she does not answer but this time she begins to immediately reflect on the questions even throughout the night where the windows were open and the house fan span circulating heat across her skin as the mosquitoes feasted on it Stooping to sit on the veranda on the new born morning the same voice repeated the questions Finally responding She said I don t know in her head The soft wind like voice said Go and ask her with the skirt on I m scared she said they don t like me The clear voice said I will go with you Pull tug on her skirt The sullen tender aged child went inside and looked for her with the skirt and pulled it and asked Where am I from What s my name A warm smiling caramel colored face embedded with alabaster eyes shone down and told her The little girl walked back outside poised herself on the steps and said America Rhena I want to go to America My Mommy is there How do I get there In her head the little girl asked and finally smiled The still quiet voice said I will go with you
