Stars And Galaxies Sar Citizens Of The Universe:

Citizen Alpha Patrick E. Peterson, 2008 Peter Jobe has just been named the unwilling leader of a study group of four other graduate students whose specialties range from neuroscience to religious studies The five come from different countries and different disciplines but they quickly realize the synergy of their ideas could revolutionize the scientific and religious communities But as Peter s group is beginning to bond another meeting of the minds is taking place halfway around the world An unlikely collection of warlords and terrorists have pooled their resources and devised a devastating plan As the countdown begins Peter and his friends realize they may be the only ones standing between America and a nuclear holocaust
