

STAR FLEET BATTLES

CAPTAIN'S MODULE P1

WELCOME TO MODULE P1!

This is the first of a series of informal modules containing various material from future Star Fleet Universe products. The "P" stands for: Preview, Prototype, and Playtest.

PREVIEW: There are said to be two kinds of gamers:

Those who want nothing but finished and complete materials, with no later changes or errata, and don't even want to hear about a new product until it's on the shelf. These people will have little interest in Module P.

Those who desperately want to "get a look at" all of the "new stuff" just as soon as they can, start using it as soon as possible, and want a chance to influence the design.

PROTOTYPE: The material in this product has NOT gone through the exhaustive testing process that most published SFB and F&E material goes through. What you have here is what is sent to the staff for them to find the mistakes, bugs, glitches, contradictions, and inconsistencies. Consequently, at least some of those items are still in here as you see this. This material isn't perfect, so exercise care and judgement before you simply toss it into an ongoing campaign.

PLAYTEST: One specific point of doing the P-Modules is to solicit more playtest reports and find some enthusiastic playtesters. We WANT your reports on the ships, scenarios, rules, and play aids in this product. That is why we did it!

INSTRUCTIONS FOR PLAYTEST REPORTS

SHIPS: A form is provided on page 31 of this Module.

SCENARIOS: A form is provided on page 32 of this Module.

RULES: Reports must be typed, single-space. Double space between "line items." Each "line item" must be in this format:

Rule Number — What the problem is and what you want done to resolve it. — Justification for doing it (because it's unfair to Gorns, because it contradicts rule XYZ.24, etc.), including rule numbers of relevant rules. — Your name.

Send reports to ADB, not to TFG. Put your name and address on every page. Include a stamped self-addressed envelope if you want a reply. Those sending the best reports will be sent another project to work on.

TABLE OF CONTENTS

(D11.0) CHAFF & (D12.0) CHAIN REACTIONS: These rules are scheduled for inclusion in Module J. We're including them here because many players have asked to see the revised form, and to give you a chance to test something that is in the final stages of development. If you are going to submit reports on this material, best do it soon. Page 3-4

(K7.0) DEATH-RIDERS: When Steve Patrick was rewriting the scenarios from Captain's Log #2 and #3, he found two which included remote-controlled suicide PFs and turned this material into a formal rule. As this rule is going into Module K, any reports should be sent before Fall. 6-9

(R91.0) THE FRAX: This "race" began as an experiment to see how "wet navy" designs would fare in space. It was never intended to be a "race," but the incredible popularity of the FRAX resulted in a decision to publish them as a "minor race" in Module C3 or C4. Many of the FRAX ships in Module P1 were created especially for it and have never been published before, anywhere! 11-18

(R9.0) HYDRAN DD VARIANTS: These ships were originally done for SSD Book #9 and were bumped for lack of space. At long last, we can reveal them to you. 19-20

(S0.0) SCENARIOS: Many scenarios are in preparation at any one time, including updates of old scenarios and some entirely new ones. 9-10, 21-24

(T0.0) TOURNAMENTS: Module T (Tournament Book) is scheduled for the spring of 1992. It will include many items, including some scenarios/campaigns suitable to be played at a convention. We're pleased to bring you two of those here: Circle of Death and Tour Des Klingonez. Either will prove suitable for a club or convention environment. 25-26

(F&E) TOTAL WAR RULES: The two or three products that will comprise "Total War" include many rules added to the game system, and we've provided a selection of them. 27-28

(F&E) SET UP CHARTS: These were part of the original 1986 design of Federation & Empire, but were deleted because of the high cost of including the charts in a game that was already well over budget. They languished on a floppy disk for five years, but have now been resurrected for use in Total War, and we've provided two of them here. 29-30
