Andrews, 2012-10-15 An exciting overview of the manufacturers design and subject matter used in 19th and 20th century American postcards **Real Photo Postcard Guide** Robert Bogdan, Todd Weseloh, 2006-09-21 The Real Photo Postcard Guide is an informative comprehensive and practical treatment of this wildly popular American phenomenon that dominated the United States photographic market during the first third of the twentieth century Robert Bogdan and Todd Weseloh draw on extensive research and observation to address all aspects of the photo postcard from its history origin and cultural significance to practical matters like dating purchasing condition and preservation Illustrated with over 350 exceptional photo postcards taken from archives and private collections across the country the scope of the Real Photo Postcard Guide spans technical considerations of production characteristics of superior images collecting categories and methods of research for dating photo postcards and investigating their photographers In a broader sense the authors show how real photo postcards document the social history of America From family outings and workplace awards to lynchings and natural disasters every image captures a moment of American cultural history from the society that generated them Bogdan and Weseloh s book provides an admirable integration of informative text and compelling photographic illustrations Collectors archivists photographers photo historians social scientists and anyone interested in the visual documentation of America will find the Real Photo Postcard Guide indispensable **Library of Congress Catalogs** Library of Congress, 1970 **Paper Machines** Markus Krajewski, 2023-12-26 Why the card catalog a paper machine with rearrangeable elements can be regarded as a precursor of the computer Today on almost every desk in every office sits a computer Eighty years ago desktops were equipped with a nonelectronic data processing machine a card file In *Paper Machines* Markus Krajewski traces the evolution of this proto computer of rearrangeable parts file cards that became ubiquitous in offices between the world wars The story begins with Konrad Gessner a sixteenth century Swiss polymath who described a new method of processing data to cut up a sheet of handwritten notes into slips of paper with one fact or topic per slip and arrange as desired In the late eighteenth century the card catalog became the librarian s answer to the threat of information overload Then at the turn of the twentieth century business adopted the technology of the card catalog as a bookkeeping tool Krajewski explores this conceptual development and casts the card file as a universal paper machine that accomplishes the basic operations of Turing s universal discrete machine storing processing and transferring data In telling his story Krajewski takes the reader on a number of illuminating detours telling us for example that the card catalog and the numbered street address emerged at the same time in the same city Vienna and that Harvard University s home grown cataloging system grew out of a librarian s laziness and that Melvil Dewey originator of the Dewey Decimal System helped bring about the

technology transfer of card files to business Catalog of Copyright Entries, Third Series Library of Congress.
