than desperately delusional Sinclaron Sin Fifth Moon Jax feels most at home roaming the infinite stars with his cybernetic enhancements and princely privilege to protect his misfit spaceship crew But his imperial great grandmother despairing of his free flying ways demands he settle down to claim his solar system inheritance and the Big Sky Intergalactic Dating Agency has already identified his perfect match in Sunset Falls Montana Earth Grudgingly resigned to seizing the woman of his destiny Sin instead gets an innocent Earther girl who rejects him utterly But when he realizes an interstellar menace is stalking his reluctant bride he can't just leave her behind even if his five mating rings threaten to lock with desire when she's near The small town Earther girl and the arrogant alien prince must join forces to survive a vast and treacherous universe but what happens when they find that Sin's inheritance might be a lie and so is his perfect match with Zoe RED SHIFT

Unmated drakling shifters are one of the hottest threats in the universe as everyone knows everyone except this one drakling with amnesia and the innocent Earther girl trapped with him Banished from his homeworld for refusing a mate that would tame his fiery beast Honey the drakling followed his wandering prince into battle and then more terrifying yet into courtship But then espresso induced amnesia leaves him marooned in the backwater wilds of Big Sky Country Montana Earth lost and alone but for a female with hair as dark as the night skies and hidden sparks in her eyes Tisha Beauchamp just wanted a weekend in her granny's remote cabin with her girlfriends to figure out her life plan No one said a thing about an early snowstorm or invading aliens And now she's stuck in the mountains by herself until her one woman pity party gets crashed by a wild red haired man with no memories strange dragonish tattoos and a scorching touch Though he has forgotten his name his beast and the freedom of space the feverish urge to claim Tisha grows stronger with every night under the pale light of Earth's solitary moon But if he finds his way back to his ship and himself how can he burn forever with his bold bright Earther girl DARK MATTER

While it is a verifiable reality that the universe is vast and strange no one in all those lightyears could ever love an emotionless soul sucking space vampire Unless there are deeper truths out there somewhere The secretive ancient species of the vrykoly were designed to pilot the deathly cold distances of space and Ivan has never known anything else even his dreams have always been black and empty Though he guides the Sinner's Prayer to a neglected little planet to find brides from the Intergalactic Dating Agency Ivan dispassionately considers bonding and mating to be irrational pursuits But when his captain and first officer find incandescent love with the extraordinary females of Earth this vrykoly is forced to wonder if he was dare he say it wrong After the tragic death of her first love Montana river guide Delaney Nazario thought she'd be alone forevermore So she quietly signed up with the Big Sky matchmaking outpost in Sunset Falls hoping an alien will whisk her away Instead it was her two roommates who found their mates also staving off an attack by interstellar mercenaries trying to kidnap Earth women Now Del is being guarded by a silent hulking scary vrykoly who might be the only being in the universe she could never ever date But while there are deeper truths in the universe there is also secret menace And Big Sky's only hope is a space vampire who's never felt anything and an Earther girl who feels too much
