access to all of Julia's private letters and diaries takes us through her life from her exuberant youth as a high spirited California girl to her years at Smith College where she was at the center of every prank and party. When most of her girlfriends married, Julia volunteered with the OSS in India and China during World War II and was an integral part of this elite corps. There she met her future husband, the cosmopolitan Paul Child, who introduced her to the glories of art, fine French cuisine, and love. Theirs was a deeply passionate romance and a modern marriage of equals. Julia began her culinary training only at the age of thirty-seven at the Cordon Bleu. Later she roamed the food markets of Marseilles, Bonn, and Oslo. She invested ten years of learning and experimentation in what would become her first bestselling classic, *Mastering the Art of French Cooking*. Now her career is legend, spanning nearly forty years and still going strong. Generations love the humor and trademark aplomb that have made Julia a household name. Resisting fads and narrow fanatical conventions of health consciousness, Julia is the quintessential teacher. The perfect gift for food lovers and a romantic biography of a woman modern before her time, this is a truly American life.

From the tremendously rich variety of Print's Regional Design Annual winners, Print's editors have selected 200 superb applications of illustration and photography in a wide range of print communications for the latest in the Print's Best series. Because of the Regional Annual's dense format, these winning entries had to be shown small. This book provides the opportunity not only to show the pieces at a generous size, thereby enhancing their impact, but also to feature many of them along with related materials. Here we have brilliantly effective ads, editorial spreads, posters, book and magazine covers, direct mail packaging, and corporate publications, all of which use illustration or photography or a combination of the two as a central element in the design. Publishing companies account for about a third of the work shown here, including newspaper pages, magazine covers and spreads, and book covers. Print ads represent many different kinds of businesses among them: beverage, food, delivery service, window manufacturers, and sports equipment.

companies Posters promote arts festivals art schools seminars and movies and some do double duty as self promotion pieces for their creators Self promotion for photographers and illustrators runs the gamut from posters and direct mail pieces to printed ads Corporate publications for well known companies like IBM Kodak Adobe and Strathmore include capability brochures product promotions and of course annual reports The work shown covers the gamut of current illustrative and photographic techniques making the book an invaluable resource for anyone in the design field *Gegenwart* ,1996
