Bridging Theory and Practice in Teacher Education, 2007-01-01 This book addresses both the concerns of teacher candidates and their misconceptions about the relation of theory and practice in education The contributors to this volume share the belief that theories provide teachers with a frame of reference and a language with which to name and critically analyze many of the problems they face daily The significance of theory is in its ability to define the problems that teachers face clarify their confusions and suggest possible solutions to these problems Once educational theories are viewed as guides to thought and instruments of interpretation rather than as established facts it becomes clear that they cannot simply be plugged into a particular classroom Instead a theory must be applied in more nuanced and contextual ways taking into account the social historical context in which it was created as well as the various particulars of each classroom situation Experienced educators and scholars in the field have been recruited to write essays that speak to the relevance of different theories in philosophy psychology sociology English history science art technology and multiculturalism for the practice of teaching This book would appeal to teacher educators teacher candidates and teachers in general

Reflective Theory and Practice in Teacher Education Robyn

Brandenburg, Kathryn Glasswell, Mellita Jones, Josephine Ryan, 2017-03-30 This book offers a detailed examination of reflective practice in teacher education In the current educational context where reflective practice has been mandated in professional standards for teachers in many countries it analyses research based evidence for the power of reflective practice to shape better educational outcomes The book presents multiple theoretical and practical views of this often taken for granted practice so that readers are challenged to consider how factors such as gender and race shape understandings of reflective practice Documenting approaches that enhance learning the contributions discuss reflective practice across the globe with a focus on pre service in service and university teachers At a time when there is pressure to measure teachers work through standardised tests the book highlights the professional thinking that is integral to teaching and demonstrates ways it can be encouraged in beginning teachers Aimed at the international community of teacher educators in schools and universities it also includes a critical examination of methodological issues in analysing and evaluating reflective practice and showcases the kind of reflective practice that empowers teachers and pre service teachers to make a difference to students
