Sonnets Of Catharina Von Greiffenberg:

Sonnets of Catharina von Greiffenberg Flora Kimmich, 2020-05-01 This study presents interpretation and criticism of Catharina von Greiffenberg's Geistliche Sonnette 1662 with contrastive discussions of the process and structure of Gryphius sonnets. The author uses an eclectic method to explore the sonnets as viable poetic constructs. She arrives at new conclusions on the nature of the two poets' gifts and on the peculiarities and possibilities of the sonnet as a short lyric form. *Sonnets of Catharina von Greiffenberg* Flora Kimmich, 1975 **Women Writers in German-Speaking Countries** Elke P.

Frederiksen, Elizabeth G. Ametsbichler, 1998-02-28 Women have contributed to the literature of German speaking countries since the Middle Ages and they continue to write important works at the close of the 20th century. While research on texts by women writers in German speaking countries has increased substantially, most of these authors remain virtually unknown to English speaking scholars and students. The first work of its kind in English, this reference book contains alphabetically arranged entries for 54 Austrian, German, and Swiss women writers such as Hrotsvit von Gandersheim, Louise Aston, Elfriede Jelinek, and Erica Pedretti from the tenth century to the present day. Each entry includes a biography, a discussion of major themes, a survey of criticism, and a bibliography of primary and secondary sources. An introductory essay overviews the history of literature by women in German speaking countries, and an extensive bibliography concludes the volume. Women have actively shaped literature in German speaking countries from the Middle Ages to the present day. These authors continue to enrich the world of letters, and an increasing amount of scholarly attention is given to their writings. In spite of their contributions, however, most of these writers are virtually unknown to English speaking scholars and students. And though one of the explicit goals of feminist literary and cultural studies has been to provide a voice to a multitude of diverse authors, feminist research still seems to focus heavily on texts by authors such as Christa Wolf, Ingeborg Bachmann, and Bettina von Arnim, or on certain periods in 19th and 20th century German literature and culture. As a result, many other women authors have faded into obscurity. Through entries written by expert contributors, this reference book provides insights into the life and writings of 54 women authors from German speaking countries. Entries are arranged alphabetically to facilitate use, while an appendix lists the writers chronologically. Included are profiles of authors from the tenth century to the present day such as Hrotsvit von Gandersheim, Louise Aston, Elfriede Jelinek, and Erica Pedretti. Each entry includes a biography, a discussion of major themes and stylistic features, a survey of criticism, and a bibliography of primary and secondary sources. An introductory essay overviews the history of literature by women in German speaking countries and provides a theoretical context for the work, and an extensive bibliography of secondary sources concludes the volume.

Kennedy,2004-12-01 Drawing upon poststructuralist theories of nationalism and national identity developed by such writers as Etienne Balibar Emmanuel Levinas Julia Kristeva Antonio Negri and Slavoj Zizek noted Renaissance scholar William J Kennedy argues that the Petrarchan sonnet serves as a site for early modern expressions of national sentiment in Italy France England Spain and Germany Kennedy pursues this argument through historical research into Renaissance commentaries on Petrarch s poetry and critical studies of such poets as Lorenzo de Medici Joachim du Bellay and the Pl iade brigade Philip and Mary Sidney and Mary Wroth Kennedy begins with a survey of Petrarch s poetry and its citation in Italy explaining how major commentators tried to present Petrarch as a spokesperson for competing versions of national identity He then shows how Petrarch s model helped define social class political power and national identity in mid sixteenth century France particularly in the nationalistic sonnet cycles of Joachim Du Bellay Finally Kennedy discusses how Philip Sidney and his sister Mary and niece Mary Wroth reworked Petrarch s model to secure their family s involvement in forging a national policy under Elizabeth I and James I Treating the subject of early modern national expression from a broad comparative perspective The Site of Petrarchism will be of interest to scholars of late medieval and early modern literature in Europe historians of culture and critical theorists **The Reformation of Feeling** Susan C. Karant-Nunn,2012-10-18 Susan Karant Nunn argues that the 16th century Reformation movement sought not only to modify people s doctrinal convictions and their behavior but to root these changes in altered sentiment
