Soul Knows No Bars Inmates Reflect On Life Death And Hope:

The Soul Knows No Bars Drew Leder, 2000 The Soul Knows No Bars is a unique book co authored by Drew Leder and inmates at the Maryland State Penitentiary Taking off from the texts by Foucault Nietzsche Heidegger Buber Cornel West and others the men speak of the impact within their lives of power violence sexual and racial identity incarceration and the liberation of spirit possible even in a maximum security cell

The Distressed Body Drew Leder, 2016-10-17 Bodily pain and distress come in many forms They can well up from within at times of serious illness but the body can also be subjected to harsh treatment from outside The medical system is often cold and depersonalized and much worse are conditions experienced by prisoners in our age of mass incarceration and by animals trapped in our factory farms In this pioneering book Drew Leder offers bold new ways to rethink how we create and treat distress clearing the way for more humane social practices Leder draws on literary examples clinical and philosophical sources his medical training and his own struggle with chronic pain He levies a challenge to the capitalist and Cartesian models that rule modern medicine Similarly he looks at the root paradigms of our penitentiary and factory farm systems and the way these produce distressed bodies asking how such institutions can be reformed Writing with coauthors ranging from a prominent cardiologist to long term inmates he explores alternative environments that can better humanize even spiritualize the way we treat one another offering a very different vision of medical criminal justice and food systems Ultimately Leder proposes not just new answers to important bioethical questions but new ways of questioning accepted concepts and practices

Philosophy Imprisoned Sarah Tyson, Joshua M. Hall, 2014-07-30 Western philosophy's relationship with prisons stretches from Plato's own incarceration to the modern era of mass incarceration Philosophy Imprisoned The Love of Wisdom in the Age of Mass Incarceration draws together a broad range of philosophical thinkers from both inside and outside prison walls in the United States and beyond who draw on a variety of critical perspectives including phenomenology deconstruction and feminist theory and historical and contemporary figures in philosophy including Kant Hegel Foucault and Angela Davis to think about prisons in this new historical era All of these contributors have experiences within prison walls some are or have been incarcerated some have taught or are teaching in prisons and all have been students of both philosophy and the carceral system The powerful testimonials and theoretical arguments are appropriate reading not only for philosophers and prison theorists generally but also for prison reformers and abolitionists

Teaching Philosophy Andrea Kenkmann, 2009-04-19 Addresses the complex issues involved in teaching philosophy at undergraduate level

Criminal Intimacy Regina Kunzel, 2022-03-22 Sex is usually assumed to be a closely guarded secret of prison life But it has long been the subject of intense scrutiny by both prison administrators and reformers as well as a source of fascination and anxiety for the American public Historically sex behind bars has evoked radically different responses from professionals and the public alike In Criminal Intimacy Regina Kunzel tracks these varying interpretations and reveals their foundational influence on modern thinking about sexuality and identity Historians have held

the fusion of sexual desire and identity to be the defining marker of sexual modernity but sex behind bars often involving otherwise heterosexual prisoners calls those assumptions into question By exploring the sexual lives of prisoners and the sexual culture of prisons over the past two centuries along with the impact of a range of issues including race class and gender sexual violence prisoners rights activism and the HIV epidemic Kunzel discovers a world whose surprising plurality and mutability reveals the fissures and fault lines beneath modern sexuality itself Drawing on a wide range of sources including physicians psychiatrists sociologists correctional administrators journalists and prisoners themselves as well as depictions of prison life in popular culture Kunzel argues for the importance of the prison to the history of sexuality and for the centrality of ideas about sex and sexuality to the modern prison In the process she deepens and complicates our understanding of sexuality in America

By Heart Judith Tannenbaum, Spoon Jackson, 2010-04-01 A boy with no one to listen becomes a man in prison for life and discovers his mind can be free A woman enters prison to teach and becomes his first listener And so begins a twenty five year friendship between two gifted writers and poets The result is By Heart a book that will anger you give you hope and break your heart Gloria Steinem For most of their adult lives since meeting as teacher and pupil at San Quentin State Prison Judith Tannenbaum and Spoon Jackson have conferred corresponded and sometimes collaborated producing very different bodies of work resting on the same understanding that human beings have one foot in darkness another in light Moving stories of their childhoods and adult creative lives reveal both tragedy and beauty In alternating chapters part memoir part essay By Heart reveals painful truths about prison education and which children our world nurtures and which it shuns At its core are two stories that speak for human imagination spirit and expression Judith Tannenbaum is a nationally respected poet educator lecturer and the author of Disguised as a Poem among other works including poetry anthologies and guidebooks for teaching arts in prison She coordinates training at WritersCorps Born into an impoverished family of fifteen boys Spoon Jackson was sentenced to life without possibility of parole by age twenty He discovered himself as a writer for the first time in prison eventually becoming an award winning internationally known poet and essayist as well as a facilitator of creative writing classes for other prisoners

Abolitionist Voices David Scott, 2025-03-19 Why have so many radical thinkers advocated for the abolition of prisons and punishment And why have their ideas been so difficult to popularize or garner the political will for change This book outlines several different approaches to penal abolitionism and showcases their calls for the ending of legal coercion domination and repression This exciting and innovative edited collection shows how abolitionist ideas have continued topicality and relevance in the present day and how they can collectively help with devising new ways of thinking about social problems as well as suggesting alternatives to existing penal policies practices and institutions

The Cage of Days Michael G. Flaherty, K. C. Carceral, 2022-02-22 Prisons operate according to the clockwork logic of our criminal justice system we punish people by making them serve time The Cage of Days combines the perspectives of K C Carceral a formerly incarcerated convict

criminologist and Michael G Flaherty a sociologist who studies temporal experience Drawing from Carceral s field notes his interviews with fellow inmates and convict memoirs this book reveals what time does to prisoners and what prisoners do to time Carceral and Flaherty consider the connection between the subjective dimensions of time and the existential circumstances of imprisonment Convicts find that their experience of time has become deeply distorted by the rhythm and routines of prison and by how authorities ensure that an inmate s time is under their control They become obsessed with the passage of time and preoccupied with regaining temporal autonomy creating elaborate strategies for modifying their perception of time To escape the feeling that their lives lack forward momentum prisoners devise distinctive ways to mark the passage of time but these tactics can backfire by intensifying their awareness of temporality Providing rich and nuanced analysis grounded in the distinctive voices of diverse prisoners **The Cage of Days** examines how prisons regulate time and how prisoners resist the temporal regime

Solitary Confinement Lisa Guenther,2013-08-01 Prolonged solitary confinement has become a widespread and standard practice in U S prisons even though it consistently drives healthy prisoners insane makes the mentally ill sicker and according to the testimony of prisoners threatens to reduce life to a living death In this profoundly important and original book Lisa Guenther examines the death in life experience of solitary confinement in America from the early nineteenth century to today s supermax prisons Documenting how solitary confinement undermines prisoners sense of identity and their ability to understand the world Guenther demonstrates the real effects of forcibly isolating a person for weeks months or years Drawing on the testimony of prisoners and the work of philosophers and social activists from Edmund Husserl and Maurice Merleau Ponty to Frantz Fanon and Angela Davis the author defines solitary confinement as a kind of social death It argues that isolation exposes the relational structure of being by showing what happens when that structure is abused when prisoners are deprived of the concrete relations with others on which our existence as sense making creatures depends Solitary confinement is beyond a form of racial or political violence it is an assault on being A searing and unforgettable indictment Solitary Confinement reveals what the devastation wrought by the torture of solitary confinement tells us about what it means to be human and why humanity is so often destroyed when we separate prisoners from all other people

Prime Time Prisons on U.S. TV Bill Yousman,2009 In the current era of rampant incarceration and an ever expanding prison industrial complex this crucial book breaks down the distorted and sensationalistic version of imprisonment found on U S television Examining local and national television news broadcast network crime dramas and the cable television prison drama Oz the book provides a comprehensive analysis of the stories and images of incarceration most widely seen by viewers in the U S and around the world The textual analysis is augmented by interviews with individuals who have spent time in U S prisons and jails their insights provide important context while encouraging readers to critically reflect on their own responses to television images of imprisonment Appropriate for both undergraduates and postgraduates Prime Time Prisons on U S TV is useful for courses in media criticism media literacy

popular culture television studies and criminology
