*Gandhi's Tiger and Sita's Smile* Ruth Vanita,2005 Gandhi s Tiger and Sita s Smile presents a collection of compelling

essays which interrogate a variety of Indian texts and contexts along intersecting axes of gender nation and desire The primary theme that weaves these varied essays together written at different points of time with varying focal points of interest is intertextuality Vanita examines the way in which medieval texts speak to each other and draw on earlier canonical works rewriting and transforming narrative in a spirit of respectful conversation She also looks at modern texts such as nineteenth century poetry and twentieth century fiction and cinema as they converse with each other and with older texts In doing so she tries to explore how such pre modern and modern texts are received in later periods or by other cultures in the same period These captivating and intensely thought provoking writings demonstrate the author s superb ability to turn the norm whether Right wing or Left Wing on its head and find a fresh way to appreciate diversity and change and the valuable dialogue they give rise to *The Smile, and Other Stories and Poems* CORINNE. Catalogue of the J. Morgan Slade Library and Other Architectural Works in the Apprentices' Library General Society of Mechanics and Tradesmen of the City of New York. Apprentices' Library,1892 Modernism Is the Literature of Celebrity Jonathan Goldman,2011-04-01 The phenomenon of celebrity burst upon the world scene about a century ago as movies and modern media brought exceptional larger than life personalities before the masses During the same era modernist authors were creating works that defined high culture in our society and set aesthetics apart from the middle and low brow culture in which celebrity supposedly resides To challenge this ingrained dichotomy between modernism and celebrity Jonathan Goldman offers a provocative new reading of early twentieth century culture and the formal experiments that constitute modernist literature s unmistakable legacy He argues that the literary innovations of the modernists are indeed best understood as a participant in the popular phenomenon of celebrity Presenting a persuasive argument as well as a chronicle

of modernism's and celebrity's shared history *Modernism Is the Literature of Celebrity* begins by unraveling the uncanny syncretism between Oscar Wilde's writings and his public life Goldman explains that Wilde in shaping his instantly identifiable public image provided a model for both literary and celebrity cultures in the decades that followed In subsequent chapters Goldman traces this lineage through two luminaries of the modernist canon James Joyce and Gertrude Stein before turning to the cinema of mega star Charlie Chaplin He investigates how celebrity and modernism intertwine in the work of two less obvious modernist subjects Jean Rhys and John Dos Passos Turning previous criticism on its head Goldman demonstrates that the authorial self fashioning particular to modernism and generated by modernist technique helps create celebrity as we now know it
