Star Trek 3:

Star Trek III: The Search for Spock Vonda N. McIntyre, 2000-09-22 No one on the Enterprise can believe that Mr Spock is gone As the crew grieves for Mr Spock the awesome Genesis Device now controlled by the Federation has transformed an inert nebula into a new planet teeming with life But Genesis can also destroy existing worlds The creators of the Device want it given freely to the Galaxy But Starfleet Command fears that it will become a force for evil And the enemies of the Federation will not rest until they seize it as their most powerful weapon in the battle to conquer the Galaxy **Star Trek III** Vonda N. McIntyre, 1984 Star Trek #3 Mike Johnson, 2013-11-07 The adventures of the new Enterprise crew continue in this re imagining of the classic episode The Galileo 7 Mr Spock finds himself in command of a stranded shuttle crew fighting for survival in a tale featuring the new cast from the blockbuster STAR TREK film **Star Trek**, **Star Trek III** William Rotsler, 1984-01-01 *Character-Based Film Series Part 3* Terry Rowan, 2016-08-31 The Character based film series each complete on its own but sharing a common cast of main characters with continuing traits and a similar situation format and stars include Abbott Costello Alan Ladd Batman Calamity Jane Elvis Presley Harry Callahan Harry Palmer Hercules Indiana Jones James Bond John Wayne Laurel Hardy Martin Lewis Matt Helm Nick Carter Red Ryder The Saint Sinbad the Sailor Spider Man Star Trek Texas Rangers The Thin Man The Three Stooges and Tony Rome plus so many more character based series The third book in the series of 3 See the other Books in the series **The First Star Trek Movie** Sherilyn Connelly, 2019-10-11 The story of Star Trek's resurrection between the 1969 cancellation of the original series and the 1979 release of Robert Wise's *Star Trek: The Motion Picture* has become legend and like so many other legends it tends to get printed instead of the facts Drawing on hundreds of contemporary news articles and primary sources not seen in decades this book tells the true story of the first successful Star Trek revival After several attempts to relaunch the franchise ST TMP was released on a wave of prestige promotion hype and public frenzy unheard of for a film based on a television show Controversy surrounded its troubled production and 44M budget earning it a reputation at the time as the most expensive movie ever made After a black tie premiere in Washington D C its opening in 856 North American theaters broke multiple box office records a harbinger of the modern blockbuster era Despite immediate financial success the film was panned by both critics and the public leaving this enterprise nowhere to boldly go but down The Gospel According to Star Trek Kevin C. Neece, 2018-01-01 What's Christian about Star Trek Nothing That's the way most people see it and that certainly seems to be the way the franchise is intended There's no question that the Trek universe is based on a doggedly humanistic worldview and is set in a future time when religion has essentially vanished from Earth If that's the case how can there even be a Gospel According to Star Trek In *The Gospel According to Star Trek* you'll discover how the continuing voyages of Kirk and company aboard the Enterprise from the Original Series to *Star Trek Beyond* tell us more about our human quest for God than you ever imagined You'll learn how Star Trek creator Gene Roddenberry's own spiritual quest informed the franchise

what he and the series really have to say about God and religion and the amazing image of Christ contained in Star Trek's most popular character. You'll also see how Star Trek can help us recover a deeper, more fully human gospel that embraces our humanity instead of denigrating it and echoes the call of both Spock and Christ. Live long and prosper. John 10:10

Movie Mistakes: Take 3 Jon Sandys, 2013-01-31 Ever noticed a digital watch in a historical film? Or seen a camera crew in a mirror? There's nothing we like more than finding a continuity error, a historical inaccuracy, or a technical blunder. This third edition of the bestselling *Movie Mistakes* brings you over a thousand slip-ups to look out for. **The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all-inclusive A-Z encyclopedia by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three- to five-star entries: three stars good, four stars excellent, five stars masterpiece. And yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production, from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system, which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations: for viewing, recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre (i.e., animated, drama, sports, mystery, adventure, etc.) as well as an annotated name index listing all persons mentioned, along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.
