W.E.B. Du Bois Reiland Rabaka,2017-05-15 Housed in one handy volume for the first time are several of the seminal essays on W E B Du Bois s contributions to sociology and critical social theory from Du Bois as inventor of sociology of race to Du Bois as the first sociologist of American religion from Du Bois as a pioneer of urban and rural sociology to Du Bois as innovator of sociology of gender and culture and finally from Du Bois as groundbreaking sociologist of education and critical

criminologist to Du Bois as dialectical critic of the disciplinary decadence of sociology and the American academy What this volume offers that is wholly innovative and distinctive is that it brings together the watershed work of classical and contemporary male and female black and white national and international sociologists and social theorists with the express intent of creating critical inventories and thoroughly interrogating what has been included and what has been excluded when we come to W E B Du Bois s contributions to the discipline of sociology Unlike any other anthologies on Du Bois this volume offers an excellent overview of the critical commentary on arguably one of the most imaginative and innovative perceptive and prolific founders of the discipline of sociology It will therefore be of interest to scholars and students not just in sociology but also Africana studies American studies cultural studies ethnic studies gender studies and postcolonial studies as well as traditional disciplines such as history philosophy political science economics education and religion Cont_xts Meriel D'Artrey,2008 Papers from a conference organised for undergraduates at the University of Chester November 2006 The papers discuss the complex relationships between mediation representation and public attitudes on social issues such as domestic violence drug use racism stigma and surveillance
