Espinoza, James Riley Estep Jr., Shirley Morgenthaler, 2018-10-15 *Story Formation and Culture* brings together a myriad of scholars researchers and ministry leaders into conversation about how we can effectively nurture the spirituality of children Built around the three themes of story formation and culture this volume blends cutting edge research and insights with attention to how we can

bring theory into practice in our ministries with children The work of children s spiritual formation is often a marginalized component in the church s overall ministry This volume seeks to equip pastors leaders and scholars with cutting edge research and practices that effectively strengthen their ministries with children **Transforming Theological Education** Perry Shaw,2014-05-14 For several decades concern has been expressed about the need for greater integration and contextual significance in the curricular design of theological education In addition there has been a growing awareness of the role theological schools should play in strengthening the missional vision and practice of local churches Since 2008 the Arab Baptist Theological Seminary in Lebanon has been engaged in an ongoing experiment in the design and implementation of an integrated and contextually driven curriculum Drawing on lessons learned from this experience and from the wider discourse currently taking place in higher education Transforming Theological Education provides theoretical foundations and practical principles for purposeful curriculum design as well as tools for integrated and contextually significant learning in the classroom Reaching a Generation for Christ Richard R. Dunn,Mark H. Senter III,1997-03-05 Things have changed The Truth has not The 1950 s are gone forever The days of the Sunday school attendance award and the much loved Sunday school picnic have faded into oblivion Yet some youth ministries still operate as if today s kids are living in a vacuum unaffected by the changing morals of today s society How can we reach these kids with the truth of the gospel More than fifty of America s youth experts give advice and encouragement to those who long to see this generation know the love of Christ They help readers think through their philosophies of youth ministry break down barriers that impede progress and maximize their own gifts and the gifts of those who work with them They answer tough questions such as How can leaders build a relational youth ministry How can we find and support volunteers What are the issues women face in youth ministry How do we minister in ethnic communities How should we respond to popular culture How can we help hurting adolescents You can have a vibrant youth ministry even in these uncertain times You can reach this generation for Christ **Walk with Y'shua Through the Jewish Year** Janie-Sue Wertheim,Kathy Shapiro,1998 Describes the important Jewish holidays from the point of view of Jesus Y shua and the New Testament Evangelism Remixed Dave Rahn,Terry D. Linhart,2009-08-08 One of the primary goals of a youth ministry is to help students learn to share their faith with people in their lives However evangelism often proves to be one of the toughest parts of student ministry But evangelism and teenagers don t have to be mutually exclusive terms After two years of intense research visiting the most effective youth ministries in the country youth ministry veterans Dave Rahn and Terry Linhart offer youth workers tools to help develop students whose faith is courageous and contagious In this thought provoking yet practical book youth workers will be reminded of the importance of helping students develop to the point where they naturally influence others for Christ in their everyday lives Evangelism Remixed offers principles that enable youth workers to evaluate their ministry s evangelism effectiveness and provides step by step tools to help them put the concepts into real life practice including the importance of the role of adults as mentors and

incorporating prayer into the process **Generation to Generation** Wayne Rice, 2010 In this practical book author parent and youth ministry expert Rice challenges parents to enjoy their roles as the primary spiritual caregivers for their children and provides fun effective and easy to use ideas to help strengthen faith and knowledge through family life
