Star Child:

Star Child Claire A. Nivola, 2014-05-06 From the author of *Life in the Ocean* comes a celebration of the cycle of life through a touching look at the stages of life from birth to adulthood Full color Morning Star's Child Jos?ramon Aguilar F, 2007-09-24 A young man's search for spiritual honesty and compassion doomed to a life of loneliness he meets a young priest beginning an ill fated relationship that transcends time itself Star Children Georg K?hlewind, 2004 While working on this book the following happened to me As I checked in at the airport in Hamburg a young couple was in front of me and the mother had a three to four month old baby in her arms All of a sudden the baby turned round looked me straight in the eye and I was deeply shaken for that was not the look of a baby but of a very self aware adult a wise one and he appeared to see right through me Georg K?hlewind Who are the star children In recent years much has been written about gifted children with special abilities sometimes called indigo children or crystal children It is said that these children are coming to earth to help humanity in its development Based on extensive research Georg K?hlewind confirms that this new generation has been incarnating among us for the past couple of decades This event he states is one of the most important of our age Unlike many other contributors to this discussion K?hlewind gives us the necessary background to follow experientially what he has to say He takes us consciously and scientifically into the realm from which we all enter the world as babies trailing clouds of glory We all possess the tools he describes for taking this path our thoughts our heart forces and our willpower By using these faculties with full attention by focusing our attentiveness and eliminating everything else we can enter the realm of the spirit where the prevailing laws are different from those on Earth The author helps us by closing each chapter with themes for contemplation and meditation *Star Children* is a compelling addition to the literature on the theme of special children offering a unique perspective based on Spiritual Science and research **Starchild'S Dust** Ireland Kelly, 2018-04-23 Once there existed two beings Starchild and Moonchild In the story they have a very strong connection with love and joy but it is clear that Starchild is struggling with mental illness Stars struggle tragically ends in death The rest of the story is about Moonchilds recovery from Starchilds suicide and how Moon can recover knowing it is surrounded and loved by its star above

The Vengeful Wife and Other Blackfoot Stories Hugh A. Dempsey,2014-07-14 The Vengeful Wife and Other Blackfoot Stories by historian Hugh A Dempsey presents tales from the Blackfoot tribe of the plains of northern Montana and southern Alberta Drawn from Dempsey s fifty years of interviewing tribal elders and sifting through archives the stories are about warfare hunting ceremonies sexuality the supernatural and captivity and they reflect the Blackfoot worldview and beliefs This remarkable compilation of oral history and accounts from government officials travelers and fur traders preserves stories dating from the late 1700s to the early 1900s The importance of oral history Dempsey writes is reflected in the fact that the majority of these stories would never have survived had they not been preserved orally from generation to generation

The importance of being a reader: A revision of Oscar Wilde's works Christina Pascual Aransáez,2014-11 This book explores Wilde s works from the hypothesis that they call upon the active participation of the reader in the production of meaning It has a twofold objective first it shows that Wilde s emphasis on the creative role of the audience in his critical writings makes him conceive the reader as a co creator in the construction of meaning Second it analyses the strategies which Wilde employs to impel the reader to collaborate in the creation of meaning of his literary works and casts light upon the social criticism derived from these The examination of Wilde s writings reveals how he gradually combined more sophisticated techniques that encouraged the reader s dynamic role with the progressive exploitation of self advertising strategies for professional purposes These allowed the commercial Oscar to make his works successful among the Victorian public without betraying the literary Wilde s aesthetic principles The present study re evaluates Wilde as a critic and as a writer It demonstrates that while Wilde the myth was ahead of his time in many ways Wilde the ARTIST anticipated in his aesthetic theory various themes which occupy contemporary literary theoreticians Thus it may contribute to give him the status he rightly deserves in the history of literature

futuristic jargon And with its powerful depiction of a better society StarChild could even be looked upon as a mistress blueprint for a much better society than that we know today hope for a brighter future known as the New Matriarchate the Tammyite Matriarchy Depicted in a more intelligent realistic sophisticated and sensitive manner than normally experienced in works of fiction involving matriarchal civilizations it is a time in which history has been replaced by herstory delving as well into our past as well as the future
