Teaching Children Self-discipline--at Home and at School Thomas Gordon,1989 Provides new ways parents and teachers can build self control self esteem and self reliance by teaching the skills required to govern a family classroom or group more democratically less autocratically Meeting The Challenges of Primary Schooling Lloyd Logan,2005-08-03 Teachers in primary schools deal with a wide range of issues every day This book helps teachers to understand those issues and how they fit in with recent government policies and initiatives Each chapter looks at relevant statements of policy or initiative how these statements fit into the context of specific schools the challenges they present for those involved in schools how schools can respond to these challenges learning across contexts Each chapter has been written by one practitioner and one academic and between them the chapters cover the whole range of Australian primary schools **The Good Father** Mark O'Connell,2015-03-31 Fathering is one of the most basic and profound human activities Yet in addition to its many joys fatherhood is often freighted with longing sadness anger and misunderstanding Most of us men and women alike are acutely aware of how difficult it is to father well year after year until and even after children are grown At the same time the essential relationships between men and women and their children are under stress these days as never before subject to the pressures of work money divorce remarriage and adoption As a result many fathers struggle with deep uncertainties about their parenting abilities Meanwhile society s definitions of masculinity appear ever more fluid negotiable and unreachable in today s media saturated culture which endlessly exposes men and women to a stream of images celebrating violence war hypermasculinity athletic ability corporate competition alternative life styles metrosexuality and triumphant materialism Who men might rightfully ask are we expected to be Do various pop cultural definitions of masculinity really reflect what it is to be a man What in men s true natures helps them be good fathers Can aggression be useful What masculine traits do fathers need to guard and guard against How do men love their children and how is being a father very different from and no less essential than being a mother And how can women understand how men experience

fatherhood This is the rich social reality that Dr Mark O Connell a psychotherapist and father of three addresses in his provocative brilliant and wise book Drawing on both his professional case histories and personal experience O Connell describes the internal conflicts that many men feel about the difficulties of being a father but which they are often unable to discuss easily Such issues include questions about authority discipline intimacy physical contact and sexuality In ways that are distinctly masculine O Connell says fathers communicate standards insist on respect for others instigate necessary confrontations and even engage in the kind of rough and tumble play that enlivens the developing neural structures in a child's brain O Connell contends that fathers play a crucial role in conveying the rules expectations and inevitabilities of life and he describes how men can help their families by understanding and embracing their own masculinity Men are different from women and must be allowed to parent differently as well The Good Father however is not just a very readable book for fathers struggling to find their best selves in relation to their spouses and children Women will want to read The Good Father as well All men and women have complex and important relationships with their fathers whether or not those men were good fathers Dr O Connell reveals how men and women alike bring these relationships to their parenting and how we so often need to untangle these generational knots Filled with reassuring common sense The Good Father opens a path toward happier more satisfying relationships for the entire family while helping men become the good fathers they deeply want to be

Parent-Babble John Rosemond, 2012-10-09 Explains how parenting theories put forth since the 1970s have been wrong on such matters as self esteem adoption praise punishment and toilet training and advocates for a return to the parenting strategies of the 1950s and 1960s
