The Guest From The Future:

The Guest from the Future György Dalos, 2000-09-25 There were tragic consequences however The Soviet authorities thought Berlin was a British spy and Akhmatova who was never a dissident became an ideological enemy Until her death in 1966 the KGB persecuted her and her family Akhmatova was convinced that her meeting with Berlin had inadvertently started the Cold War yet she remembered it gratefully and it inspired some of her finest love poems Jacket **Isaiah Berlin** Michael Ignatieff, 1999-10-15 Now in paperback the landmark biography of the preeminent liberal thinker of our time from celebrated social critic Michael Ignatieff of photos **The Square and the Tower** Niall Ferguson, 2019-01-22 The instant New York Times bestseller A brilliant recasting of the turning points in world history including the one we re living through as a collision between old power hierarchies and new social networks Captivating and compelling The New York Times Niall Ferguson has again written a brilliant book In 400 pages you will have restocked your mind Do it The Wall Street Journal The Square and the Tower in addition to being provocative history may prove to be a bellwether work of the Internet Age Christian Science Monitor Most history is hierarchical it s about emperors presidents prime ministers and field marshals It s about states armies and corporations It s about orders from on high Even history from below is often about trade unions and workers parties But what if that s simply because hierarchical institutions create the archives that historians rely on What if we are missing the informal less well documented social networks that are the true sources of power and drivers of change The 21st century has been hailed as the Age of Networks However in *The Square and the Tower* Niall Ferguson argues that networks have always been with us from the structure of the brain to the food chain from the family tree to freemasonry Throughout history hierarchies housed in high towers have claimed to rule but often real power has resided in the networks in the town square below For it is networks that tend to innovate And it is through networks that revolutionary ideas can contagiously spread Just because conspiracy theorists like to fantasize about such networks doesn t mean they are not real From the cults of ancient Rome to the dynasties of the Renaissance from the founding fathers to Facebook *The Square and the Tower* tells the story of the rise fall and rise of networks and shows how network theory concepts such as clustering degrees of separation weak ties contagions and phase transitions can transform our understanding of both the past and the present Just as *The Ascent of Money* put Wall Street into historical perspective so *The Square and the Tower* does the same for Silicon Valley And it offers a bold prediction about which hierarchies will withstand this latest wave of network disruption and which will be toppled **How to Create Heart-Based Hospitality: The Future of the Hotel Hospitality Experience** Peter McAlpine, This book shows hoteliers how to create a spirit of hospitality that is impossible to create with the globally pervasive standards manual based concept of SOP Customer Satisfaction Heart Based Hospitality is an energetic and spiritual concept of hospitality and it provides a completely new direction in hospitality It is based on creating an ever increasing spirit of unconditional love Metta loving kindness compassion and heart warming care which are the forgotten

essence of hospitality By working with energy especially heart energy and by developing the spiritual capacity of the staff you can create limitless levels of spiritual and energetic hospitality far above the traditional SOP Customer Satisfaction ceiling As you develop Heart Based Hospitality you can increase the softness gentleness loving kindness compassion and heart warming care of the staff and the energetic warmth of the hospitality without limit Heart Based Hospitality is a concept and a direction that enables the spirit of hospitality to evolve energetically and spiritually It will revolutionise the hospitality industry I call the level Heart Based Hospitality because it is created by working with human energy especially with the energy of the heart by developing the heart s intelligence by increasing heart coherence so as to open the heart to experience ever stronger emotions of love and by developing spiritual capacity which increases the desire to show unconditional love Metta loving kindness heart warming care and compassion from the heart The future hospitality experience will be energetic and spiritual Hotels in the future will also use heart field energy techniques to change the energetic vibration of the hotel staff the guests and spaces They will also infuse spaces facilities and guest accommodation with pleasant feeling energy through specific meditations I have written the book in order to bring about a revolution of change in the hotel industry The book shows hotels how to implement and develop the process of creating Heart Based Hospitality Part 1 the Introduction to the book explains what the book is about Go to this link http://heartbasedhospitality.com/page_id_57800 New York to Hong Kong in Two Hours! the Future of Aviation Fred Broussard,2012-12 A new superfast space plane that skirts the edge of space inbound on a two hour jaunt to Hong Kong collides with a satellite Metals groan as if in pain The aircraft slowly overturns Suddenly the emergency floor lights extinguish All manner of objects bounce and sail though the cabin In the darkness some debris strikes passengers Screams of injury join shouts of terror Various tourists claw at their restraints freed they fall away into darkness Bounding travelers kick and swing their arms scratching the bodies of other sightseers Indescribable howls fill the fuselage Deafening hysterical shrieks eject from every throat One clear horrified voice rises above the others GOD GOD OH GOD The terrified screamer could be male or female extreme fear reshapes the shouter s larynx This is the ultimate roller coaster ride The grinding metal begins to sound musical like the screech of an electric guitar The space plane lurches into the vastness of the stellar realm With fuel exhausted and onboard life gases spewing from its hull the space plane drifts and twists through space The vacationer s eyes bulge as they await catastrophe Passengers draw lots to determine who will be among those saved but unlike the Titanic in New York to Hong Kong in Two Hours there are no deferrals for women and children *The Columbia Guide to the Literatures of Eastern Europe Since 1945* Harold B. Segel,2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the

guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers

The Zhivago Affair Peter Finn, Petra Couvée, 2015-04-28 The Zhivago Affair is the dramatic never before told story drawing on newly declassified files of how a forbidden book became a secret CIA weapon in the ideological battle between East and West In May 1956 an Italian publishing scout went to a village outside Moscow to visit Russia's greatest living poet Boris Pasternak He left carrying the manuscript of Pasternak's only novel suppressed by Soviet authorities From there the life of this extraordinary book entered the realm of the spy novel The CIA published a Russian language edition of Doctor Zhivago and smuggled it into the Soviet Union Copies were devoured in Moscow and Leningrad sold on the black market and passed from friend to friend Pasternak's funeral in 1960 was attended by thousands who defied their government to bid him farewell and his example launched the great tradition of the Soviet writer dissident First to obtain CIA files providing proof of the agency's involvement Peter Finn and Petra Couvée take us back to a remarkable Cold War era when literature had the power to stir the world With 8 pages of black and white illustrations

Cold War Cultures Annette Vowinckel, Marcus M. Payk, Thomas Lindenberger, 2012 The Cold War was not only about the imperial ambitions of the super powers their military strategies and antagonistic ideologies It was also about conflicting worldviews and their correlates in the daily life of the societies involved The term Cold War Culture is often used in a broad sense to describe media influences social practices and symbolic representations as they shape and are shaped by international relations Yet it remains in question whether or to what extent the Cold War Culture model can be applied to European societies both in the East and the West While every European country had to adapt to the constraints imposed by the Cold War individual development was affected by specific conditions as detailed in these chapters This volume offers an important contribution to the international debate on this issue of the Cold War impact on everyday life by providing a better understanding of its history and legacy in Eastern and Western Europe

In Exile Jessica Dubow, 2020-11-12 In In Exile Jessica Dubow situates exile in a new context in which it holds both critical capacity and political potential She not only outlines the origin of the relationship between geography and philosophy in the Judaic intellectual tradition but also makes secular claims out of Judaism's theological sources Analysing key Jewish intellectual figures such as Walter Benjamin Isaiah Berlin and Hannah Arendt Dubow presents exile as a form of thought and action and reconsiders attachments of identity history time and territory In her unique combination of geography philosophy and some of the key themes in Judaic thought she has constructed more than a study of interdisciplinary fluidity She delivers a striking case for understanding the critical imagination in spatial terms and traces this back to a fundamental if forgotten exilic pull at the heart of Judaic thought

The Modern Movement John Gross, 1992 Twelve authors from W B Yeats to Franz Kafka and how the TLS reacted to their work on its first appearance and something of how it has come to be viewed in retrospect
