## Smoke Rising:

**Red Smoke Rising** Rick Anthony, 2012-07-10 Over a hundred years have passed since the invaders came to steal the drug since Mia's homeland was occupied. Once they understood the drug's secrets, the Nor army was unstoppable. Superhuman Mia's people were overwhelmed and defeated slaves in their own lands. In the time that has passed, Mia and the Underground have stolen the drug along with the knowledge of how to use it to create an army of their own. Now the time has come for the resistance army of shapeshifters, Masters and Trademasters to stand against the Nor Empire and take back their homeland before their chance is gone forever. *Istanbul (Deluxe Edition)* Orhan Pamuk, 2017-10-24 From the Nobel Prize-winning author of *My Name Is Red* and *Snow*, a large format deluxe collectible edition of his beloved memoir about life in Istanbul with more than 200 added illustrations and a new introduction. Orhan Pamuk was born in Istanbul and still lives in the family apartment building where his mother first held him in her arms. His portrait of his city is thus also a self-portrait refracted by memory and the melancholy or *hüzün* that all Istanbulis share, the sadness that comes of living amid the ruins of a lost empire. With cinematic fluidity, Pamuk moves from the lives of his glamorous unhappy parents to the gorgeous decrepit mansions overlooking the Bosphorus, from the dawning of his self-consciousness to the writers and painters, both Turkish and foreign, who would shape his consciousness of his city. Like Joyce's Dublin and Borges' Buenos Aires, Pamuk's Istanbul is a triumphant encounter of place and sensibility, beautifully written and immensely moving. *Investigation of the Assassination of President John F. Kennedy* United States. Congress. House. Select Committee on Assassinations, 1978

*Rewriting Medieval Japanese Women* Christina Laffin, 2013-01-31 *Rewriting Medieval Japanese Women* explores the world of thirteenth-century Japan through the life of a prolific noblewoman known as Nun Abutsu. 1225-1283. Abutsu crossed gender and genre barriers by writing the first career guide for Japanese noblewomen, the first female-authored poetry treatise, and the first poetic travelogue by a woman, all despite the increasingly limited social mobility for women during the Kamakura era (1185-1336). Capitalizing on her literary talent and political prowess, Abutsu rose from middling origins and single motherhood to a prestigious marriage and membership in an esteemed literary lineage. Abutsu's life is well documented in her own letters, diaries, and commentaries, as well as in critiques written by rivals, records of poetry events, and legal documents. Drawing on these and other literary and historiographical sources, including *The Tale of Genji*, author Christina Laffin demonstrates how medieval women responded to institutional changes that transformed their lives as court attendants, wives, and nuns. Despite increased professionalization of the arts, competition over sources of patronage, and rivaling claims to literary expertise, Abutsu proved her poetic capabilities through her work and often used patriarchal ideals of femininity to lay claim to political and literary authority. *Rewriting Medieval Japanese Women* effectively challenges notions that literary salons in Japan were a phenomenon limited to the Heian period (794-1185) and that literary writing and scholarship were the domain of men during the Kamakura era. Its analysis of literary works within the context of women's

history makes clear the important role that medieval women and their cultural contributions continued to play in Japanese history

**The Gold Leaf Lady and Other Parapsychological Investigations** Stephen E. Braude,2008-11-15 For over thirty years Stephen Braude has studied the paranormal in everyday life from extrasensory perception and psychokinesis to mediumship and materialization The Gold Leaf Lady and Other Parapsychological Investigations is a highly readable and often amusing account of his most memorable

encounters with such phenomena Here Braude recounts in fascinating detail five particular cases some that challenge our most fundamental scientific beliefs and others that expose our own credulousness Braude begins with a south Florida woman who can make thin gold colored foil appear spontaneously on her skin He then travels to New York and California to test psychokinetic superstars and frauds like Joe Nuzum who claim to move objects using only their minds Along the way Braude also investigates the startling allegations of K R a policeman in Annapolis who believes he can transfer images from photographs onto other objects including his own body and Ted Serios a deceased Chicago elevator operator who could make a variety of different images appear on Polaroid film Ultimately Braude considers his wife s surprisingly fruitful experiments with astrology which she has used to guide professional soccer teams to the top of their leagues as well as his own personal experiences with synchronicity a phenomenon he argues that may need to be explained in terms of a refined extensive and dramatic form of psychokinesis Heady provocative and brimming with eye opening details and suggestions *The Gold Leaf Lady and Other Parapsychological Investigations* will intrigue both adherents and detractors of its controversial subject matter alike

*Revelation* Grant R. Osborne, 2023-10-17 The Book of Revelation contains some of the most difficult passages in Scripture Grant Osborne s commentary on Revelation interprets the text while also introducing readers to the perspectives of contemporary scholarship in a clear and accessible manner Osborne begins with a thorough introduction to Revelation and the many difficulties involved in its interpretation He discusses authorship date of writing and the social and cultural setting of the work He also examines elements that complicate the interpretation of apocalyptic literature including the use of symbols and figures of speech Old Testament allusions and the role of prophetic prediction Osborne surveys various approaches commentators have taken on whether Revelation refers primarily to the past or to events that are yet future Rather than exegeting the text narrowly in a verse by verse manner Osborne examines larger sections in order to locate and emphasize the writer s central message and the theology found therein Throughout he

presents his conclusions in an accessible manner When dealing with particularly problematic sections he considers the full range of suggested interpretations and introduces the reader to a broad spectrum of commentators Revelation seeks to reach a broad audience with scholarly research from a decidedly evangelical perspective **Ancient Moon Wisdom** Miriam

**Man'yōshū and the Imperial Imagination in Early Japan** Torquil Duthie,2014-01-09 In Man y sh and the Imperial Imagination in Early Japan Torquil Duthie examines the literary representation of the late seventh century Yamato court as a realm of all under heaven Through close readings of the early volumes of the poetic anthology Man y sh c eighth century and the last volumes of the official history Nihon shoki c 720 Duthie shows how competing political interests and different styles of representation produced not a unified ideology but rather a bundle of disparate imperial imaginaries collected around the figure of the imperial sovereign Central to this process was the creation of a tradition of vernacular poetry in which Yamato courtiers could participate and recognize themselves as the cultured officials of the new imperial realm *Rethinking Hell* Christopher M. Date,Gregory Stump,Joshua Anderson,2014-04-15 Most evangelical Christians believe that those people who are not saved before they die will be punished in hell forever But is this what the Bible truly teaches Do Christians need to rethink their understanding of hell In the late twentieth century a growing number of evangelical theologians biblical scholars and philosophers began to reject the traditional doctrine of eternal conscious torment in hell in favor of a minority theological perspective called conditional immortality This view contends that the unsaved are resurrected to face divine judgment just as Christians have always believed but due to the fact that immortality is only given to those who are in Christ the unsaved do not exist forever in hell Instead they face the punishment of the second death an end to their conscious existence This volume brings together excerpts from a variety of well respected evangelical thinkers including John Stott John Wenham and E Earl Ellis as they articulate the biblical theological and philosophical arguments for conditionalism

These readings will give thoughtful Christians strong evidence that there are indeed compelling reasons for rethinking hell
