Harrison,2009-12-16 I was sixteen years old and riding my moped on my way home from work at the local veterinarian s office in training for the day I would have my degree and be a full fledged veterinarian The next thing I knew I saw a truck coming at me and then I was flying up in the air crashing down on my skull Subsequently I found myself standing in the presence of God very aware that I was now dead I knew I was too young to die I demanded to be sent back to finish my life on earth It was communicated to me that if I chose to go back that it would be a difficult life and a spiritual evolution for me there was something special I was supposed to achieve and that it would not be the life I had always expected to live Knowing all that I still wanted to come back Why did this happen to me I screamed in my mind for years and years after that The life I have lived since then and writing about it in this book is the reason I was sent back and the answer to that question
