Units of Study for Teaching Reading Lucy Calkins, Kathleen Tolan, Julie Mooney, Kristin Smith, Alexandra Marron, 2015
The third grade units were written to support the crucial transition children make from learning to read to reading to learn. The opening unit Building a Reading Life launches your students' lives as upper elementary school readers. Children ramp up their reading skills by immersing themselves in within reach fiction books while working on word solving, vocabulary development, envisionment and prediction. The second unit Reading to Learn Grasping Main Ideas and Text Structures addresses essential skills for reading expository nonfiction such as ascertaining main ideas, recognizing text infrastructure, comparing texts and thinking critically as well as the skills for reading narrative nonfiction such as determining importance by using knowledge of story structure. The third unit Character Studies lures children into fiction books teaching them to closely observe characters, make predictions and sharpen their skills in interpretation. The final unit Research Clubs Elephants, Penguins and Frogs Oh My shows youngsters how to turn to texts as their teachers. Children work in clubs to gather, synthesise and organize information about animals and then use this information to seek solutions to real world problems. pearson.com
