Beloved Cities Abraham Michael Rosenthal, 1986 Omfatter London Paris Rom og Athen **The Sophisticated Traveler** Abraham Michael Rosenthal, 1985 Practical tips on travel accompany essays about London Paris Rome and Athens by V S Pritchett Rona Jaffe Saul Bellow Muriel Spark and Jan Morris **The Sophisticated Traveler** Abraham Michael Rosenthal, Arthur Gelb, 1984 **The Informed Air** Muriel Spark, 2013-04-15 Now in paperback here are the sparkling essays of Muriel Spark the writer of the best sentences in English The New Yorker A fantastic essayist the inimitable Muriel Spark addresses here the writing life cats favorite writers the Brontës T S Eliot Robert Burns Mary Shelley love Piero della Francesca life in wartime London and in glamorous Hollywood on the Tiber 1960s Rome faith and parties on her first New Year's Eve as a baby sipping her mother's sherry I always loved a party No one was as fearless and original TLS as Muriel Spark who believed that art is an act of daring Here she glides from the mysteries of Job's sufferings to Dame Edith Sitwell's cocktail advice about how to handle a nasty publisher My dear she said you must acquire a pair of lorgnettes make an occasion to see that man again focus the glasses on him and sit looking at him through them as if he was an insect Just look and look ***Anthropological Locations*** Akhil Gupta, James Ferguson, 2023-09-01 Among the social sciences anthropology relies most fundamentally on fieldwork the long term immersion in another way of life as the basis for knowledge In an era when anthropologists are studying topics that resist geographical localization this book initiates a long overdue discussion of the political and epistemological implications of the disciplinary commitment to fieldwork These innovative stimulating essays carefully chosen to form a coherent whole interrogate the notion of the field showing how the concept is historically constructed and exploring the consequences of its dominance The essays discuss anthropological work done in places in refugee camps on television or among populations gays and lesbians homeless people in the United States that challenge the traditional boundaries of the field The contributors suggest alternative methodologies appropriate for contemporary problems and ultimately propose a reformation of the discipline of anthropology Among the social sciences anthropology relies most fundamentally on fieldwork the long term immersion in another way of life as the basis for knowledge In an era when anthropologists are studying topics that resist geographical localization this book **Routes** James Clifford, 1997-04-21 When culture makes itself at home in motion where does an anthropologist stand In a follow up to *The Predicament of Culture* one of the defining books for anthropology in the last decade James Clifford takes the proper measure a moving picture of a world that doesn't stand still that reveals itself en route in the airport lounge and the parking lot as much as in the marketplace and the museum In this collage of essays meditations poems and travel reports Clifford takes travel and its difficult companion translation as openings into a complex modernity He contemplates a world ever more connected yet not homogeneous a global history proceeding from the fraught legacies of exploration colonization capitalist expansion immigration labor mobility and tourism Ranging from Highland New Guinea to northern California from

Vancouver to London he probes current approaches to the interpretation and display of non Western arts and cultures Wherever people and things cross paths and where institutional forces work to discipline unruly encounters Clifford s concern is with struggles to displace stereotypes to recognize divergent histories to sustain postcolonial and tribal identities in contexts of domination and globalization Travel diaspora border crossing self location the making of homes away from home these are transcultural predicaments for the late twentieth century The map that might account for them the history of an entangled modernity emerges here as an unfinished series of paths and negotiations leading in many directions while returning again and again to the struggles and arts of cultural encounter the impossible inescapable tasks of translation

We'll Always Have Paris Harvey Levenstein, 2010-03-15 For much of the twentieth century Americans had a love hate relationship with France While many admired its beauty culture refinement and famed joie de vivre others thought of it as a dilapidated country populated by foul smelling mean spirited anti Americans driven by a keen desire to part tourists from their money We ll Always Have Paris explores how both images came to flourish in the United States often in the minds of the same people Harvey Levenstein takes us back to the 1930s when despite the Great Depression France continued to be the stomping ground of the social elite of the eastern seaboard After World War II wealthy and famous Americans returned to the country in droves helping to revive its old image as a wellspring of sophisticated and sybaritic pleasures At the same time though thanks in large part to Communist and Gaullist campaigns against U S power a growing sensitivity to French anti Americanism began to color tourists experiences there strengthening the negative images of the French that were already embedded in American culture But as the century drew on the traditional positive images were revived as many Americans again developed an appreciation for France s cuisine art and urban and rustic charms Levenstein in his colorful anecdotal style digs into personal correspondence journalism and popular culture to shape a story of one nation s relationship to another giving vivid play to Americans changing response to such things as France s reputation for sexual freedom haute cuisine high fashion and racial tolerance He puts this tumultuous coupling of France and the United States in historical perspective arguing that while some in Congress say we may no longer
