Starr Evidence:

Defending the American Presidency R. Busby, 2001-07-11 The Lewinsky scandal provided President Clinton with a stern challenge to his political credibility in 1998 99 Having endured an investigation by an Independent Counsel the President was impeached and only just retained the presidential office following a trial in the Senate Robert Busby identifies and analyzes the damage limitation strategies adopted by the Clinton administration to contend with the Lewinsky scandal and explains how and why Clinton survived the most serious Constitutional crisis since Watergate

Murdering Holiness Jim Phillips, Rosemary Gartner, 2003-09-15 *Murdering Holiness* explores the story of the Holy Roller sect led by Franz Creffield in the early years of the twentieth century In the opening chapters the authors introduce us to the community of Corvallis Oregon where Creffield a charismatic self styled messiah taught his followers to forsake their families and worldly possessions and to seek salvation through him As his teachings became more extreme the local community reacted Creffield was tarred and feathered and his followers were incarcerated in the state asylum Creffield himself was later imprisoned for adultery but shortly after his release he revived the sect This proved too much for some of the adherents families and in May 1906 George Mitchell the brother of two women in the sect pursued Creffield to Seattle and shot him dead The authors take us into the courtroom for the trial that made headlines across North America as Mitchell was acquitted of murder Though the formal plea was insanity the defence built its case on the unwritten law that justified killing to protect or avenge family honour Based on court records and archival sources this case study includes a detailed examination of the trial the media s response to it and the dramatic aftermath and sheds light on the rise of ardent religion in the Pacific Northwest the justice system in Seattle and the role of the press in influencing public opinion

Speaking of Crime Lawrence M. Solan, Peter M. Tiersma, 2010-08-15 Why do so many people voluntarily consent to searches by have the police search their person or vehicle when they know that they are carrying contraband or evidence of illegal activity Does everyone understand the Miranda warning How well can people recognize a voice on tape Can linguistic experts identify who wrote an anonymous threatening letter *Speaking of Crime* answers these questions and examines the complex role of language within our criminal justice system Lawrence M Solan and Peter M Tiersma compile numerous cases ranging from the Lindbergh kidnapping to the impeachment trial of Bill Clinton to the JonBen t Ramsey case that provide real life examples of how language functions in arrests investigations interrogations confessions and trials In a clear and accessible style Solan and Tiersma show how recent advances in the study of language can aid in understanding how legal problems arise and how they might be solved With compelling discussions current issues and controversies this book is a provocative state of the art survey that will be of enormous value to legal scholars and professionals throughout the criminal justice system
