Todd Ferrier, 1906 *Russia and Western Man* Walter Schubart, 1950 **The Hindustan Review**, 1925 **The Japan Magazine**, 1913 *Mind*, 1898 **America**, 1916 *The Culture of the Soul Among Western Nations* P. Irāmanātan, 1906 *The East and the West* Sidney Lewis Gulick, 1963 **The Ethnicity Reader** Maria Montserrat Guibernau i Berdún, Montserrat Guibernau, John Rex, 2010-01-11 Drawing on a wide range of examples the selections included examine theories of nationalism and consider issues of ethnic integration and conflict in the USA China Britain Germany Quebec Scotland Galicia Catalonia Kurdistan Iran Iraq and Somaliland among other countries and regions The reader however does not confine itself to the study of nationalism Many of the selections deal with the role of ethnicity in groups which are not nationalist at all but for which ethnicity is an important factor in the process of migration The concept of ethnicity is therefore discussed both in relation to group rights in existing nation states and in relation to transnational communities in a globalized world **Cannabis** Lucas Richert, Jim Mills, 2021-08-03 Cannabis consumption commerce and control in global history from the nineteenth century to the present day This book gathers together authors from the new wave of cannabis histories that has emerged in recent decades It offers case studies from Africa Asia the Americas Europe and the Middle East It does so to trace a global history of the plant and its preparations arguing that Western colonialism shaped and disseminated ideas in the nineteenth century that came to drive the international control regimes of the twentieth More recently the emergence of commercial interests in cannabis has been central to the challenges that have undermined that cannabis consensus Throughout the determination of people around the world to consume substances made from the plant has defied efforts to stamp them out and often transformed the politics and cultures of using them These texts also suggest that globalization might have a cannabis history The migration of consumers the clandestine networks established to supply them and international cooperation on control may have driven much of the interconnectedness that is a key feature of the contemporary world
