McShane, Franklin P. Williams, 1993 Section 1 pages 1 to 68 presents an overview of the literature on prison management and the results of a national survey of wardens which enquired into actual management styles problem solving techniques and decision making approaches The national survey aimed to determine how much the literature reflected the wardens management practices Findings showed that corrections management largely reflects the literature in that it has inconsistencies an emphasis on personnel experience and an inward focus These results were used to develop a perspective focusing on a humane and caring relationship between manager and staff Section 2 pages 72 to 301 contains abstracts of the 100 most important works both essay and research on correctional institution management Humane Health Care for Prisoners Kenneth L. Faiver, 2017-05-05 A useful research resource and handy reference this book discusses the many important ethical and legal issues that arise in the delivery of health care to prisoners at correctional facilities It references national standards of professional practice as well as the advice of recognized experts The mission of corrections is the care and custody of prisoners with a view to public safety within a place dedicated to punishment while the mission of the medical and mental health professionals in a corrections facility is to care for the health and well being of the prisoners Both have a duty to provide care but their differing roles and objectives give rise to ethical role conflict and disagreement regarding appropriate care strategies Humane Health Care for Prisoners considers important ethical and legal issues that arise in the delivery of health care to prisoners covering topics such as privacy confidentiality informed consent extended isolation and solitary confinement use of mace strip searches and body cavity searches and medical experimentation on prisoners as human subjects It also considers participation by health care professionals in capital punishment coerced substance abuse treatment how much health care to provide organizational structure and hierarchy cooperation between correctional and health care staff and the importance of recognizing mental illness as a chronic condition This book is informative for

professionals working in corrections facilities such as physicians psychiatrists psychologists nurses wardens jail administrators sheriffs and corrections officials as well as legislators and decision makers attorneys involved in correctional healthcare lawsuits students of criminal justice and those seeking to work in the field of correctional health care or in corrections Additionally students and professors of medical ethics will find this book helpful in illustrating real life topics for research and discussion

Directory of Criminal Justice Information Sources, 1992 **Library Services to the Incarcerated** Sheila Clark, Erica MacCreaigh, 2006-08-30 Learn how to provide exemplary library service to individuals in prison or jail by applying the public library model when working with inmate populations These authors a jail librarian and an outreach librarian offer a wealth of insights and ideas answering questions about facilities and equipment collection development services and programming computers and the Internet managing human resources including volunteers and inmate workers budgeting and funding and advocacy within the facility and in the community The approach is practical and down to earth with numerous examples and anecdotes to illustrate concepts More than 2 million adults are serving time in correctional facilities and hundreds of thousands of youth are in juvenile detention centers There are more than 1 300 prisons and jails in the United States and about a third as many juvenile detention centers Inmates as much or more than the general population need information and library services They represent one of the most challenging and most grateful populations you as a librarian can work with This book is intended to aid librarians whose responsibilities include serving the incarcerated either as full time jail or prison librarians or as public librarians who provide outreach services to correctional facilities It is also of interest to library school students considering careers in prison librarianship The authors a jail librarian and an outreach librarian show how you can apply the public library model to inmate populations and provide exemplary library service They offer a wealth of ideas answering questions about facilities and equipment collection development services and programming computers and the Internet managing human resources including volunteers and inmate workers budgeting and funding and advocacy within the facility and in the community The approach is practical and down to earth with numerous examples and anecdotes to illustrate ideas
