Adrian, 1997 This is a print on demand book and is therefore non returnable This timely look at the state of Christian higher education in America contains descriptive historical narratives that explore how fourteen Christian colleges and universities are successfully integrating faith and learning on their campuses despite the challenges posed by the increasingly pluralistic nature of modern culture Written by respected representatives from seven major faith traditions Roman Catholic Lutheran Reformed Mennonite Evangelical Wesleyan Holiness and Baptist Restorationist these narratives are also preceded by introductory essays that define the worldview and theological heritage of each given tradition and ask what that tradition can contribute to the task of higher education     Reforming American Politics Harold Heie, 2019-06-04 Christianity and political conflict are paired so often in daily headlines that Harold Heie's message is astonishing A lifelong practitioner of respectful engagement with others Heie lifts up core Christian values that can transform toxic confrontations into constructive conversations He proposes a Way Forward beyond the us versus them tribalistic fighting mentality that currently plagues politics As a Christian Heie believes that Jesus has called all his followers

to love their neighbors Providing someone who disagrees with you a safe and welcoming space to express that disagreement and then talking respectfully about your disagreement is a deep expression of love In *Reforming American Politics* Heie aims to model respectful conversations among Christians who have strong disagreements about How Christians and others should talk to one another about political issues The meaning of politics and the appropriate scope of political activity Public policy proposals that are hotly debated He recommends a Way Forward for Christians and others to seek to reform American politics that presents a stark contrast to current ways of doing politics In his research for this book Heie worked with 23 diverse conversation partners for 10 months of online discussions His electronic forum is an eCircle that attracted readers nationwide Best selling evangelical historian Mark Noll writes In an age of flaming rhetoric fractious politics and fissiparous ideology Harold Heie exemplifies a much better way The discussions he moderates in this book treat red hot issues like immigration health care economic inequality and money in politics as well as more general considerations of Christian principles Christian prudence and Christian practice The marvel for readers will be to see believers airing their differences frankly but doing so with Christian friendship preserved and Christian wisdom to the forefront It is hard to imagine a better book for times like these Award winning journalist and scholar of American religion Randall Balmer also urges readers to explore Heie s thoughtful approach to encouraging dialogue by basing his appeal on timeless Christian principles Balmer writes At a time when public discourse has devolved from disagreement to partisanship to tribalism Harold Heie has determinedly promoted respectful conversations As evident in this his latest summation Heie does not settle for bromides or platitudes He insists on thoughtful theological informed discussions and he points us all of us toward a better way As Noll and Balmer point out Heie addresses some of the toughest questions millions of American families face in trying to live out their Christian faith as well engaging in important public issues Chapters include What Does Christian Love Demand and The Role of Money and Special Interests in Politics as well as Wealth and Poverty in America and Christians and Churches Doing Politics In these pages individuals small groups and entire congregations will discover hopeful and effective new strategies to engage the larger world while embodying the central calling of their faith

**Faith-Integrated Being, Knowing, and Doing** Sarinah Lo, 2020-08-31 In this holistic study of the integration of faith and learning Dr Sarinah Lo challenges the Western tendency to privilege knowing over being and doing In the context of Indonesian higher education Dr Lo addresses the

cognitive affective spiritual relational and vocational aspects of human nature She demonstrates that effective integration of faith and learning must reach beyond the academic disciplines to address the formation of a Christian perspective in all areas of life thought and practice Utilizing in depth interviews and qualitative analysis Dr Lo s field research explores the specific challenges facing Christian faculty in Indonesia where the rise of radical Islam and the pressure to conform to state ideology raise unique questions about the nature of faith learning integration The first study of its kind this is an excellent resource for educators wanting to think more broadly about what it means to follow Christ in the classroom pushing beyond Western models of integration to embrace the more holistic approach of faith integrated being knowing and doing

*Christian Contours* Douglas S. Huffman, 2012-01-12 What does it mean to think and live Christianly in a world of competing worldviews *Christian Contours* answers this question by inviting readers to consider the understanding of reality proposed by the Bible Though it is easy to divide life into separate compartments religious and secular theological and practical faith invites us to view all of life in the light of that Biblical understanding Presenting a clear compelling case for unity in essential Christian tenets the authors of *Christian Contours* guide the reader through developing internalizing and articulating a biblical worldview This robust worldview enables the Christian to be a critically thinking participant in culture and to be a faithful disciple of Christ with both heart and mind

*Respectful LGBT Conversations* Harold Heie, 2018-05-14 In stark contrast to the shrill and nasty interactions among many Christians regarding contentious LGBT issues this book models a redemptive mode of engagement by featuring respectful conversations among deeply committed Christians who hold to diverging traditional and non traditional views The foundational values guiding these conversations are the quest for truth giving the gift of love to all brothers and sisters in Christ and modeling Christian unity Emerging from these conversations are practical steps for a way forward that include creating safe spaces for ongoing conversation and practicing courageous Christian leadership Based on case studies for a Christian university and two Christian churches this book provides helpful advice for navigating conflict within churches Christian denominations and Christian educational institutions

**Catholic Education: Distinctive and Inclusive** J. Sullivan, 2013-03-09 How coherent is the claim that Catholic education is both distinctive and inclusive This question so crucial both for the adequate articulation of a *raison d'être* for Catholic schools all over the world and also for the promotion of their healthy functioning has not hitherto been addressed critically Here it receives penetrating analysis and constructive resolution in a comprehensive treatment that integrates theological philosophical and educational perspectives

The argument draws on wide ranging scholarship offering new insights into the relevance for Catholic education of thinkers whose work has been relatively neglected The advance in understanding of how distinctiveness relates to inclusiveness is underpinned by the author s lengthy experience of teaching and leadership in Catholic schools it is further informed by his extended and continuing dialogue with Catholic educators at all levels and in many different countries **Current Contents** ,1999
