Stardust Hotel:

All In Jonathan D Cohen, David G. Schwartz, 2018-03-30 Gambling the risky enterprise of chance is one of America's favorite pastimes. Office March Madness brackets a day at the race track, a friendly wager, the random ridiculous Super Bowl prop bet, bingo night, or the latest media frenzy over the Powerball jackpot all emphasize the ubiquity of this major economic force and cultural phenomenon. Approximately 70 percent of Americans regularly engage in some form of betting amounting to over 140 billion in combined casino and lottery revenue every year. A hundred years ago, however, legal gambling was a rarity in the United States. A fresh take on the history of modern American gambling, *All In* provides a closer look at the shifting economic, cultural, religious, and political conditions that facilitated gambling's expansion and prominence in American consumerism and popular culture. In its pages, a diverse range of essays covering commercial and Native American casinos, sports betting, lotteries, bingo, and more piece together a picture of how gambling became so widespread over the course of the twentieth century. Drawing from a range of academic disciplines, this collection explores five aspects of American gambling history: crime, advertising, politics, religion, and identity. In doing so, *All In* illuminates the on-the-ground debates over gambling's expansion, the failed attempts to thwart legalized betting, and the consequences of its present ubiquity in the United States.

The Secret Life of Siegfried and Roy Jimmy Lavery, Jim Mydlach, Louis Mydlach, Henrietta Tiefenthaler, 2008 *The Secret Life of Siegfried and Roy* reveals the touching little-known story of how two youngsters founded a friendship, a franchise, and a tempestuous on and off love affair that would last a lifetime.

California. Court of Appeal (2nd Appellate District). Records and Briefs California (State)., *Supernob* Gus Russo, 2008-12-12 This is investigative reporter Gus Russo's most explosive book yet: the remarkable story of the Supernob, a cadre of men who over the course of decades secretly influenced nearly every aspect of American society. Presenting startling revelations about such famous members as Jules Stein, Joe Glaser, Ronald Reagan, Lew Wasserman, and John Jacob Factor, as well as infamous low-profile members, Russo pulls the lid off of a half-century of criminal infiltration into American business, politics, and society. At the heart of it all is Sidney The Fixer Korshak, who from the 1940s until his death in the 1990s was not only the most powerful lawyer in the world according to the FBI, but the enigmatic player behind countless twentieth-century power mergers, political deals, and organized crime chicaneries.

Hotel Life Caroline Field Levander, Matthew Pratt Guterl, 2015-04-27 What is a hotel? As Caroline Field Levander and Matthew Pratt Guterl show us in this thought-provoking book, even though hotels are everywhere around us, we rarely consider their essential role in our modern existence and how they help frame our sense of who and what we are. They are, in fact, as centrally important as other powerful places like prisons, hospitals, or universities. More than simply structures made of steel, concrete, and glass, hotels are social and political institutions that we invest with overlapping and contradictory meaning. These alluring places uniquely capture the realities of our world where the lines between public and private, labor and leisure, fortune and failure, desire and despair are regularly blurred. Guiding

readers through the story of hotels as places of troublesome possibility as mazelike physical buildings as inspirational touchstones for art and literature and as unsettling even disturbing backdrops for the drama of everyday life Levander and Guterl ensure that we will never think about this seemingly ordinary place in the same way again **Gangster Priest**
