Sloop Of War:

The Sloop of War, 1650-1763 Ian McLaughlan, 2020-01-31 A delight fulfills a long felt need to do justice to the smaller ships of war that did such sterling service for the sailing Royal Navy Ships in Scale This is the first study in depth of the Royal Navy's vital but largely ignored small craft In the age of sail they were built in huge numbers and in far greater variety than the more regulated major warships so they present a particular challenge to any historian attempting a coherent design history However for the first time this book charts the development of the ancillary types variously described in the 17th century as sloops ketches brigantines advice boats and even yachts as they coalesce into the single 18th century category of Sloop of War In this era they were generally two masted although they set a bewildering variety of sail plans from them The author traces their origins to open boats like those carried by Basque whalers shows how developments in Europe influenced English craft and homes in on the relationship between rigs hull form and the duties they were designed to undertake Visual documentation is scanty but this book draws together a unique collection of rare and unseen images coupled with the author's own reconstructions in line drawings and watercolor sketches to provide the most convincing depictions of the appearance of these vessels By tackling some of the most obscure questions about the early history of small boat rigs the book adds a dimension that will be of interest to historians of coastal sail and practical yachtsmen as well as warship enthusiasts Fascinating It combines a truly scholarly delivery with a lovely presentation History brought to life tomcunliffe com *Sloop of War* Alexander Kent, 1972 April 1778 English Harbour Antigua as the French enter the American War of Independence in earnest young Richard Bolitho is given his first command Sparrow a fast well armed fighting sloop at last he has the chance to prove his abilities as a junior captain but he faces other challenges too threats as real and deadly as the enemy itself *Sloop Of War* Alexander Kent, 2008-11-21 Multi million copy seller Alexander Kent brings us another rip roaring and riveting maritime page turner Fans of Patrick O Brian and C S Forester will not be disappointed Mr Kent is Forester's direct heir and is rapidly showing himself an equal in the genre Sunday Times C S Forester never wrote a more exciting novel than Alexander Kent New York Times Book Review A splendid yarn The Times A tale of angry passion envy and adventure Bookseller Boy is this good stuff Can hardly wait to pick up the next book Reader review The author knows how to keep the reader enthralled Reader review Hard to stop reading Reader review Couldn't put it down from start to finish Reader review 1778 a seminal year for the young Richard Bolitho The American War of Independence changes to an all out struggle for freedom from British rule and Bolitho takes command of the Sparrow a small fast and well armed sloop of war As the pace of war increases the Sparrow is called from one crisis to another and when the great fleets of Britain and France convene on the Chesapeake Bolitho has to throw aside the early dreams of his first command to find maturity in a sea battle that might decide the fate of a whole continent Bolitho's adventures continue in To Glory We Steer *The Brooklyn Navy Yard* Thomas F. Berner, 1999-11-01 Not much larger than a few city blocks 219 acres plus 72 acres of water the Brooklyn Navy Yard is one

of the most historically significant sites in America It was one of the U S Navy s major shipbuilding and repair yards from 1801 to 1966 It produced more than 80 warships and hundreds of smaller vessels At its height during World War II it worked around the clock employing some 70 000 people The yard built the Monitor the world s first modern warship the Maine whose destruction set off the Spanish American War the Arizona whose sinking launched America into World War II and the Missouri on whose deck World War II ended On June 25 1966 the flag at the Brooklyn Navy Yard was lowered for the last time and the 165 year old institution ceased to exist Sold to the City of New York for 22 4 million the yard became a site for storage of vehicles some light industry and a modest amount of civilian ship repair **The navies** Francis Trevelyan
