Malcolm Errington, 2011-08-26 A History of the Hellenistic World provides an engaging look at the Macedonian monarchies in the period following the reign of Alexander the Great and examines their impact on the Greek world Offers a clearly organized narrative with particular emphasis on state and governmental structures Makes extensive use of inscriptions in translation to illustrate the continuing vitality of the Greek city states prior to the Roman conquest Emphasizes the specific Macedonian origins of all active participants in the creation of the Hellenistic world Highlights the relationships between Greek city states and Macedonian monarchies **The Hellenistic World** Peter Thonemann, 2016-01-14 Coinage is one of our key sources for the rich and fascinating history of the Hellenistic world 323 31 BC This book provides students of the period with an up to date introduction to Hellenistic gold silver and bronze coins in their cultural and economic contexts It also offers new perspectives on four major themes in contemporary Hellenistic history globalisation identity political economy and ideology With more than 250 illustrations and written in a lucid and accessible style this book sheds new light on the diverse and multicultural societies of the Hellenistic world from Alexander to Augustus The author assumes no prior knowledge of Hellenistic history and all Greek and Latin texts are translated throughout

The Hellenistic World from Alexander to the Roman Conquest M. M. Austin, 2006-07-06 The Hellenistic period began with the considerable expansion of the Greek world through the Macedonian conquest of the Persian empire and ended with Rome becoming the predominant political force in that world This new and enlarged edition of Michel Austin's seminal work provides a panoramic view of this world through the medium of ancient sources It now comprises over three hundred texts from literary epigraphic and papyrological sources which are presented in original translations and supported by introductory sections detailed notes and references chronological tables maps illustrations of coins and a full analytical index The first edition has won widespread admiration since its publication in 1981 Updated with reference to the most recent scholarship on the subject this new edition will prove invaluable for the study of a period which has received increasing recognition *A Companion to the Hellenistic World* Andrew Erskine, 2008-04-15 Covering the period from the death of Alexander the Great to the celebrated defeat of Antony and Cleopatra at the hands of Augustus this authoritative Companion explores the world that Alexander created but did not live to see Comprises 29 original essays by leading international scholars Essential reading for courses on Hellenistic history Combines narrative and thematic approaches to the period Draws on the very latest research Covers a broad range of topics spanning political religious social economic and cultural history *The Hellenistic World* Daniel Ogden, 2002-12-31 The history of the hellenistic world has long been more popular than has widely been realized This volume seeks to contribute to that popularity Here are fourteen new perspectives on the period from a distinguished and international group of scholars Their varied papers are grouped together around five themes Structure and System King and Court Family and Kinship Landscape and People Art and Image The book is conceived

as a sister volume to CPW's successful *Archaic Greece: New Approaches and New Evidence* edited by Nick Fisher and Hans van Wees 1998 *The Hellenistic World and the Coming of Rome* Erich S. Gruen, 1986-09-25 In this revisionist study of Roman imperialism in the Greek world Gruen considers the Hellenistic context within which Roman expansion took place. The evidence discloses a preponderance of Greek rather than Roman ideas, a noteworthy readiness on the part of Roman policymakers to adjust to Hellenistic practices rather than to impose a system of their own. *Alexander And The Hellenistic World* C. Bradford Welles, 1970 *Alexander And The Hellenistic World* was originally published by Edgar Kent **The Hellenistic World** Peter Thonemann, 2015 An accessible, vivid and up-to-date student-level introduction to the coinage and history of the Hellenistic world 323-31 BC *A Social and Cultural History of the Hellenistic World* Gillian Ramsey Neugebauer, 2024-12-12 Explore the detailed and personal stories of real people living throughout the Hellenistic world. In *A Social and Cultural History of the Hellenistic World*, author Gillian Ramsey Neugebauer paints a vivid picture of the men and women of the Hellenistic period, their communities, and their experiences of life. Assuming only minimal knowledge of classical antiquity, this clear and engaging textbook brings to life the real people who lived in the Mediterranean region, the Balkans, around the Black Sea, across North Africa, and the Near East. Rather than focusing on the elites, royals, and other significant figures of the period, the author draws from a wide range of ancient evidence to explore everyday Hellenistic people in their own context. Reader-friendly chapters offer fresh perspectives on well-studied areas of ancient Greek culture while providing new insights into rarely discussed aspects of day-to-day life in the Hellenistic world. Topics include daily technology, food, clothing, housing, travel, working life, slavery, education, temple economies, and more. Containing numerous references, further readings, photographs, and figures, *A Social and Cultural History of the Hellenistic World* is an excellent textbook for undergraduate and graduate courses in Ancient History or Classical Studies programs, particularly those dedicated to Hellenistic history. *War in the Hellenistic World* Angelos Chaniotis, 2005-02-11 Exploiting the abundant primary sources available, this book examines the diverse ways in which war shaped the Hellenistic world. An overview of war and society in the Hellenistic world, it highlights the interdependence of warfare and social phenomena. Covers a wide range of topics, including social conditions as causes of war, the role of professional warriors, the discourse of war in Hellenistic cities, the budget of war, the collective memory of war, and the aesthetics of war. Draws on the abundance of primary sources available.
