Teaching Your Child Concentration:

Teaching Your Child to Read Jessica Wang, Lu Jun, 2022-02-01 Is your young child often disinterested in the books you bring home for them Do you wish they would develop a love for reading that they could take into middle school and beyond Some children love reading requesting the same books over and over again and giggling with delight each time while others simply despise sitting down for story time What makes the difference in these two types of children No child is born knowing how to read so where does their interest come from How do you encourage it Like eating and drinking reading is a daily necessity for every child Parents should consciously guide and conform to their children s interest in reading with appropriate reading materials whenever possible Books should take priority over watching television and playing video games Professional and systematic training can help children start to love reading maintain good reading habits and improve their reading ability *Teaching Your Child to Read* is a guide book for parents looking to get their children ages 3 to 6 interested in reading It explains how to help children cultivate reading ability step by step as well as answers the questions of Why should I and How do I when it comes to specific exercises Tools parents will learn to use in their efforts include interval questioning object comparing emotional contrasting plot mapping and more *Teaching Your Child to Love Learning* Judy Harris Helm, Stacy M. Berg, Pamela Scranton, 2004-04-10 The project approach has long been a tremendous tool for educators working with young children This is not an activity book but a book about doing in depth investigations about topics that interest your child and you The project approach stimulates your child s curiosity shows the advantages of learning academic skills such as reading writing and math and helps you build a strong relationship with your child as you share the adventure of learning together In this book we have adapted the approach to show parents grandparents and other caregivers how to do meaningful and exciting projects at home Featuring many photos of children doing project work this book thoroughly explains the benefits to both you and your child of doing projects together Ideas are given for transforming your home into a place to learn including guidance for collecting and storing materials making time for projects and documenting your child s work Seven complete examples of at home projects are shared Chapters also show you how to coach your child to build skills for reading and writing mathematical development scientific thinking and more Direction is also provided for adapting the project approach for use in family child care centers home schooling and gifted education *Discipline Your Child* Laxmi Mitra, 2012-02-03 UNLEASH THE POTENTIAL OF YOUR CHILD THROUGH DISCIPLINE Every parent guardian or individual must have this book *Discipline Your Child* is a book that encompasses the ABCs of discipline its meaning and importance It is a step by step guide that teaches parents how to instill discipline in their child A child must possess certain values attitudes or skills for him to be successful in life Each is thoroughly explained and a step by step guide is provided for the implementation Many true to life experiences are shared Knowing your child s learning style and learning how to motivate him is an essential part in the growth process Also parents may experience several problems when instilling discipline Every

problem is explained and a possible solution is presented Once you have embarked on the discipline process you will see some transformation in your child's behavior Your child's potential will slowly be unleashed Initially the improvement may be slow After some time you will see the transformation of your child's behavior Over time he will learn to be responsible and independent This will help him become a successful person Teacher Laxmi the author went through her own process of being disciplined She tried to understand what her students were experiencing and wanted to experience the same thing In the process she grew as a person She became more responsible and independent After discovering the discipline process she realized that it was important for her to share her experiences with everyone Happy Reading

You, Your Child and Music Barbara Schneiderman,2011-08-05 Pianist author lecturer and beloved teacher Barbara Schneiderman shows how parent and child can come together around the joys of making music This book is both playful and profound clearly describing how to engage and transform children of all ages into lovers of music listening and performing Chapters range from ways to inspire beginning students to detailed analysis of music theory and composition They reflect the

author's remarkable career which began when she performed on the radio at age 11. An admiring listener recommended her to Sydney Foster, the first of several renowned teachers including Horazio Frugoni, Walter Piston, and Aube Tzerko. She conducted a Musical Nursery for the children of graduate students in the living room of her married student apartment at Harvard. She went on to provide private lessons to award-winning students in both the Suzuki and traditional systems. Her master classes were in great demand around the country. Barbara gained degrees from Harvard, the Royal Academy in London, and the University of California San Diego and enjoyed a long career of amateur and professional chamber music recitals. An earlier book, *Confident Music Performance: The Art of Preparing*, is considered a classic in the field.

How to Teach Your Baby to Read Glenn Doman, Janet Doman, 2014-02-05 OVER 13 MILLION COPIES SOLD Time and again the work performed at The Institutes for the Achievement of Human Potential has demonstrated that children from birth to age six are capable of learning better and faster than older children. *How To Teach Your Baby To Read* shows just how easy it is to teach a young child to read while *How To Teach Your Baby Math* presents the simple steps for teaching mathematics through the development of thinking and reasoning skills. Both books explain how to begin and expand each program, how to make and organize necessary materials, and how to more fully develop your child's reading and math potential. *How to Give Your Baby Encyclopedic Knowledge* shows how simple it is to develop a program that cultivates a young child's awareness and understanding of the arts, science, and nature; to recognize the insects in the garden; to learn about the countries of the world; to discover the beauty of a Van Gogh painting; and much more. *How To Multiply Your Baby's Intelligence* provides a comprehensive program for teaching your young child how to read, to understand mathematics, and to literally multiply his or her overall learning potential in preparation for a lifetime of success. The Gentle Revolution Series. The Institutes for the Achievement of Human Potential has been successfully serving children and teaching parents for five decades. Its goal has been to significantly improve the intellectual, physical, and social development of all children. The groundbreaking methods and techniques of The Institutes have set the standards in early childhood education. As a result, the books written by Glenn Doman, founder of this organization, have become the all-time best-selling parenting series in the United States and the world.
