## **The Gun And The Olive Branch:**

**The Gun and the Olive Branch** David Hirst, 2003 More than a decade before Israel's New Historians revolutionized the study of Israeli history English journalist David Hirst wrote *The Gun and the Olive Branch* a classic myth breaking general history of the Israeli Palestinian conflict Hirst former Middle East correspondent of the Guardian traces the origins of the terrible conflict back to the 1880s to show how Arab violence although often cruel and fanatical is a response to the challenge of repeated aggression *The Gun and the Olive Branch* is an absorbing potentially controversial history of the Middle Eastern conflict that is indispensable to anyone with an interest in world politics and by partisans of both sides This classic and controversial account of the origins of the Middle East conflict returns to print updated with a lengthy introduction that reflects on the course of recent Middle Eastern history especially the abortive Israeli Palestinian peace process and 9 11

and lucidity the intricate interplay between Lebanon and its geopolitical environment This history of Lebanon is also a history of the whole Middle East and above all of the Arab Israeli conflict Several states from inside the region and beyond have impinged on Lebanon throughout its history invading attacking and occupying it but none has done so more strenuously and disruptively than Israel Hirst who has been banned from traveling in six Arab states and was kidnapped twice during Lebanon s civil war takes an unsparing look at Israel s role providing extraordinary accounts of the invasions of 1982 and 2006 as well as Israel s shock and awe attack on Gaza in early 2009 Hirst warns that only serious diplomatic action from the new Obama administration can prevent the next proxy war spiraling into a conflict that engulfs the entire region The War of the Rebellion United States.
