The Healthy Heart Cookbook:

The Healthy Heart Cookbook for Dummies® James M. Rippe, 2009-10-29 Julia Child in her classic book *The Way to Cook* published by Knopf writes of her concern that low fat cooking may rob us of the pleasures of the table I couldn't agree more There is no reason for low fat low cholesterol heart healthy cooking to rob us of the pleasures of food Eating is one of the great joys of life And food doesn't have to be grim and punishing in order for it to be healthy for your heart In this book with the assistance of over 50 top chefs I show you how to make heart healthy cooking one of the great pleasures of the table You'll be surprised at how simple measures can help you cut the fat without cutting the taste The recipes in this book are not your run of the mill low fat recipes Here you'll find gourmet recipes that are easy to make and taste great Although I care passionately about the links between nutrition and the healthy heart I am not a food cop My background as both a cardiologist and a chef make me uniquely suited not only to care for your heart but also to provide you with meals that won't leave you feeling deprived I recognize that in order for people to change their habits they must be given food options that are tasty and exciting The nutrition aspects of food must meld with pleasure and taste So *The Healthy Heart Cookbook For Dummies* is about great tasting heart healthy nutrition I want to make you the heart healthiest most satisfied eater and reader ever to walk this planet

Healthy Heart Cookbook Oded Schwartz, 2000 Written in association with the American College of Physicians the *Healthy Heart Cookbook* describes the connection between heart disease and diet and explains why foods such as garlic oats fatty fish and fruits and vegetables protect the heart It shows how to plan menus to achieve a well balanced low fat diet and explains the benefits of healthy cooking techniques such as searing and steaming In addition it explains how the heart works and the nature of heart disease Award winning cookbook writer Oded Schwartz has devised over 100 appetizing recipes that prove that a diet for a healthy heart can taste delicious and meet the requirements of someone with heart disease All recipes have been reviewed by the American College of Physicians and include tasty delights such as Broiled Mackerel with Citrus Salsa Roast Garlic and Pepper Salad and Peach and Ginger Meringue Pie
