Greenidge Though published posthumously the work stands alone as a valuable contribution to Classical history Beginning with a socioeconomic history which exposes the conditions preceding and determining the great conflict of interests to follow Greenidge then explores the story of Rome from Scipio Aemilianus and the Gracchi brothers until the second election of Marius to the consulship *A History of Rome* Abel Hendy Jones Greenidge, 1904 **Rome During the Later Republic (Serapis Classics)** A. H. J. Greenidge, 2017-11-12 The period of Roman history on which we now enter is like so many that had preceded it a period of revolt directly aimed against the existing conditions of society and through the means taken to satisfy the fresh wants and to alleviate the suddenly realised if not suddenly created miseries of the time indirectly affecting the structure of the body politic The difference between the social movement of the present and that of the past may be justly described as one of degree in so far as there was not a single element of discontent visible in the revolution commencing with the Gracchi and ending with Caesar that had not been present in the earlier epochs of social and political agitation *A History of Rome During the Later Republic and Early Principate* Abel Hendy Jones Greenidge, 1904
