Elliott, 2013 The contested nature of sustainable development is explored through a detailed consideration of changing ideas and practices within environmentalism and development thinking The Illusion of

Progress Alexander Gillespie, 2014-05-14 Is sustainable development a charade sold to an increasingly misled public This book presents a wide ranging penetrating critique of sustainability and what it actually means The author argues that despite the rhetoric of socially and environmentally sustainable development and the ever increasing number of legislative environmental policies the real issues such as consumption population growth and equity are either sidestepped or manipulated in international policy and law Analyzing the main areas of concern economic growth market structure trade aid debt security and sovereignty he shows that the entire development structure and the underpinnings of the debate are leading down quite a different path to that intended by sustainability *Intelligence Analysis and Assessment* David Charters, Stuart Farson, Glenn P. Hastedt, 2013-11-05 These essays cover assessment systems now in place in Britain the USA Germany and Australia the bureaucratic dynamics of analysis and assessment the changing ground in intelligence and the impact of new technologies and modes of communication on intelligence gathering and analysis *Sustainable Development* David Reid, 2013-11-05 Sustainable development is the catchphrase of the 1990s Governments around the world international institutions local organizations and NGOs have committed themselves to its principles and have adopted policies to promote it But sustainable development is difficult to define let alone implement and its proponents and advocates may all interpret it in very different ways This introductory guide provides a clear and accurate account of what sustainable development actually is David Reid gives an overview of the history of the concept and how it has evolved in recent years describes the obstacles to achieving sustainable development and looks at recent progress towards implementing it and at how much we have still to do **A Research Agenda for the Social Impacts of Tourism** Robin Nunkoo, Thanika D. Juwaheer, Siamak Seyfi, 2024-04-12 This timely Research Agenda explores the crucial need to understand the social impact of tourism in order to manage industry growth sustainably Highlighting the multifaceted nature of tourism chapters uncover the intricate relationships between tourists and host communities and investigate this complex social fabric **Perspectives on European Development Cooperation** Olav Stokke, Paul Hoebink, 2012-10-12 Events of the past twenty years including the Cold War and the War on Terror have meant that the environments of international development co operation have changed extensively with dramatic consequences for development policies and North South relations in general Perspectives on European Development Cooperation takes stock of such changes describing and analyzing the new European development agenda including the role of the European Union Essays by prominent authorities in the field examine the development policies of individual donor countries and focus on the principles and objectives governing aid strategies and the performances of these policies This book will be of interest to students of development studies and those involved in determining development policy **Current Issues in Business Ethics** Peter W. F. Davies, 2016-01-08 Current Issues in Business Ethics analyzes the questions which underlie business activities arguing that the prime object for a legitimate business must be sustainability It also looks at the issues between individuals and business and asks whether businesses can

support their employees as an alternative to family and church Finally it assesses the impact of most recent trends in business looking at the activities of multinational companies the changing gender balance privatization the loss of power of the trade unions
