Lincoln, Inc. Jackie Hogan, 2011-10-16 Lincoln Inc is an engaging examination of the uses and abuses of the sixteenth president's image in America today Whether in political campaigns blockbuster films school pageants or soft drink advertisements the use of the Lincoln image reveals who we think we are as a nation and who we wish we could be **Joliet** Marianne Wolf, 2006 Joliet once was a lush prairie bordered with scenic bluffs along the Des Plaines River In the late 19th century settlers and a large influx of Eastern European immigrants arrived transforming the area into a bustling industrial community of steel limestone manufacturing and transportation In the 20th century Joliet transformed itself from an industrial hub to a destination of entertainment and tourism Tourism thrives as people visit the National Hot Rod Association drag strip NASCAR track two casinos the JackHammers minor league baseball team and baseball stadium a water park the historical museum and library Joliet depicts the rich cultural heritage impressed on the city and shows how the people lived and worked together earning Joliet the title of All American City in 1955 by the National Municipal League and Look magazine *Coming for to Carry Me Home* J. Michael Martinez, 2011-12-22 Coming for to Carry Me Home examines the history of the politics surrounding U S race relations during the half century between the rise of the abolitionist movement in the 1830s and the dawn of the Jim Crow era in the 1880s J Michael Martinez argues that Abraham Lincoln and the Radical Republicans in Congress were the pivotal actors albeit not the architects that influenced this evolution To understand how Lincoln and his contemporaries viewed race Martinez first explains the origins of abolitionism and the tumultuous decade of the 1830s when that generation of political leaders came of age He then follows the trail through Reconstruction Redemption and the beginnings of legal segregation in the 1880s This book addresses the central question of how and why the concept of race changed during this period **1864** Charles Bracelen Flood, 2009-02-03 In a masterful narrative historian and biographer Charles Bracelen Flood brings to life the drama of Lincoln's final year in which he oversaw the last campaigns of the Civil War was reelected as president and laid out his majestic vision for the nation's future in a reunified South and in the expanding West In 1864 Lincoln at the Gates of History the reader is plunged into the heart of that crucial year as Lincoln faced enormous challenges The Civil War was far from being won as the year began Lincoln had yet to appoint Ulysses S Grant as the general in chief who would finally implement the bloody strategy and dramatic campaigns that would bring victory At the same time with the North sick of the war Lincoln was facing a reelection battle in which hundreds of thousands of Peace Democrats were ready to start negotiations that could leave the Confederacy as a separate American nation free to continue the practice of slavery In his personal life he had to deal with the erratic behavior of his wife Mary Todd Lincoln and both Lincolns were haunted by the sudden death two years before of their beloved eleven year old son Willie 1864 is the

story of Lincoln's struggle with all this the war on the battlefields and a political scene in which his own secretary of the treasury Salmon P Chase was working against him in an effort to become the Republican candidate himself The North was shocked by such events as Grant's attack at Cold Harbor during which seven thousand Union soldiers were killed in twenty minutes and the Battle of the Crater where three thousand Union men died in a bungled attempt to blow up Confederate trenches The year became so bleak that on August 23 Lincoln wrote in a memorandum This morning as for several days past it seems exceedingly probable that this Administration will not be reelected But with the increasing success of his generals and a majority of the American public ready to place its faith in him Lincoln and the nation ended 1864 with the close of the war in sight and slavery on the verge of extinction 1864 presents the man who not only saved the nation but also despite the turmoil of the war and political infighting set the stage for westward expansion through the Homestead Act the railroads and the Act to Encourage Immigration As 1864 ends and Lincoln reelected is planning to heal the nation John Wilkes Booth whose stalking of Lincoln through 1864 is one of this book's suspenseful subplots is a few weeks away from killing him

Analyzing Strategic Rivalries in World Politics William R. Thompson, Kentaro Sakuwa, Prashant Hosur Suhas, 2021-11-20

Strategic rivalries are contests between states that view one another as threatening competitors and treat each other as enemies A disproportionate amount of interstate conflict is generated by a relatively small number of these pairs of states engaged in rivalries that can persist for years Thus to understand interstate peace and conflict it is useful to know how rivalries work in general and more specifically In the past two decades a strenuous effort has been mounted to introduce the concept of rivalry and demonstrate its utility in unraveling conflict situations Yet all rivalries are not exactly alike We need to move to a more rewarding differentiation of how they differ in general Principal rivalries are those antagonisms that are most significant to the decision makers in a state The main distinction on issues about which rivals dispute are positional and spatial concerns Positional rivalries contend over regional and global influence Spatial rivals contend over which state deserves to control disputed territory Interventionary rivalries predominate in sub Saharan Africa Their primary focus involves neighboring states attempting to influence who rules and how co ethnics are treated This book updates the inventory of strategic rivalries from 1816 to 2020 Principal rivalries are identified for the first time and cover the same period A theory stressing the two main types of rivalry positional and spatial is elaborated and tested Regional variations on the origins and terminations of spatial rivalry are explored and interpreted In addition attention is paid to fluctuations in the intensity of positional rivalries by examining the working of the contemporary major power triangle United States Soviet Union Russia and China and more generally the dynamics of regional power that are rising in terms of their relative capability and status in the system Variations in cooperation and termination dynamics both in general and according to rivalry type are also examined Overall the emphases of the book are split between demonstrating the utility of distinguishing among rivalry types and examining selected rivalry dynamics
