Sorcerer And Witch In Melanesia:

Sorcerer and Witch in Melanesia Michele Stephen, 1987 **Talking it Through** Miranda Forsyth, Richard Eves, 2015-05-05 Sorcery and witchcraft practices and beliefs are pervasive across Melanesia. They are in part created by and give rise to a wide variety of poor social and developmental outcomes. These include uneven economic development, low public health, lack of social cohesion, crime, fear, and insecurity. A further very visible problem is the attacks on men and women who are accused of being practitioners of witchcraft or sorcery, which can lead to serious bodily harm, banishment, and sometimes death. Today many communities, individuals, church organisations, and policymakers in Melanesia and internationally are exploring ways to overcome the negative social outcomes associated with witchcraft and sorcery practices and beliefs. This book brings together a collection of chapters written by a diverse range of authors, both Melanesian and non-Melanesian, providing crucial insights both into how these practices and beliefs are playing out in contemporary Melanesia and also the types of interventions that are being trialled or debated to address the problems associated with them.

Sorcery, Witchcraft and Christianity in Melanesia Franco Zocca, 2008 *Witchcraft, Sorcery, Rumors and Gossip* Pamela J. Stewart, Andrew Strathern, 2004 This book combines two classic topics in social anthropology in a new synthesis: the study of witchcraft and sorcery and the study of rumors and gossip. First, it shows how rumor and gossip are invariably important as catalysts for accusations of witchcraft and sorcery. Second, it demonstrates the role of rumor and gossip in the genesis of social and political violence, as in the case of both peasant rebellions and witch hunts. Examples supporting the argument are drawn from Africa, Europe, India, Papua New Guinea, Sri Lanka, and Indonesia. *The Witch* Ronald Hutton, 2017-08-01 This magisterial account explores the fear of witchcraft across the globe from the ancient world to the notorious witch trials of early modern Europe. The Guardian UK: The witch came to prominence and often a painful death in early modern Europe, yet her origins are much more geographically diverse and historically deep. In *The Witch*, historian Ronald Hutton sets the European witch trials in the widest and deepest possible perspective and traces the major historiographical developments of witchcraft. Hutton, a renowned expert on ancient, medieval, and modern paganism and witchcraft beliefs, combines Anglo-American and continental scholarly approaches to examine attitudes on witchcraft and the treatment of suspected witches across the world, including in Africa, the Middle East, South Asia, Australia, and the Americas, and from ancient pagan times to current interpretations. His fresh anthropological and ethnographical approach focuses on cultural inheritance and change while considering shamanism, folk religion, the range of witch trials, and how the fear of witchcraft might be eradicated. A panoptic, penetrating book. Malcolm Gaskill, London Review of Books. **The Anthropology of Morality in Melanesia and Beyond** John Barker, 2016-04-01 *The Anthropology of Morality in Melanesia and Beyond* examines how Melanesians experience and deal with moral dilemmas and challenges. Taking Kenelm Burridge's seminal work as their starting point, the contributors focus upon public situations and types of people that exemplify key ethical contradictions for members of moral

communities While returning to some classical concerns such as the roles of big men and sorcerers the book opens new territory with richly textured ethnographic studies and theoretical reviews that explore the interface between the values associated with indigenous village life and the ethical orientations associated with Christianity the state the marketplace and other facets of modernity A major contribution to the emerging field of the anthropology of morality the volume includes some of the most prominent scholars working in the discipline today including Bruce Knauft Joel Robbins F G Bailey Deborah Gewertz and Frederick Errington

Understanding Witchcraft and Sorcery in Southeast Asia C. W. Watson, R. F. Ellen, 1993-01-01 Witchcraft holds a perennial fascination for scholars and the public at large In Southeast Asia malign magic and sorcery are part of the routine experience of villagers and urban dwellers alike and stories appearing in the press from time to time bear witness to a persisting public concern The essays presented in this volume describe what people believe and what actions result from those beliefs Not surprisingly given the range and variety of cultures considerable differences exist in the region Among some cultures in Thailand and Indonesia for example sorcerers are said to possess spirits that empower them to cause illness and misfortune Elsewhere in Malaysia and Sumatra the power of the dukun derives from the accumulation of arcane knowledge and mystical practice Contributors describe the witches and sorcerers they have met and suggest both how their societies look upon them and how we in turn should regard them Understanding Witchcraft and Sorcery in Southeast Asia will appeal to scholars and students of social anthropology and comparative religion Its substantial contribution to theoretical and comparative issues in a Southeast Asian context provides a fresh perspective on a stimulating topic

The Palgrave Handbook of Anthropological Ritual Studies Pamela J. Stewart, Andrew J. Strathern, 2021-08-24 Ritual Studies have achieved prominence since the 1980s when interest in ritual as an object of inquiry was established bridging over a number of humanities and social science disciplines Both connected with religious studies and independent of it overlapping with social and cultural anthropology but also with history related to science and health practices and ranging across the life course to education Ritual Studies has come to encompass studies of change and dynamism in social life Rituals are determinate in form but not static They enunciate distinctive social values within specific contexts that frame them and they relate to the wider concerns and issues of their practitioners Due to this broad and wide ranging scope it is often difficult to find a single resource on Ritual Studies and even more so to find one which moves beyond the beginnings of anthropological theorizing to grapple with the present day contexts of ritual Bringing together recent ethnographies of ritual practice and ritualization from across the globe this Handbook provides case study of ritual in the light of Emotion and Cognition Identity Religious Power Performance and Literature Ecology and Ecological Disaster Media and other topics While each chapter provides a deep ethnography of a specific society ritual or ritualized practice each also engages with current theoretical and substantive approaches to the relevant topic The scholars collected here provide original synoptic and indicative pieces as guideposts and pathways through the complex varied and cross disciplinary and vast landscape of

scholarship that constitutes Ritual Studies today and points to developments in the future

From Primitive to Postcolonial in Melanesia and Anthropology Bruce Knauff, 2025-10-01 What have anthropologists taught us about Melanesia one of anthropology's most important and intensively studied world regions In this book Professor Bruce Knauff draws together and critically reanalyzes what we know about major features of Melanesian cultural history warfare and politics gender bodily practices and spirituality as discerned from more than a century of academic study From Primitive to Postcolonial in Melanesia and Anthropology is arguably the most comprehensive single reassessment of Melanesia as an ethnographic world area to have been published in several decades Written for students as well as professional scholars this work further broadens our understanding by analyzing the history of Melanesian ethnography and relating this history to the larger relationship between Melanesia as a contemporary world area and anthropology as a field of contemporary human study Bruce M Knauff is Professor of Anthropology Emory University and the author of three previous books as well as some thirty journal articles and chapters Knauff's interests span a wide range of issues in the anthropology of Melanesia and he is articulate with general issues of cultural theory and anthropological history

The Gift of Beauty Stephen David Ross, 1996-01-01 Traces the history of the idea of art as an ethical movement interpreting the good as nature's abundance giving rise to an ethics of inclusion expressed in art
