Soul Taker:

Hāliš's Story of Ibrāhīm Hāliš,1975 *Stories for the Gathering* William R. White,1997 For gatherings large or small this new collection of Christian related stories assembled by a well known storyteller will capture the interest and imagination of any listener More than 50 traditional and contemporary stories are arranged by theme in a treasury to add depth and wonder to gatherings in the home and in church **The Shamanic Themes in Armenian Folktales** Michael Berman,2009-03-26 In Marxist anthropological theory shamanism represented one of the early forms of religion that later gave rise to more sophisticated beliefs in the course of human advancement The premise of Marxism was that eventually at the highest levels of civilization the sacred and religion would eventually die out Znamenski 2007 p 322 Though history has of course since disproved this the theory clearly had a great bearing on what was written in the former Soviet Union about shamanism and also on people s attitudes in the former Soviet Republics towards such practices On the other hand it has been suggested that all intellectuals driven by nationalist sentiments directly or indirectly are always preoccupied with searching for the most ancient roots of their budding nations in order to ground their compatriots in particular soil and to make them more indigenous Znamenski 2007 p 28 Although this might apply to searching for the roots of Christianity in Armenia when it comes to searching for the roots of pagan practices interest on the part of the people of Armenia is generally speaking not so forthcoming This impasse coupled with the effects of the repressions against religions including shamanism unleashed by the Soviet government between the 1930s and 1950s along with the recent surge of interest in the Armenian Orthodox church a backlash to the seventy years of officially sanctioned atheism makes research into the subject no easy business However hopefully this study will at least in some small way help to set the process in motion *A World of Stories for Preachers and Teachers* William J. Bausch,1998 an indispensable resource for homilists Cover back *Soul Taker #2* Thomas E. Sniegowski,Jeannine Acheson,2024-09-10 Amarantha is the last of her kind the Nehmer a race that fed upon the life forces of an unsuspecting humanity She has maintained a comfortable lifestyle for years by trading her blood and hair samples for funds from the mysterious Magnes Corporation Now Magnes wants more than blood and hair they want Amaranatha and will stop at nothing to get her Normally this would be her time to run to disappear but now it s about more than her She s not ready to leave Rosalie her only connection to the human world behind *The Quintessential Bard* Alejandro Melchor,Various,2003-07 For those not familiar with the Quintessential books this one kicks off with the Character Concepts chapter a range of simple templates designed to be applied to beginning characters to subtly alter the core class By taking a Character Concept a Bard will suffer a penalty in one area but gain a benefit in another this is primarily a roleplaying tool for players looking for a character who is a bit different from the normal run of the mill For example as a Bard you can now start as a Alderman Ambassador Artist Aspirant Cantor Explorer Law Keeper Lore Master Minstrel Naturalist not Naturist Skald Stormcrow Talespinner Trickster or Vagabond The Prestige Bard covers avenues players may wish to explore when they

come to specialise their Bard in one or more areas As a Bard increases in level he can choose to adopt the role of Dream Dancer Elder Grandmaster Jester Seneschal Singer of the Dawn Soul Taker World Singer or a combination of several The Tricks of the Trade chapter gives Bards cool things to do as I always describe it to our writers It kicks off with many new uses for skills such as using Gather Information to support Bardic Knowledge or Intimidate to bully Assisting Actions allows a Bard to use his music in a non magical manner to help others achieve their goals through Battle Hymns Chamber Music Folk Dance Harvest Songs Lullabies and Marching Songs all of which also permit a Bard to specialise in the kind of music he performs Finally Professions allows a Bard to ally his musical talent with public performances allowing him to adopt the roles of such things as Street Magicians Town Criers and Animal Charmers even if a player is not interested in pursuing such things and who doesn't want a few extra gold on the side then there is plenty of meat here for Games Masters to set urban scenes in their scenarios This is followed by Bardic Feats which allow a Bard to specialise in certain areas taking advantage of his innate talents He can choose to gain feats that allow him to Gossip learn Elven Dreamweaving become a Geographer or any one of 22 other feats Tools of the Trade begins by looking at the qualities of Masterwork Instruments leading into Invested Instruments the development of seemingly magical powers as a Bard forms a close bond with his instrument over time Magical Instruments are covered in depth with such items as the Chorus Harp and Rain Staff available while Exotic Items covers more mundane objects such as a Metronome and Magician's Chest Rules are also presented for Magical Crafts for those Bards looking to produce art more permanent than tale or song At the cost of a feat a Bard may create sanctified architecture magical candles enduring embroidery engravings of no little power glassblowings that can capture flame paintings that change appearance with the things they represent pottery that will never permit food to rot sculptures that can manifest voices and weavings that can make the lowest peasant seem noble Finally Magical Compositions represent lost items of Bardic lore that can be used by several performers to create castings that dwarf the abilities of a single Bard Of all the Tricks of the Trade chapters we have done in the past this is probably the greatest in scope The Power of Lore concentrates on the Bard's knowledge capabilities and gives extra guidelines in its use plus a few tips on circumstances in which its use may not always be obvious Using this chapter Bards can now find themselves far more intuitive able to predict the actions of enemies or even memorise far for information than most people will ever know The Mysteries of Music allow Bards to study their arts to far greater depth than has ever been possible before unlocking the great secrets of legends who have come before them There are 18 Mysteries detailed all relating to a certain type of performance the Great Harp for example or the Court Dance Once a Bard begins studying a mystery he gains the use new abilities that can be utilised through his music By learning the mystery of Epic Chants for example he may start by accomplishing the Strength of Ancestors which will boost the fortitude of those nearby As he grows in understanding and power he can turn this into Walking the Path of Legends unlocking the hero in a comrade in a fight against evil Sixteen new castings are presented in

Bard Spells of varying level These include the Eye of the Heart which permits him to automatically sense the location of hidden enemies and the Silver Voice which makes a Bard very persuasive to those he speaks to Once they have mastered the art of performing Bards can become very confident and when two meet each may be eager to prove their skill Bardic Duels allows them to decide who is the greatest and most skilled without resorting to violence or death Such duels as Magic Performance Riddles Rites and Steel are covered though the Bard had better be sure of his abilities as losing a duel can seriously hurt the purse Finally the Quintessential Bard wraps up with Venues allowing a high level Bard to create a centre for art and inspiration a theatre is one possibility though some travelling Bards make do with a street corner to practice their skills Full rules are given to develop a venue including its acoustics attributes location and resources with plenty of examples to guide a Bard to legendary renown This is all capped by an Index Rules Summary and a new Bardic character sheet
