*Old Jewish Commentaries on the Song of Songs I* Joseph Alobaidi, 2010 The commentary of Yefet ben Eli the Karaite second half of the tenth century on The Song of Songs is example of an exegetical work obeying two imperatives The explanation of the divine message of Salvation mixed with the assiduous Karaite effort to prove wrong their adversaries the Rabbanites with the help of the Bible In so doing Yefet ben Eli wrote a thoughtful and original commentary on the very symbolic Song of Songs Indeed according to Yefet ben Eli nothing in the Book should be taken realistically The ability of Yefet to replace symbols by historical events is one of the many marks that show Yefet s mastery and the originality of his commentary

**Imperfect Leadership** Steve Munby, 2019-07-09 In Imperfect Leadership A book for leaders who know

they don't know it all Steve Munby eloquently reflects upon and describes a leadership approach that is strong on self awareness and positive about the importance of asking for help Foreword by Michael Fullan When asked to describe his own leadership style Steve uses the word imperfect This is not something he apologises for he feels imperfect leadership should be celebrated Too often we are given examples of leaders who are put on some kind of pedestal lauded as superheroes who have it all worked out and are so good at what they do that nobody else can come close This book is the antidote to that flawed perception Imperfect Leadership is an honest reflection upon leadership It is about Steve's journey covering his highs and lows and ultimately how he learned to refine and improve his leadership It is about messy trial and error butterflies in the stomach leadership and about thoughtful and invitational leadership and the positive impact it can have At the heart of the book are edited highlights of the 12 keynote speeches delivered to increasingly large audiences of school leaders between 2005 and 2017 These speeches delivered at the Seizing Success and Inspiring Leadership conferences form the structure around which Steve's story and insights are wrapped Steve's account covers some fundamental shifts in the English education system over this 12 year period and describes how school leaders altered their leadership as this context changed Furthermore it delves into how his own leadership developed as his personal context changed and explores how the notion that a leader needs to be good at all aspects of leadership is not only unrealistic but is also bad for the mental and physical health of leaders and will do nothing to attract new people into leadership positions Ultimately Steve hopes that as you read this book you will see the value of imperfect leadership and of the positive impact it can make For those reading it who have yet to step up into leadership his sincere wish is that it will encourage and empower aspirational leaders rather than discourage them Suitable for all those in or aspiring to leadership positions in education
